

Spring Hats Arrive

To dress your head—choose a hat that fits your personality.

Look for good style, good workmanship, good quality—Then, consider the reputation of its maker as an indication of the hat's probable good wear.

The Mallory fits each requirement,—and there's more being sold each year.

THERE is an air to a well-made hat that carries distinction. It forms a harmonious part in its wearer's good dress.

Mallory Hats

are just such hats. They are made as well as ninety years of hat-making experience can make them.

Mallory Hats not only look well but they are weather-proof, which makes them wear well.

And they meet the latest ruling of Fashion, in keeping with good taste.

Ashland High Wins From Klamath

Ashland high school walked away with two basketball games on Thursday and Saturday of last week. Both the girls' and boys' teams were successful against the Klamath Falls teams.

The first game resulted in a score of 11 to 2 in favor of the Ashland girls. Mae Skeen was the star of this contest, throwing two field goals and five out of nine fouls. Miss Leavitt got the two points for Klamath.

Coach Klum started his second team against the visitors and the second string boys held them down to a 7-7 score during the first half. The regulars were put in in the second period and proceeded to run the score up to 22 points while allowing the Klamath lads only 3 additional points. Final score 22 to 14. Fraley scored three baskets, Grisez two and Plymate and Delsman one each during the time they were in. Buck threw one basket and Harris threw five out of eight fouls while the second stringers were playing. The baskets were evenly divided among the Klamath men.

Saturday evening the Ashland girls were victors by an 8 to 5 score. The game was hard fought from whistle to whistle and the visiting girls put up a much better game than on the first evening. Eunice Grubb, who has been laid up with a bad ankle, got in for a few minutes at the end of the game. The lineup of the girls' team on both nights consisted of Skeen and Chappell, forwards; Gearhart and Eske, guards, and Bomar, center. The Klamath lineup was: Leavitt and Spink, forwards; Thomas, Beebe and Dews, guards, and DuFaut, center.

The locks played their first team throughout the second boys' game and Klamath did not have a show, but fought hard and proved themselves game losers. Fraley of Ashland had his eye with him for the first time this year and seemed able to hit them from anywhere. He scored eight field goals. Lilly got six and Grisez five. Noel, Beals and Page each threw two for the visitors. The home team is perfecting a system of bullet-like short passes and close guarding which should give them a good show against any team in the state, and the system will be tried to the limit when the husky lads from Roseburg play here tonight and Saturday. The crowds at the games are increasing every game played, and the games this week should bring out one of the monster crowds which made things interesting at the big games of the season in years gone by.

Phillips Writes of Basketball Trip

Walter Phillips writes from Oregon Agricultural College and tells of a recent trip taken by the college team of which he is a member, through Washington. The O. A. C. basketballers played four games, losing to the University of Idaho at Moscow, the Washington State College at Pullman and the Walla Walla Y. M. C. A., and winning from the Gonzaga College at Spokane. He says that nearly all of the remaining games will be played on the Corvallis floor and that the O. A. C. boys expect to win them. Phillips played part of all of the games and makes his letter, being probably the only freshman who does so this year. He says that he had a fine time in all of the towns that were visited and met several old Ashlanders. Among these was John Enders and Pat Fordney in Portland, and Mr. Tweed and his daughter in Spokane, the Tweeds coming in from their ranch to see the game.

Among the bills now being considered by the Salem legislature the following were passed by the house and are of interest to local sportsmen: House bill 172, by Irvin, is a bill to amend the fishing and game law allowing women and children to fish without license, and allowing anyone to fish in salt water without license. The bill was passed without opposition. House bill 46, by Lafferty, relating to the use of dogs while hunting, was passed without opposition.

The Panama-Pacific Exposition Company plans old-fashioned running horse races for the fair. No betting will be permitted.

George Grinnell, well-known here among the younger set, played on a traveling men's team which defeated Sutherlin 11 to 8.

