JUDGE FOR YOURSELF.

Which is Better—Try an Experiment, or Profit By an Ashland Citizen's Experience?

Something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement come from home.

Easy to prove local testimony. Read this Ashland case: A. B. Scofield, 1087 North Main street, Ashland, Ore., says: "Doan's Kidney Pills gave me great relief from a bad attack of kidney disease. I am now free from all symptoms of the trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Scofield had. Foster-Milburn Co., Props., Buffalo, N. Y.
