**THE FOLLY IN BUYING BLINDFOLDED**

HOW many men and women in Ashland do their shopping blindfolded? Funny when you think of it that thinking men and women will play "Blind Man's Buff" with their money. You don't have to shop blindfolded unless you want to. The Out-of-Town Houses started the Big Game of "Blind Man's Buff." But, it's a dangerous game for US to play in ASHLAND. It isn't a fair game. It isn't fair to ourselves. It isn't fair to our COMMUNITY. It isn't fair to our home merchant. He is helping US, co-operating with US, working with US to upbuild and improve all our home institutions. Then, let us play fair with ourselves and with him. Let us give the home merchant the first chance. That is all we ask.

MAIL ORDER BUYING vs. BUYING of THE HOME MERCHANT  
Is there a difference between buying your Hardware of us or buying it from a Mail Order House? YES, there is a wonderful difference in buying it from a home merchant, and buying from some house several hundred miles away. First, we meet mail order house prices. Second, we are right here where you can see the article which the next time you are in town. Third, you can see the article which you wish to purchase, before you pay your money for it. Fourth, you do not have to wait ten days or two weeks for your goods and have that anxiety as to whether or not they will be up to standard of quality of which you wish them to be. Bring or mail us a list of your wants and let us give you prices.
