

**MEN** who wear *Born* Tailoring wear a smile of satisfaction with it.

The House of *Born* has been making good clothes to measure for more than forty years—they will make clothes for nearly half a million men this year.

Why not have *Born* make your clothes?

(Resident Born Dealer)  
**PAULSERUD & BARRETT**

### Opinions and Tendencies as Outlined in Other Papers

Wm. H. Gore is getting friends everywhere he appears before the voters of this county. Conservatives in many things where conservatism is needed, progressive in all measures which are to the best interests of his district and state, experienced in business and financial affairs, he will make a strong member of the legislature. Mr. Gore will command a strong vote in Douglas county.—Roseburg News.

B. F. Mulkey, a prominent Portland attorney, delivered a political address at Oakland last evening. Mr. Mulkey is quite an interesting talker and his remarks brought forth frequent applause. He is making a tour of the state in the interests of Charles E. Hughes, the republican candidate for president of the United States.—Roseburg Review.

The straw vote taken at the university Friday was a republican landslide as shown by the returns. Out of the aggregate of 3,048 votes cast for all the state and national office-seekers, 2,089 were for republican candidates, 704 for democrats, 143 for socialists, 103 for prohibitionists, and 9 for the progressives. Not

a republican candidate, with the exception of the presidential electors, was defeated, and all but one received an overwhelming majority in every case. That one case led by 53 votes over his nearest opponent. The fact that less than 600 votes were cast, the actual number being 584 out of a possible 1,000 or more, is not considered a reliable criterion by republicans as a settlement of the presidential leaning on the campus. Wilson had but 29 votes majority, while the democratic followers on the campus expect before the election to poll at least 50 more votes than their candidate's opponent.—Eugene Register.

**Congregational Church.**  
At the morning service next Sunday, Rev. Sulens of Portland will speak, and is desirous of having all members out for the morning service as discussion of a new selection for pastor will be held.

### Who's Who, County and State Officials

(Continued from Page One.)

of tax collector. I have scanned every tax collection and every fee coming into the office and I find nothing out of place nor entered wrongly. This is an unusually good record.

The above praise coming from a disinterested party shows beyond a doubt the true condition of affairs of the Sheriff's office which record is largely due the untiring efforts and efficient work of Mr. Wilson, as Chief Deputy, and the superior class of help employed to carry on the work in the tax department.

The election of Mr. Wilson as Sheriff will be a guarantee to the taxpayers of Jackson county of a continuance of the present conditions of efficiency and economy in this office.

**MYRTLE W. BLAKELEY**  
For the office of County Treasurer the Republican party has chosen Myrtle W. Blakeley as their candidate.

On account of her vast experience in accountant work for private corporations and knowledge of her county work, gained while deputy County Recorder and Deputy County Treasurer, if she is successful in the coming election, the voters and taxpayers of Jackson county may rest assured that the finances of the county will be safely and accurately accounted for.

As there is no duty connected with the office which cannot be administered or fulfilled by a woman, the duties being principally routine accountant work, we see no reason why she should not receive the hearty support of all at the polls on November 7th.

**J. B. COLEMAN**  
Republican candidate for County Assessor was born on Coleman creek, one and one-fourth miles southwest of Phoenix, forty years ago last August. He is the youngest son of the late M. H. Coleman, a pioneer of 1853.

Mr. Coleman, better known as Blin, grew to young manhood on the old homestead, and moved to Wagner creek in 1892, where he resided until 1908. He then moved to Talent where he has since resided.

Mr. Coleman was actively engaged in farming until four years ago, when he became interested in the mercantile business in which he is still engaged.

He is thoroughly familiar with land values in Jackson county, and can be depended upon to make absolutely equitable assessments.

**G. W. AGER.**  
Elementary and high school education in Minnesota. Graduate of Worthington School, which maintains an excellent teachers' training course. Completed course with Bixler College, also A. N. Palmer teachers' training course in penmanship. Has spent several sessions in our own state university, also in the University of California, in the study of modern education, rural and city school supervision and administration. He holds a Minnesota teachers' diploma, also life certificate for Oregon, and has a professional certificate of merit because of his progressive attitude and professional teaching spirit.

Mr. Ager has had fifteen years' teaching experience. He was principal of the Wilmont school, Minnesota, for six years, where he received an increase of salary every year. He resigned to come to Oregon. He was principal of the Talent school for three years, and after acting as school supervisor for two years he accepted an invitation to go back into the Talent schools at an increase of \$35 per month over that which he had previously received. Mr. Ager is now principal of the Talent school and received almost the unanimous vote of his people in the primaries.

Mr. Ager is 36 years of age, he is the father of four children, and is a taxpayer in both Medford and Talent. He organized the first Parent-Teacher in this part of the state and has during the past few years organized four others. Much of his success is due to his ability to secure a close co-operation between home and school.

