

American Builders' Week, Oct. 18-23

San Francisco, Oct. 14.—More than 50,000 builders, representing every department of construction work from excavating to roofing and all the lines of business dependent upon building operations, are coming to this city to take part in American Builders' Week, October 18 to 23. From the opening to the last the celebration of the achievements of the modern builders will continue without interruption. It will be the first gathering of its kind ever held, and builders are coming from the Atlantic coast, from the states of the south, from the northwest and middle west to take part in the mammoth demonstration. Special trains will begin to arrive on October 17, bringing delegations from all parts of the country, and nearly every visiting builder has reserved hotel accommodations for the entire week.

The main feature of the elaborate program will be the colossal street pageant in which four miles of floats will tell the story of the progress of building from the hut of the pioneer to the skyscraper of today. Furthermore, the pageant will portray every stage in building construction today and will reveal in actual operation nearly every process used in modern building. It is predicted that the American Builders' Week pageant will be the greatest industrial parade ever held on the streets of an American city. So many branches of building work already have signified their intention of taking part in the huge pageant that it has been necessary to divide it into thirty divisions.

E. T. Thurston, secretary of American Builders' Week, 57 Post street,

Corn Limpers! Use "Gets-It" and Smile!

Corns Come Right Off, Clean and Quick! You Needn't Limp, or Fuss With Your Corns Any More!

What's the use of spoiling a good time for yourself by limping around with fierce corns? It's one of the easiest things in the world, now, to get rid of them. "Gets-It" does it!

"Those Corns Come Right Off, Clean As a Whistle, by Using 'Gets-It'!"

the new way. That's why "Gets-It" has become the corn remedy of America, the biggest selling corn remedy in the world, preferred by millions. Do you remember that too-eating-salt you tried, that sticky tape, that too-bundling bandage, the gouging you've done with knives, razors and scissors? Well now, forget them all. No more fussing, no more pain. Whenever you use simple, easy "Gets-It," the corn is doomed, sure. So is every callus, wart or bunion. Never cut corns or calluses, it makes them grow that much faster and increases the danger of blood poisoning. No cutting is necessary by using "Gets-It." Use it tonight and end your corny existence.

"Gets-It" is sold by all druggists. Use a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Ashland and recommended as the world's best corn remedy by McNair Bros. and J. J. McNair.

San Francisco, requests all those who intend to come to San Francisco to take part in the celebration to notify him, giving the name of their business, the organization they represent, the number in their party and the day and hour of their arrival.

Plan Strict Closing Law

Eugene Register: Word has been received by parties interested in the Sunday closing movement that plans are under consideration for initiating a Sunday closing law at the next general election that would require all employers to give their employees Sunday off as a day of rest, no matter what their business, and would also close drug stores, theatres and other places of amusement, which are now exempt under the old state law that was recently declared constitutional and in force by the supreme court. It is said that the plan of those back of the movement is to make it impossible to obtain even a newspaper on Sunday.

The moving spirit behind the proposed law is Dr. G. L. Tufts of Portland, field secretary of the One-Day-of-Rest-in-Seven League. He discussed the one day's rest a week feature before the Ministerial Union of Portland. The proposed law was endorsed.

Giant Mining Deal In Siskiyou

Scott Valley Advance: One of the biggest mining deals that has ever been consummated in Siskiyou county was closed last week, when Martin E. Olsen and associates, better known as the Big Cliff Mining Company, of Seattle, Wash., purchased from H. B. Wintering of Etna, Siskiyou county, and F. H. Osgood of Seattle the Big Cliff group of mines, situated on South Russian creek, Salmon River district, about eighteen miles from Etna.

The promoters of this property were Balfrey & Grisez of Etna and Allen Brothers of Seattle.

The deal was for six claims and the price for the property was \$85,000.

A big mill is to be erected, a mile of aerial tramway, a sawmill and wagon road put in at once.

Farmers to Fair May Have Low Rates

The Southern Pacific Company is offering extraordinary inducements to the farmers in the form of special rates, to attend the live stock show which will be held at the exposition throughout this month. The horse show is now in progress, the cattle show commences October 18 and other departments continue throughout the month. October has been announced as "farmers' month" at the great fair, and with the crops harvested great numbers of agriculturists and cattlemen will make this the month for their visit.

