Our Fifth Anniversary

We are at the end of our fifth year as proprietor of Ashland's Exclusive Paint and Wall Paper Store. We are more convinced than ever that Ashland needs just such a store as this. In the years that we have been at the head of this establishment we have always endeavored to give to our patrons the very best that can be found anywhere in an establishment of this kind—carrying only the very best goods in the standard lines and specialties. In pursuing this principle we have always endeavored to keep our prices down to the very lowest margin that is consistent with good merchandising, knowing full well that an establishment of this kind, and following the principle that we do, of adhering strictly to our own lines, that we are in a position to serve you better than any one who handles these goods as a side line. We ask you therefore to give us an opportunity of figuring on your requirements. We take this opportunity of thanking our patrons for their support in the past and trust that the principles we are following will merit a continuance of the same.
