

NOTICE!

On account of the extraordinary advances on all kinds of grains and mill products, we feel that we should operate our business on the lowest margin possible and should eliminate any conditions which prevent this. As the credit system is necessarily a more expensive method of doing business than a cash system, we have decided to discard our ledger and henceforth sell only for cash.

Please notice our prices each week; compare them with other prices here and the market reports in your daily paper, and we feel that you will realize that we are working for your interest as well as our own.

Quaker Oats

The Extra-Delicious Vim-Food Flaked from Queen Oats Only

All the world over, Quaker Oats holds first place among oat foods. Oat lovers of a hundred nations send to us to get it. A billion dishes are consumed each year. Nowhere in the world do connoisseurs find any oat food to compare with it.

The reason is this: Quaker Oats is made from queen grains only—just the big, plump, luscious oats. No puny, starved grains are included. A bushel of the choicest oats yields only ten pounds of Quaker.

The result is a flavor which has won the world—a flavor which is matchless. Yet these large and luscious flakes cost you no extra price.

Nature stores in oats a wealth of vitality, which everybody needs. We want you to know this fascinating vim-food, made as we make it and cooked in our way.

Pettijohn's

Rolled Wheat with 25% Bran Flakes A Modern Bran Dainty

Every doctor advises bran, as essential to right living. It is Nature's laxative. Everybody every day should eat it. It means better health, better spirits, sunnier days. Without it, our diet of fine food forces folks to drugs.

Pettijohn's is made to meet doctors' requirements. The bran is hidden in flavory flakes of wheat. The food is a morning dainty which everybody likes. Yet it contains 25 per cent tender bran.

The bran is in flake form, which makes it doubly efficient. Ground bran will not do.

Try Pettijohn's one week. Note its delightful effects. Never again will you go back to a branless diet.

Then try Pettijohn's Flour. It is 75 per cent fine patent flour mixed with 25 per cent bran flakes. Use it like Graham flour in any recipe.