Instruction in public speaking, elocution and dramatic art. Miss Bertha Calkins. Phone 9-P-2. 35-1500-Thurs.

County school annual convention meets in the Presbyterian church Thursday and Friday of next week, October 21 and 22. The state secretary, Rev. Mr. Phipps of Portland, will be with us.

H. A. CARNAHAN, D. D., Pastor.

Baptist Church Notes.

At the Rally Day exercises the attendance was quite a few more than it was last year. The offering was two and one-third times as much. This is very encouraging to the superintendent and his teachers, who work faithfully and well.

The message of the pastor was suggested by Isaiah 51:10-11, "The Highway of the Redeemed." God has prepared this highway. The redeemed sing as they march over this highway. This highway leads to Zion. Every road leads somewhere. Where does the road over which you are traveling lead to? Zion is at the end of the Highway of the Redeemed. There God will spread His tent of love over those who are His ransomed ones.

The subject of the evening message was "Steps Unto the Life of the Ages." The first step is turning from sin. "Stand in awe and sin not." Second, hold a colloquy with yourself. "Commune with your own heart upon your bed." Third, right living; living right. "Offer the sacrifices of righteousness." Fourth, have faith in God. "Put your trust in the Lord."

Bible study and prayer meeting Thursday evening. Themes for next Sunday, "Thinking That Leads to Life; Thinking That Leads to Death." For the evening, "What is Man?"

Irrigationists had a recent meeting at the Bellevue school house, further plans for the Ashland-Talent district being outlined. These will be drawn up and submitted to the county court for approval preliminary to an election being held on the adoption of the proposition. Members of the committee present were C. M. Thomas of Talent and J. W. Millner and Benton Bowers of Ashland. The source of supply will be determined by state and federal engineers. Buck Lake has been mentioned in this connection.

Interurban Autocar Company.
Between Ashland, Talent, Phoenix and Medford car leaves Ashland northbound daily except Sunday at 9:00 a. m., 12:50 p. m., 2:30 p. m., 4:30 p. m. and 7:00 p. m. Also at 10:30 p. m. Saturday night. Sundays leave Ashland at 10:00 a. m., 12 noon, 4:00 p. m., 6:00 p. m. and 10:30 p. m. Leave Medford for Ashland daily except Sunday at 8:00 a. m., 1:15 p. m., 3:30 p. m., 5:15 p. m. and 10:15 p. m. Also at 7:15 p. m. on Saturday night. On Sundays leave Medford at 8:00 a. m., 11:00 a. m., 1:00 p. m., 5:00 p. m. and 9:30 p. m.

Women are now engaged in making bombs in France. The women folks know how to give a man a blowing up.

The allies in Europe may need strengthening, but a lot of alleys in Ashland are too strong now.

Why "SAFETY FIRST?"

"1916 Bar" Will Be Novel Feature

Portland, Ore.—Now comes the "1916 bar" as one of the headlines at the coming Manufacturers' and Land Products Show, to open October 25.

People with parched throats, roaming about in search of a suitable libation to quench a rising thirst, will find a great array of drinks with every flavor, and combination of flavors, so far discovered in the eventful life of the "soft drink."

"Let's have a temperance bar, the kind we'll have next year," said one committeeman.

"That's a good idea," agreed another.

"Why not call it the '1916 bar'?" suggested the third, and all voted yes at once.

Thus the "1916 bar" became an institution. A manager was secured and this manager will have as his assistants real bartenders—six of 'em, in white coats.

As for the bar, well, it will be a regular one with front and back bars, plate glass mirrors, considerable "gingerbread" work, glasses stacked with soldier-like precision, and—listen—there will be the brass foot-rail, too, and it will be highly polished.

While the exposition is in progress the loganberry, grape, raspberry and blackberry will vie for first honors at the bar. By the way, here is another secret just let out of the bag: For the first time, there will be served a beverage that looks like beer, tastes like beer, has the customary "head" to it and the ever present "kick," but isn't beer at all.

Hornbrook Leader: August 1 the California Fruit Growers' Supply Company, at Hill, had 75 Greeks in its employ. Today it has ten. In parties of ten or more the past month these chaps have quit their jobs to return to their native land to become soldiers. We hope that congress when it meets will enact a law forbidding the re-entry into this country of
