Premier Sporting Event New Years

Few people realize the great amount of publicity that the northwest received last year and will receive this year on account of the Washington State-Brown University football game last year and the University of Oregon-University of Pennsylvania football game to be played at Pasadena, Cal., as a special feature of the twenty-eighth annual Tournament of Roses on the coming New Year's day.

Lovers of sport and others in all parts of this country will read in this game and of the University of Oregon, conceded by many to be the strongest football team ever turned out at Eugene. It is without doubt the greatest amateur sporting event of the year for western sport fans.

Last year Washington State College football brought fame to their Alma Mater and a feeling of pride to the whole northwest by decisively defeating the strong Brown University team of Providence, R. I. Could the University of Oregon duplicate this year by winning from the University of Pennsylvania, it will show without argument that the Pacific northwest schools are to be reckoned with when picking the champion football team of the United States.

In addition to the football team representing the northwest at Pasadena New Year's day, the Portland Hotel will be represented by a very beautiful float in the parade of the Tournament of Roses.

When the University of Pennsylvania football team starts west on December 22 to meet the University of Oregon eleven at Pasadena New Year's day, it will travel in a train equipped with shower baths for the use of the members of the team.

Word from Philadelphia is to the effect that twenty players and four coaches will come west in three special cars. The team is to be accompanied by one hundred Pennsylvania undergraduates. Both players and students have been invited to be guests of the Olympic Club of San Francisco, while in the west.

Coach Folwell plans to give his red and blue squad a thorough workout each day while crossing the continent for the New Year's day game, and the shower baths aboard the special train are considered a necessity.

The final practice of the Pennsylvania team for the Cornell game which Pennsylvania won Thanksgiving day by a score of 28 to 3 was done at Whitmarsh Valley Club, near Philadelphia. Nine members of the Pennsylvania team own their own motor cars. They backed themselves by risking nearly \$5,000 on the outcome of the contest. In all the Pennsylvania adherents wagered about \$25,000 on the Cornell game.

Coach B. C. Folwell of the Pennsylvania team asserts that two of his players, Fullback Howard Berry, the American Petathalon champion, and "Heinie" Miller, right end, should be selected for position on the All-American football eleven. Berry's wonderful ability to boot field goals has

been a great help to the Pennsylvania team.

In the West Virginia Wesleyan game he kicked a goal against a hard wind from the forty-yard line. Miller is a strong defensive player and is very fast on getting down the field under punts. He also has shown great ability on receiving the forward pass.

The game New Year's day will be the last intercollegiate football contest for five Pennsylvania players who are to graduate this year. They are Captain Neil Mathews, tackle; Lud Wray, center; Charles Henning, guard; Clem Urquhart, end; "Gravy" Williams, halfback.

Corporations Have Generous Streak

Two of the big corporations, the Bell Telephone Company and the Western Union Telegraph Company, have suffered strokes of generosity in due keeping with the Christmas season, and a number of local employees of both companies will have a substantial cash sum in the Christmas stockings as a result.

Manager Usher of the local telephone office received the following message this morning:

"Eugene, Ore., Dec. 16, 1916.
"To the Manager, Ashland, Ore:
"You are authorized to notify employees and give publicity to the following: The executive committee of the Pacific Telephone & Telegraph Company on Friday, December 15, authorizes the payment of a bonus to its employees which follows in a general way the plan for employees in the Bell system announced from New York by President Vail of the American Telephone & Telegraph Company. The details have not been yet worked out, but in general the distribution will amount to the equivalent of three weeks' salary to employees who have been in the service more than one year and who receive less than \$3,000 per year. Employees who have been in the service between three months and one year will receive the equivalent of two weeks' salary. Employees who receive more than \$3,000 and less than \$5,000 per year will also participate in the payments, but not in the same proportion as those receiving a lesser rate of pay.

"C. P. VAN HOUTTE,
"District Com. Supt."

The employees of the local Western Union Telegraph office also will receive substantial amounts, the bonus being extended to all employees who have been on the payroll since the first of the year. Employees receiving less than \$1,200 a year will receive a bonus of 7 per cent of the amount of their wages for the present year, and those whose salaries are between \$1,200 and \$2,000 a year, both inclusive, will receive a bonus of 6 per cent of their salary.

All messenger boys who have put in a year's service are to receive a cash bonus of \$25. Ivan O'Donoghue, who resigned a few days ago to accept a position with the Southern Pacific, would have been eligible for this.