Coach Bezdek of U. of O. Wants Poor

"Hub" Poor returned to Ashland Thursday after a year's stay in the Marshfield country, where he has been employed on a Southern Pacific survey. The length of his stay is indefinite. Local basketball players who are organizing a town team welcome him with open arms. Hub was a member of the class of 1913, and after the state tour of that year's basketball team he was much sought after by college coaches. That he is still in demand is shown by the following clipping taken from an interview with Coach Bezdek of the University of Oregon, given to the Eugene Daily Guard on the eve of the departure of the college team for Seattle, where they meet the U. of W.:

"Coach Bezdek nearly persuaded a big six-foot four, 205-pound boy to enter college this semester, and if the lad had stayed Savage would have had another Fenton on his hands. The youngster is Herbert Poor of Ashland, a member of the Ashland high school team three years ago, and the Ashland team that toured the state at that time. After looking things over Poor returned to his Ashland home yesterday morning with a promise to come back next September, if possible."

Willie Ritchie, eighteen-year-old white hope from Klamath Falls, defeated Jack Murphy of San Francisco in that city last week. The mix lasted about a minute, Ritchie putting his opponent down and out. Klamath Falls fans are enthusiastic over the lad's showing and are backing the lad against all comers. Ritchie weighs 190 pounds.

The University of Oregon basketball team lost to Idaho 24 to 22, lost to Washington 32 to 24, to Washington state college 24 to 18, and won from Multnomah Club of Portland 24 to 18, while on a long trip through the northwest states.

The University of Oregon is to have a new baseball diamond.

Chicago Business Men Here in July

When the first infantry, Illinois National Guard, leaves Chicago on July 16 there will go on the special trains with the 1,000 citizen soldiers a delegation of Chicago business men to tell what the city by Lake Michigan has to offer in the way of co-operation with the Pacific coast. The trip will last seventeen days and every Pacific coast city, from Seattle to San Diego, and including Ashland, will be visited by the men from the middle west, while the two exhibitions, one at San Diego and the other at San Francisco, will of course attract great attention.

WILL SHOW HOW RIVERS ARE MEASURED

To show the way in which rivers are gauged—that is, how the volume of running streams is measured—by the United States Geological Survey, the exhibit maintained by the survey at the Panama-Pacific exposition will include a display of automatic gauges, run by electricity, which record the fluctuating heights of water of an artificial river—one flowing through a tank. The work of measuring the flow of the various streams of the United States every day in the year and some of them several times a day affords an invaluable basis for the study of our water resources. Upon the data thus obtained engineers depend in working out plans of waterpower development, irrigation, drainage—in fact, every project in which running water is a factor.

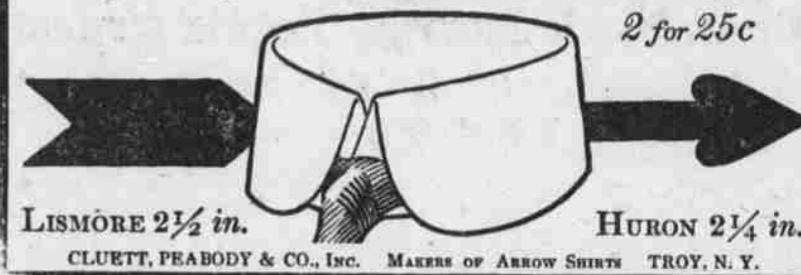

The streams in the neighborhood are daily lined with fishermen, both young and old, and some big catches have been brought in. Several parties have made the trip to Rogue river with varied success.

The Chicago A. C. basketball team, national champions for two years, will play in the series to be held at the exposition in San Francisco during the latter part of the month.

There are two players on the U. of O. team this year who played with the Albany team which played here five years ago. They are the Bigbee brothers.

ARROW COLLARS

FIT, DURABILITY, STYLE and COMFORT—every requisite the collar wearer seeks is found in the highest degree of excellence in ARROW COLLARS

WE ARE HEADQUARTERS FOR Cement, Plaster, Lime BRICK AND TILE Carson-Fowler Lbr. Co.

We also carry a complete stock of wood: Fir, Pine, Oak, Slab Wood, Madrone

PHONE 98

You have something you do not need. Somebody else needs it and has what you want. Twenty-five cents puts your proposition before two thousand people through the "For Trade" column of the Tidings. FOR LITHIA WATER delivered at your door call phone 346-J, George Yates. Delivered in bottles or demijohns. Fifty cents invested in a Tidings "For Sale" ad often sells a \$5,000 property. Did you ever try it? Get scale receipts, legal blanks, etc., at the Tidings office.
