## PALESTINE PAGEANT WILL BE SEEN IN ASHLAND

Under direction of Rev. Dr. Allen Moore, Fellow Royal Geographic Society.

"Has had some thrilling and unusual experiences in the near East. Dr. Allen Moore is a Fellow of the Royal Geographic Society and was a missionary among the Mohammedans and Oriental Jews for seventeen years. His field of labor has been from Morocco through northwestern Africa to Egypt and into the Holy Land. Dr. Moore is the founder of two missions in Algeria, was special missionary envoy to the war in Morocco, and at the same time of the bombardment of Casa Blanca he succeeded thousands of Jewish captives who had been forced into Mohammedanism and slavery.

For three years he was director of Palestine Expositions in the United States under the auspices of the Missionary Education Movement. He directed the Holy Land scenes and tableaux in "The World in Boston," "World in Baltimore," "World in Cincinnati" and "World in Chicago," the greatest missionary expositions of their kind ever held in this country.

Dr. Moore's speciality is making clear Holy Scripture by giving a conception of the surroundings and the materials of Bible times. His lectures on the old Mosaic Tabernacle are marvelous. They give the Key to Scriptures. Thousands testified that the Palestine Pageant and Dr. Moore's lectures have made for them a new book out of the Bible.

Dr. Moore spoke in several of the Ashland churches Sunday. He told about the great Palestine Pageant, for which he has to enlist one hundred stewards to act in his Bible scenes and tableaux.

Dr. Moore never has difficulty in finding plenty of stewards. He does find it hard to secure a bridegroom for his Palestine wedding. This victim cannot see the face of the bride until after the ceremony is over. Those in charge of the Exposition are anxious to know if the youth of Ashland are too timid to risk their fates in this manner.

This great Exposition is coming to Ashland under the auspices of the Ashland Ministerial Association and will be held in Chautauqua Hall for three days, beginning Monday, April 17, 18 and 19.
