CANDY AS A GIFT is an investment. Buy it as you would a bond. It is bought to show remembrance or regard. Its value depends alone on quality. OUR CANDY MAKES GOOD FOR US, IT WILL MAKE GOOD FOR YOU!

It's the way our candies are made that makes them "make good." Win Crowson makes them himself and he KNOWS just what goes into them. They have got to "make good" or he'll break his kite string.

Our chocolate creams are made of pure cane sugar, whites of strictly fresh eggs, the best flavors of true quality and purity the market affords, and are coated with "Stollwerck's," the chocolate coating recognized as the standard of all chocolate coverings. The workmanship is the very best our ability and experience can put into them. The result is the finished product that makes real friends wherever it goes. The appearance makes you want it as soon as you see it, and when you eat it, that velvety flowing cream, blended with the high-grade covering, has won your taste and your heart—it has "made good!"

Besides creams in a variety of flavors and two coatings, vanilla and bittersweet, we make chocolate-coated chewing nougat, caramels, molasses chips, mint wafers, and a variety of coated nuts.

In our assorted boxes you find a variety of each of these. And if there are any particular flavors or centers that appeal to you, we will be pleased to pack them up to your order. A large part of our trade is of the special order class, and it's appreciated on both sides.

Our windows give you an idea of what a "box of Crowson's" really is. We have more inside and will be pleased to show you.

In our Hard Goods, satin finish, you will find richly flavored centers of various kinds. They are crisp as soda crackers. Their beautiful shades are made from Burnett's certified vegetable colors, absolutely pure. The satin finish is produced by proper handling of the candy in making, and speaks for itself. These are a popular seller with us and we pack them to order any way you wish.

OTHER KINDS

of candy in large variety are here, made fresh. You will find them in almost endless variety to suit every taste. One quality—Crowson's.

THE KIDDIES

know good candy and deserve it, too. We have many kinds to please them, all made with the same care and pure materials. Let the candy that fills their little stockings be good candy—Crowson's.

You are always a welcome visitor to our candy kitchen. See them made.
