The pleasant home of Mr. and Mrs. S. A. Hawkes on Nursery street was the scene of a happy gathering last Thursday when the Merley Society of the Baptist church met on the shady lawn for their usual meeting. The afternoon was spent in conversation and fancy work and the refreshments of ice cream and cake were most gratefully received, for

the afternoon, though pleasant, was very warm. The hostess was assisted by Mrs. Wright, Mrs. Holmes and Mrs. Hatfield. This little band of earnest workers deserves a great deal of credit for its assistance in the work of the Baptist church.

Another Recognition Of Auto Camp

The following letter is clipped from the Pasadena Star sent to Miss Frances McWilliams of Ashland, who knows the writer.

This letter appeared in the Pasadena paper under the heading, "The Glad Hand Received in Ashland," and fairly illustrates the value of a proper and cordial welcome extended to strangers irrespective of their place of residence or station in life. In this particular instance a prominent man of considerable influence in his community has been won as an admirer and a friend of Ashland. The following is the item as clipped from the southern paper:

"Impressed with the manner of his treatment at Ashland, Oregon, B. O. Kendall, who is at Yellowstone park, writes about the methods employed and rather commends them as worthy of imitation here. He says:

"During my motor trip from Pasadena to Portland I became favorably impressed with a subject now being discussed in Pasadena, namely, the value of an auto camping ground under the supervision of our city commission. I believe that Ash-

Ashland Business Men's Association Meeting.

The first of the fall meetings of Business Men's Association will be held in the Commercial Club rooms next Monday evening, September 11, at 8 o'clock. We expect every member to be there. Important.

H. H. ELHART, Secretary.

"Look before you leap" is a wise saying, but sometimes one has to crawl first to get a chance to look.

and, Ore. has the best place, and while I am not fully posted in detail, I know there is a man in charge of the parking and that water and gas are furnished by the city at 25 cents per day per machine or party. Every one camping wants to reach Ashland and it is becoming the best known town along the line. We had heard of it before we reached the town, but not wishing to camp, were not interested. However, no sooner had we arrived in town and stopped to buy some films than a man stepped up to the auto and offered to pilot us around the town and especially to show us their auto camp grounds. While he was talking with the rest of my party, I went to buy the films. Having paid my bill, the clerk began telling me about his beautiful city and urged that I drive around the auto camp before leaving. I walked out to my machine and found Mr. Ussher, the telephone manager, already in the machine and ready to show us around. Can Pasadena beat that?

"This took 45 minutes of time well spent and we left Mr. Ussher wearing a smile of appreciation. "No auto party can stop in that city without leaving some money with some merchant."

Ashland High School Notes

(By Leith Abbott.)

School started with the usual rush Monday morning. The attendance this year far outdistances that of previous years. On the second day of school there were 200 enrolled in the senior high school and 46 in the junior high school, which makes the total number of high school students 246. In 1911 after the first week's attendance the enrolment was 175; in 1912, 206; in 1913, 160; in 1914, 237. There are many new students enrolled. There are also many students, especially senior boys, who have not returned from work, so that by October the senior high school will probably have an enrollment of 250. The entire school census of Ashland is 879 this year, compared to 855 after a week of school last year.

The commercial department has its usual large following of students. Mr. S. T. Hallowell of Murray, Ky., is the instructor. He is a graduate of Bowling Green Business University, which is the same school from which the former instructor, L. T. Hodge, graduated.

W. Geoffery Taverner has entered school for the year. He attended A. H. S. several years ago and has recently been engaged at managing an orchard near Talent. "Jeff" is a promising football recruit.

Football practice started Monday evening. About fifteen fellows answered the call for candidates. The majority of last year's team have not returned from their summer work. Donnie Lowe, Herbert Bentley, C. Norton and Burton Winne are all of the old-timers that are out for practice now. L. Buck, R. Harnell, J. Jones, L. Cunningham, H. Brower, "Doc" Furry, "Flos" Young, "Clix" Delsman and Art Long, all of last year's team, have failed to appear, but they are booked for next week. Coach Heidenreich inspired courage to the spectators by the businesslike manner in which he took charge of the squad.

Miss Anderson of Griddell, Ohio, has charge of the music and art department. She is a graduate of Edmonson Normal, Oklahoma, and has had considerable experience in teaching. She will devote her time to glee clubs, orchestra, choruses, musical study and art both in the senior and junior high schools. She is an old friend of Miss McCormick of the mathematics department.

Miss Grace Lilly, a recent graduate of the University of Oregon, has taken charge of the English department left vacant by the resignation of Miss Merz last year.

Remnants of last year's track team have been busy the past few nights getting into shape for the coming track meet at Medford September 13. A cup for the relay and a bronze plate for the school winning the most points are expected to be put in the school trophy case on the 14th. Stock and Abbott form the nucleus for the distances, Randall the sprints, with Lowe expecting to take the weights events.

Henrick Heidenreich, the new coach, is rapidly gaining in favor with the high school students. He is well versed in football, basketball and track. He has spent three years at the U. of O. and one year at O. A. C. While at Oregon he played considerable football and has since taken a course in coaching. He has played considerable basketball on fraternity teams and also received good training on the varsity squad. He is a three-year letter man in track and noted for his record with the discus. He is an old friend and acquaintance of Verne Windugle, the celebrated Cornell runner, and also roomed with "Moose" Muirhead, the celebrated Oregon trackman, at the Delta tan Delta fraternity at Oregon. With the school's support he will put out a championship team in all avenues of sport.

Janitor Hale is still at his old job of janitor this year. C. Vogel is back again as office stenographer. Mrs. Briscoe entertained "her family" with a lunch in the upper park Monday evening. Those present were the Misses Ross, Anderson, McCormick and the Messrs. Harmon.

San Francisco People Like Entertainment

The following is an extract from a letter received by the Commercial Club from the chairman of the Coos Bay and Southern Oregon excursion of the San Francisco Chamber of Commerce:

"In behalf of the members of the Heidenreich and Moore.

The West Side school building has been fitted up into a very suitable building for the freshmen. Two rooms have been fitted up in the third story and a special teacher gives the would-be "rooks" daily instruction in the art of cooking and sewing. Mr. Harmon has been transferred from the high school to the West Side building and has charge of a modern-equipped manual training room. Students from the Nell Creek, Murphy and Soda Springs schools have entered Ashland high this semester.

The Talent contingent who are attending Ashland high this semester are Anna Anderson, Lucy Withrow, Bernice Finley, Alta Scott, Elton Beeson and Lloyd Turner.

Superintendent Briscoe addressed the assembly Wednesday morning. His talk dwelt along the line of things to do and things not to do this year. He welcomed all the new students and offered hopes that this will be the best year the school has witnessed. His talk was followed by two well-executed pieces on the piano by Miss Anderson.

Rev. Oliver Dolphin of Auoka, Minn., is in Ashland visiting his brother, Father Dolphin of the Catholic church. Upon going through Lithia park he remarked that it was the prettiest park he had ever seen.