**GEORGE OWEN.**  
George Owen was born in California and came to Oregon when sixteen years of age. He is a large stockman and farmer and lives four miles east of Ashland. He has never before been a candidate for office. He is a solid, substantial business man, favors irrigation for the whole valley along practiced lines, stands

for a just distribution of road funds to every section of the county, believes in good roads and administration along progressive lines, but is always a stickler for a dollar in service for every dollar of public funds expended. When Mr. Owen becomes a member of the county court the board will stand well located in the county, Judge Tou Velle coming from Jacksonville, Commissioner Madden from Central Point and Commissioner Owen from Ashland.

**C. M. THOMAS.**  
C. M. Thomas, candidate for the legislature on the republican ticket, is justly regarded as one of the leading citizens of the state. He is at once a progressive business man, a public-spirited citizen and, withal, a man of unusual capabilities.

Back in Maquoketa, Iowa, from which place Mr. Thomas came to Jackson county, he had a state-wide reputation as an aggressive young lawyer and the youngest man ever to hold the position of temporary chairman of the republican state convention. To this position he was chosen in competition with a number of candidates of national reputation. At this time Mr. Thomas was only 34 years old, but the keynote speech he delivered on that occasion was published with universal approval by all of the leading newspapers of the state. Mr. Thomas was an aggressive progressive and stood behind Roosevelt and Senator Cummins, but then, as now, was unwaveringly loyal to the great principles on which our government was founded.

C. M. Thomas was born in Jackson county, Iowa; graduated from the law school of the State University in 1897; served two terms as prosecuting attorney of Jackson county, Iowa; was assignee of a bank for two years, and was in continuous practice of law for fifteen years in Iowa. He has been interested in Rogue River valley properties for eight years and has been manager of the Talent Orchard Company, in which he is part owner, for the past four years. He has recently reentered the practice of law, taking the former offices of the late Hon. W. I. Vawter.

In Mr. Thomas, therefore, the people of Jackson county have a political aspirant who is peculiarly well fitted to represent them with vigorous, vigilant and successful service at Salem, for he combines a thorough and practical knowledge of the needs of Jackson county and the state from every point of view. In addition to that, he has the training of a lawyer and the experiences of a parliamentarian.

Mr. Thomas stands uncompromisingly for the Ashland normal school, and will do yeoman service in the legislature to close the mouth of the Rogue river to commercial fishing. These matters will be locally momentous questions before the next session of the Oregon legislature.

Every exigency of the business situation demands that the people of Jackson county send a strong and harmonious delegation to the legislature of Oregon during the next term. There is no sentiment in the claim. It is purely and importantly a business matter. The work required calls for a man of experience, ability and courage to meet and cope with the experience, ability and courage in the legislature from other parts of the state.

C. M. Thomas is a man happily endowed with those qualities. A vote for him is a vote for the advancement of Jackson county in the important legislation of the state.

### Pendleton Normal School Amendment

The Pendleton people have made a splendid campaign for the establishment of the Eastern Oregon Normal School and we sincerely hope that the people of this county will give them a good vote; not that it is a matter of trade, for we are under no obligation to them, but because it helps to settle another third of the normal school problem in this state. We have interviewed a great many people and find that while the sentiment is somewhat divided, it is generally for the Pendleton measure when it is rightly understood. The success of the Eastern Oregon Normal School is another step in the restoration of the three-normal school program for Oregon. That this plan must be followed is the opinion of all educators who have given the problem any study. So long as the eastern Oregon school is not taken care of, there are two-thirds of the problem unsolved. We have voted almost unanimously for the Weston measure on both occasions when it has been before the people. It has failed to carry the support of eastern Oregon, and it would appear that if the people of that section did not approve of the location of the school at Weston it is not likely that they ever will do so. As pointed out in the literature which has been sent broadcast over the state, there are certain advan-

### San Felice Cigars

**FIVE CENTS STRAIGHT AND WORTH IT!**

Owing to the greatly increased cost of quality tobaccos, in fact everything pertaining to high grade cigars, the makers of the San Felice cigar, The Delsel-Wemmer Company, have advanced the selling price to the jobbers and dealers, and henceforth this cigar will positively be sold to the consumer at 5 cents straight instead of six for a quarter as previously.

The SAN FELICE is national in its scope and character, having justly attained this eminence through its unexcelled excellence. To maintain this unequalled standard of quality, the advance in question is absolutely unavoidable. The generous support of all men using quality cigars is earnestly desired.

tages which Pendleton has that Weston does not have in the way of training school, etc.

Pendleton has taken the trouble to put up a good strong campaign to educate the voters upon the need of more normal schools in the state. There is no question but what that part of the state needs a normal. The needs of normal school education are too well realized by all of the people of this county to require any argument, and if there is any question about the location of it at one place or the other, let us give the present proposition the benefit of the doubt and vote for the school for the sake of the need of more normals.

## County Assessor

Forty years a resident of Jackson County

To the Voters of Jackson County:

In submitting my candidacy for the office of County Assessor to the people of Jackson County I do so with the firm belief that I can serve the best interests of the taxpayer, and give them an honest, impartial, economic administration of the office.

I pledge myself, if elected, to give the people an equal assessment without regard to party or locality.