Quarters and Halves To Have New Faces

New peace quarters and half dollars are expected to be in circulation in Ashland before many days. The San Francisco mint is already coining a large number of them, according to information received by Ashland bankers. A full length figure of Liberty, the folds of the Stars and Stripes flying in the background, will appear on the new half dollar.

The figure is walking toward the dawn of a new day, carrying branches of laurel and oak. The reverse shows an eagle perched high on a mountain crag, with wings unfolded. From a rift in the rock is springing a sapling of mountain pine, symbolic of America.

Mining Boom At Happy Camp

Gus Reichman of Fort Jones, who has the contract for moving fifty tons of freight composed of air compressors and other machinery for the Grey Eagle mine, on Indian creek near Happy Camp, started on Friday with the first load. He figures on moving most of it via Fort Jones and Scott Bar as he considers that road better than the one down the river. One air compressor weighs close to forty tons. Mr. Koerner, manager of the mines, which are owned by W. A. Thompson, a multi-millionaire of New York, first intended having the machinery shipped to Hornbrook and from there down the river, but finding that Yreka had a convenient place with large derricks, had the freight sent to Yreka. Besides the machinery which Reichman's hauling, there are about fifty tons of cement and material which Cooley & Smith have contracted to haul. Several requests have reached Yreka from Happy Camp for laborers and mining men as there is work there for over a hundred.—Yreka News.

Fifteen thousand people from thirty states and a dozen foreign countries visited Eagle Creek camp grounds on the Oregon national forest in 1916. This camp ground is 45 miles east of Portland on the Columbia highway.

WOMEN'S NERVES

Women, more than men, have excitable nerves, because tiring work and physical strain tax their more delicate nervous systems and bring premature age and chronic weakness—unless treated intelligently.

Drug-laden pills and alcoholic concoctions cannot build up a woman's strength, but the concentrated medicinal food properties in

SCOTT'S EMULSION

build strength from its very source and are helping thousands of women to gain control of their nerve power—overcome tiredness, nervousness, impatience and irritability.

SCOTT'S is a liquid-food—free from alcohol.
Scott & Bowman, Bloomfield, N. J. 16-7

Heavy Loading Reduces Car Lack

By insisting on heavier loading and prompter loading and unloading of freight cars the Southern Pacific has succeeded in reducing the hardships of car shortages.

During the month of October, according to a report of J. C. McDonald, assistant superintendent of transportation, the company saved the use of 3,978 cars by the one expedient of asking for the heavier loading of cars. In other words, to move the same quantity of the eighteen varieties of merchandise carried during October, 1916, would have required 3,978 more cars if laden with the lighter loads of October, 1915.

As more cars were not available than were moved, the company would have faced a shortage of 3,978 cars more than it does, were it not for this heavier loading.

Barley was carried with a heavier load of 3.4 tons per car; beets with 4 tons more per car; cement with nearly 3 tons more per car; corn and oats with 6.5 more tons per car; general merchandise of all sorts with 1.1 more tons per car. Among the actual car savings were: Barley 118 cars, beets 758 cars, cement 112 cars, lumber 158 cars, corn and oats 158 cars, general merchandise 2,535 cars, mill-stuff 110 cars, fruit, vegetables and other perishables 375 cars, stone and gravel 313 cars. There were savings of less than 100 cars on many other articles, such as beans, canned goods, hay, potatoes, sugar, wheat and wine.

OUR NEW SYSTEM FOR GRADING FURS INSURES YOU FULL VALUE

NO one man can grade furs rightly at all times. That is why we have established a commission of three fur experts who have done nothing but judge furs for years. They will grade the furs you send us and price them according to the latest market reports. This new system protects your interests and insures you full value on your furs.

COYOTES Are in Tremendous Demand
The large markets we have to supply make it absolutely essential for us to get a good, steady supply of pelts. We know that the best way to get this is by protecting the interests of those who ship furs to us. We established this commission to protect ourselves as much as to protect you. It was simply good business. We make more in the end by paying you more. And besides, we are encouraging trappers of high grade pelts by a premium system.

FREE Automatic receivers, guns, traps, etc. Our profit sharing plan not only gets you top cash prices, but also gives you free, rifle, shot guns, traps and other things you want. So don't be tempted to send your furs elsewhere. We can make this year the biggest year you have ever had. Write for our Fur Club News, Premium List and List of Prices. All mailed to you FREE. Write TODAY.
