The law of "try again" is as potent in want advertising as in any other effort or enterprise.

Pay \$175,000 for Black Eagle Mines

One of the biggest mining deals of recent years in southern Oregon was effected last Saturday when the Black Eagle group of mining claims on Fiddler's gulch, a tributary to Josephine creek, near Grants Pass, was purchased by a company of men from the state of Washington who will immediately develop the property. The purchase price is \$175,000, and the initial payment of \$30,000 was made Saturday when the mines were turned over to their new owners.

This property has been known as the Neil mine, W. S. Neil having been the head of the company that has held it. Associated with him were Dr. Dixon, William Buncannon and H. A. Nell. The purchasers are a company composed of P. H. Walters, a mining man of Seattle; Parvin Wright, of the Wright Elevator Company; Fred Firth of Seattle; W. G. Swallow, manager of the Everett paper mill at Everett, Wash., and Captain Smith, owner of the old convict ship "Success." The former owners retain a working interest in the mine, but no stock is being offered for sale.

The new owners will erect a stamp mill at once, an electric power plant, and put the mine into an immediate state of production.

Mrs. Myrtle W. Blakeley Answers Mr. Cronemiller's Reply to Her Statement of March 30. In Mr. Cronemiller's answer to my article of March 30 he states that the county court issued an order directing him to rebate the 2 per cent interest on the \$35,000 which they directed the bank to loan the cement company.

If the county court made any such order it would surely appear on the commissioner's journal in the county clerk's office, but no such order appears in any of the records of the county court proceedings, nor does any mention of such order appear on the treasurer's journal explaining the reason for the shortage in interest paid by the Jackson county bank.

There seems to have been a great deal of secrecy on the part of all concerned, that is, the bank, county court and Mr. Cronemiller. If there was such a transaction it was illegal, and Mr. Cronemiller had no right to recognize any order of the county court which was not of record, and I still contend that there is due and owing to Jackson county \$625 interest.

What Ails You?

Have you become run-down, weak, emaciated, pale after a long siege of colds? Does the skin show that the blood is thin and watery? Spring is the time when vitality is at its lowest ebb—clean house now—by riding the body of its accumulated poisons. Refresh the blood with a stimulating tonic.

Dr. Pierce's Golden Medical Discovery, free from alcohol or narcotics and extracted from roots and barks with pure glycerine, banishes from the blood all poison and impure matter. It dissolves the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have indigestion, sluggish liver, nasal or other catarrh, unsteady nerves or unsightly skin, get the "Discovery" to-day and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.

Sold by dealers in liquid or tablet form; or send 10c for trial package of tablets to Dr. V. M. Pierce, Buffalo, N. Y.

MOTHERS OF OREGON.

Albany, Oregon.—"At one time I was weak and nervous; had headache and backache; liver was sluggish, and I was troubled with constipation. I needed a tonic—a constitutional builder. A friend told me about Dr. Pierce's Golden Medical Discovery. I took it and it built me right up, gave me new strength, put my liver in good shape, and helped me in every way."—Mrs. ELLEN DODDLE, 1118 E. 2nd Street.

Bellevue Notes

(By the Language Classes of Bellevue School.) Frank Snyder has purchased another horse. J. B. Hunter found himself short one gallon of gasoline when he went to get out his motorcycle Sunday morning. Cars seem to be safe left around most any place, but the gasoline should be kept under lock and key.

Marguerita Moore's Sunday school class enjoyed a picnic Saturday. All report an excellent time. The teachers have been reading us some animal stories teaching kindness to dumb animals. They are all good, but one in particular, "The Horse's Prayer," should be where every person who handles a horse could see it every day.

We have had the basketball repaired so that the girls may interest themselves with it and the tennis court while we boys get busy with our field work preparatory for the Talent meet.

The first contest in the country spelling contest came off Friday. We made an average of 96 2-3 per cent. One 6th, one 7th and one 8th grade made 100 per cent each. We had hopes of making a higher average, but one or two went as low as 90 per cent.

Leo Kenyon was out of school three days last week on account of a sore foot.

Mrs. Ed Gowland visited school a short time Monday afternoon.

We forgot to mention last week that Mrs. Miller, Mrs. Gowland's mother, of Ashland, visited at the latter's home one day during the week.

Parent-Teachers Circle meets Friday evening of this week with the prospect of a very interesting program. We hope to give a report of some of our next writing.

Eugene Teachers Supervise Dances The Eugene school board has inaugurated a new system in taking care of high school dances. A committee appointed by the principal has the dances in charge and is endeavoring to secure the co-operation of the parents in keeping the boys and girls from all dances except those given under the care of the high school. All dances must be given in the high school gymnasium with teachers and at least five parents present. Eleven-thirty is set as the "Home, Sweet Home" hour, and no more than four dances a semester are allowed. The young people are encouraged to attend the high school dances only.
