The law of "try again" is as potent in want advertising as in any other effort or enterprise.

We have heard considerable about planting shrubbery along the Pacific highway, but first will some one please tell us which road the highway is going east of Ashland, so we will know where to plant our shrubs? There was a good attendance at

the Parent-Teacher Circle last Friday evening, several of the new people of the neighborhood being out, and Mr. and Mrs. Usher from town. The main topic of the evening was the domestic science and manual training plans which have been adopted in the school this year. A magazine article, "The Purpose of Education," by Ella Flagg Young, superintendent of the Chicago schools, was read by Mrs. W. L. Moore. Mr. Joy spoke at some length regarding Miss Milam's wonderful ingenuity and results with the domestic science movement in Belleview, Mr. Brown on manual training and C. R. Moon on athletics. This was interspersed with Mr. Usher's music and union singing, after which Mesdames Brown, Barnard and C. R. Moore served coffee, cake and pickles. This closed the program.

Miss Irene Barrett, from Soda Springs, is spending the week with Mr. and Mrs. L. A. Neil.

Humanity does not move beyond its thought. The man with a high mark may attain it, the other will live in his boots forever, and his accomplishments will be nil.

Salem, Ore.—That he will work in connection with the various county courts in road construction, and will follow their advice when possible to avoid such disputes as those arising under the administration of his predecessor, was the announcement made to the state highway commission by E.
