**Vining Offerings Of the Week**

Thursday.

"The Three Musketeers"—who does not know the three adventurous characters of Alexander Dumas, probably the most famous soldiers of bookland? With Orrin Johnson as the hero, D'Artagnan, the great Triangle company director, Ince, has melted the great story into a super-feature of the screen. Based on love and adventure, the three musketeers are sure to win the hearts of every picture fan. It is a play of plot, of intrigue and a most beautifully staged picture. With this feature comes a Keystone comedy, "Fido's Fate," presenting Charles Murray as the victim of a chain of circumstances surrounding his efforts to smuggle a puppy into his apartment as a gift to his wife. A flirty wife and a jealous husband add to the complications.

Thursday is Parent-Teachers night and in addition to the pictures Mrs. Henry Provost will render vocal selections.

Friday.

As Mark Twain's "Pudd'nhead Wilson" is ranked as one of the greatest of his writings, so should the film adaptation of the story make one of the greatest film comedy dramas. This story of the south in slavery days is more than a comedy—it is a drama with situations as tense as the wildest thriller.

Saturday.

Douglas Fairbanks plays the comedy hero lead in a new play full of the cleanest kind of comedy Saturday at the Vining when he endeavors to get his picture on the front page of the New York newspapers in "His Picture in the Papers." Loretta Blake, Jean Temple and other stars are listed in the cast. The efforts of Fairbanks as Pete Prindle to get his picture in the papers in order to win a business partnership and a girl lead to a series of sensational adventures which make a cracking good film.

With this comedy comes "Better Late Than Never," directed by Mack Sennett and with William Collier, Mae Busch and a supporting cast of Triangle comedy stars in a screamingly funny production.

The surprise boxes and packages are proving to be a popular and unique feature.
