Mrs. Satterfield of Granite street was pleasantly surprised Monday by

a party of Baptist ladies, who gathered at her home, with all manner of nice things, to remind her that she had reached her eighty-first birthday. To say that she was surprised is putting it mildly, but after she had calmed down somewhat and gathered her scattered senses enough to realize then that the worst was over, all had a jolly time, just a visiting. Auntie Satterfield, as she is lovingly called, has been a faithful worker in the First Baptist church of Ashland for many years and is a great inspiration to all who see her making her way to church through fair or foul weather.

Among those present were the Mesdames Alnutt, Morris, Blackstone, Butterfield, Fowler, Gaines, Hawks, Hale, Harvey, Maxedon, Mattingly, McClanahan, Satterfield, Simpson and Wright.

DO YOU know that the business houses that specialize mark the difference between a village and a city? Only in cities do you find the house making a specialty of one line, and to do any line justice it requires study. There is more in selling merchandise than passing it over the counter; a knowledge of the work and the goods required is necessary.

We make a constant study of our line and are in position to give you the information you require as well as sell you the goods.

We keep in constant touch with the big centers and are familiar with the latest methods and designs. Our stock of Varnishes, Paints, Stains, Wallpaper, etc., is the largest between Portland and San Francisco and our connections are such that if we do not have what you want in stock we will secure it promptly.

We have just received a sample book of the most up-to-date Wall Coverings ever produced, and if you are thinking of decorating your home would be pleased to have you see these patterns. Remember, that while we have papers as cheap as anyone, we also have the best.

Let us figure with you. We can save you money and give you what you want.
