Bank Deposits Make Big Gains
DR. JOHN F. HART Physician and Surgeon TALENT, OREGON.

Business conditions in Oregon from a financial standpoint today are better than at any time since the sudden depression which hit this country at the outbreak of the war last August, judging from the combined statement of the banks of Oregon issued by the state banking department last week.

LET US SERVE YOU
All we ask is the opportunity of doing so. We feel assured that our endeavor to serve you will be a strong factor in persuading you to become a permanent patron of this bank. Our interests are mutual.

Reports from all the banks in the state at the close of business May 1 are encouraging in the greatest degree and show that there has been a remarkable change for the better in the financial situation within the last two months.

State Bank of Talent TALENT, OREGON.

An important index, testifying that there is more money in the state now than two months ago and that there is a growing feeling of confidence among all classes of business interests is that deposits show a clear gain of \$2,690,475.01. This great gain in deposits has been made in a period of 57 days or since March 4, when the last statement was compiled.

an almost unlimited supply of information regarding agricultural pursuits of all kinds. A list of government periodicals has recently been issued and should be sent for by every farmer so that he may select and order the publications which deal with his particular line. The list may be had free by writing to Superintendent of Documents, Government Printing Office, Washington, D. C.

Another encouraging sign offered by the latest bank statement is that since March 4 the banks have been able to reduce their bills payable and rediscounts in the amount of \$257,932.51, while there is a decrease in loans of \$1,702,202.79. Banks now show a strong reserve, the average being 32 per cent of their deposits. The required reserve is 15 per cent.

The Tidings is on sale at Poleys' drug store, 17 East Main street.

Since March 4, last, the national banks of the state have paid in their third stock assessment to the federal reserve bank, amounting to \$136,748.61.

ARE YOUR KIDNEYS WELL?
Many Ashland People Know the Importance of Healthy Kidneys.

While a comparison of the combined statement of May 1 with that made June 30 last year shows a decrease, considering the abnormal conditions that have prevailed in the financial world in the past ten months, bankers everywhere in Oregon declare there is the utmost cause for encouragement. They point to the gain of the last two months and assert that this is proof that normal conditions are fast returning.

The kidneys filter the blood. They work night and day. Well kidneys remove impurities. Weak kidneys allow impurities to multiply.

To make a success of any undertaking or business a most thorough study of the business must be made. The United States government offers

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles.

ONE SPOONFUL GIVES ASTONISHING RESULTS

Proved by Ashland testimony. John H. Baron, 304 Mechanic street, Ashland, says: "I have used Doan's Kidney Pills off and on for years and I have always found them a splendid medicine. Like a great many other elderly people, I have kidney and bladder trouble. Doan's Kidney Pills always give me quick relief."
