Don't Suffer—Laugh At Stomach Misery

McNair Bros. Will Return the Money if Mi-o-na Does Not Relieve Dyspepsia.

Among all the remedies in McNair Bros.' popular drug store, there are few that they are willing to sell on a guarantee to refund the money if they do not cure. Mi-o-na, the famous dyspepsia remedy, has helped so many of their customers that McNair Bros. say: "If this remedy does not relieve you, come back to our store and we will cheerfully return your money."

Anyone who has dyspepsia, indigestion, headaches, dizzy feelings or liver troubles should take advantage of this chance to be made well without any risk of spending their money to no purpose. Mi-o-na will relieve you, will regulate the digestion, will enable you to eat what you want. If it does not do this it will not cost you a cent. McNair Bros. have sold hundreds of boxes of Mi-o-na and have yet to receive the first complaint from any customer. Such a record is simply marvelous and speaks volumes for the merit of the remedy. Do not suffer a day longer with disordered digestion. If Mi-o-na does not give you complete satisfaction you have McNair Bros.' personal guarantee to return your money.

S. P. Pays Oregon Employees \$4,750,000

Copies of a circular prepared by H. A. Hinshaw, general freight agent of the Southern Pacific lines in Oregon, have been distributed to shippers, inviting their attention to the system's important activities in the commercial life of this state. According to the circular, the company employs 5,000 persons in Oregon, disbursing to them \$4,750,000 annually. Out of this number 1,400 live in Portland and their annual wages are \$1,400,000. Sixty-five per cent of the state's population is served by the company's lines. Its taxes amount to about \$1,220,000, or 12 per cent of the taxes collected by the counties through which its lines run.

The Southern Pacific's purchases in Oregon of material and supplies, including lumber, during the fiscal year of 1914-1915 averaged \$104,000 monthly.

Referring to the construction of the line from Eugene to Marshfield, the circular says:

"The Southern Pacific is now building into Coos Bay at a cost of approximately \$10,000,000. It is the only line that is opening up new territory in Oregon at the present time and there is not a merchant, dealer or resident in any line of business in Oregon who is not indirectly benefited through the expenditure of these vast sums of money."

Valley Ministers Will Meet Here

The Rogue River Valley Ministerial Association will meet in the First Presbyterian church, Ashland, December 6, before noon. Rev. Frederick W. Carstens of the First Baptist church of Medford will read a paper. Subject, "Christian Science." Dr. J. Lawrence Hill will also have a paper. His subject is "The Teaching of Religion and Morality in Our Public Schools."

The Shovel Should Be Returned

There is a man down at Rogue River who realizes the effectiveness of the newspaper as a medium for obtaining results. Witness the following item from the Rogue River Argus:

"If the man who borrowed my shovel don't return it P. D. Q., he has got some trouble a comin.—T. H. B."

Card of Thanks.

We wish to thank the many kind friends and neighbors who by their kind words and deeds gave token of their friendship during the illness and after the death of John Pierson. W. E. PIERSON AND FAMILY.

Sale.

Mrs. Simons will begin sale Saturday, December 4. One-half off on everything while they last. New goods this week. 55-2t

Indicted For Wife Murder

J. B. McDaniels, formerly a rancher of the Antelope valley, is in jail at Jester, Okla., charged with the murder of his wife, awaiting trial in January. He alleges Mrs. McDaniels committed suicide with a shotgun; a string being found fastened to her toe and the gun trigger. The coroner's inquest developed so many suspicious circumstances that McDaniels was bound over for trial without bail.

Mrs. McDaniels had brought suit for divorce against her husband, alleging cruelty. Although ordered off by the sheriff, he returned to the farm and continued to reside in the same house, though occupying different rooms. The theory of the prosecution is that, following a quarrel, McDaniels chloroformed the children, who slept with their mother and failed to hear the gun's explosion, then shot his wife through the neck, afterwards placing the gun in her dying clasp and fastening the string to the trigger as an improvised defense.

McDaniels and family left here a year ago, having purchased a farm near Jester from George W. Reagan of Medford. He writes from jail to Mr. Reagan protesting his innocence and asking his aid.

E. F. Smith is putting in a walk of decomposed granite in front of his livery barn property on Park avenue (Mill street). The walk will be a great improvement. No doubt Mr. Perozzi will follow suit with a granite walk along his property below, where there is already a considerable section of cement walk already installed.

Building For Years to Come

In the erection of modern buildings the primary thought is for endurance.

The same thought should be given to building our own body and brain—but few give it. This building process requires certain essential food elements which, within the body, are converted into the kind of brain, bone, nerve and muscle capable of enduring the severe tests of work and time.

Grape-Nuts

FOOD

is scientifically made of whole wheat and malted barley, and supplies, in splendid proportion, all the nutritive values of the grains, including their vital mineral salts, which are all-important for life and health, but lacking in much of the food that goes to make up the ordinary diet.

A daily ration of Grape-Nuts food is good "building" for sound health for years to come.
