**High School Notes**  
(By Leith Abbott.)

**Ashland Wins.**  
The Ashland high freshmen team which defeated the Medford high team in the local gymnasium last week visited Medford Monday evening for a return game. It was a hard-fought contest ending in a tie score when the final whistle blew. The Medfordites managed to annex two baskets in the next five minutes of play and thus a third game was made necessary. G. M. Ruch accompanied the midgots to the valley metropolis. The third game was played Thursday night in the high school gymnasium and resulted in an overwhelming victory for the local team, the final score being in the neighborhood of 40 to 6. The Ashland team consisted of such future hopes as Clyde Young, Dale Brown, Jimmy Blair, "Deek" Bryant, Walter Jones and Rilling Schuerman.

**"Hobby" Party.**  
Louise Gillette entertained a number of her girl friends at her home on Gresham street Saturday evening. The party was very different from the ordinary run of birthday parties and reports show that they enjoyed "staggering" the party very much. The guests all came arrayed in a costume which represented their "hobby." Many unique costumes were on hand. There were tennis players in immaculate flannels, hikers, bellhops, authors, musicians, baseball and basketball players and innumerable other novel features. The only male who got "inside dope" on the occasion was Harley Holmes, staff photographer for The Rogue, who appeared at a late hour in time to get a few flash-light pictures of the group. Those present were the Misses Grace Bess, Fern Murphy, Laura Wiley, Gladys Good, Alta Scott, Bernice Finley, Gertrude Moore, Ruth Hadley, Agnes Hedberg, Dorothy Jones, Emma Koehler, Myrtle Conwell, Priscilla Carnahan, Cora Divet, Edith Moody, Marjorie Gillette, Mate Skeene, Ernestine Hicks, Eva Disney, Elizabeth Finneran and Bernice Myer.

**Y. M. C. A. Man Talks.**  
Mr. T. B. Rhodes, secretary of the Y. M. C. A. for several of the north-west states, and one of the best known Y. M. C. A. workers on the coast, addressed the students Monday morning. Mr. Rhodes is an old college friend of Principal Moore. He gave a short, forceful, well-illustrated talk on the requisites of a man's life on the moral side, and made his talk very interesting to the students.

**Oratory Program.**  
The oratory class had a most enjoyable session Monday morning in the gymnasium. The program consisted of:

Limericks on the class members...  
..... Doris Taverner  
A vocal doot. .... J. Finneran and L. Abbott  
Talk ..... Emma Koehler  
A real vocal duet ..... Mae Skeene and Grace Bess  
Reading ..... Bernice Myers  
A talk in Spanish ..... Amelia Esparza

The oratory class members start next Wednesday with their talks in front of the assembly room.

**Basketers Entertained.**  
Miss Moffit, coach of the girls' athletic team, entertained the girls' basketball team at the home of H. J. Boyd, on Alida street, Friday evening. The evening was spent in merry games and was brought to a climax when the ice cream freezer came up missing. Visions of an empty stomach soon caused the red and white champs to scour the neighborhood in search for the missing coldness. It was soon found, however, in a hidden nook where it had been deposited by another teacher to keep it from the hungry hands of those "dreadful high school boys." Those present were the Misses Alice Hast, Jessie Inlow, Alta Scott, Mary Thomas, Bernice Finley, Claire Tucker, Naomi Wilson, Grace Bess and Helen Van Dyke.

**Teacher Talks.**  
G. M. Ruch of the science department gave a most interesting illustrated talk in the gymnasium Wednesday morning. His talk was on "Birds," and he had a large collection of stereopticon views to illustrate his talk. He dwelt on the transformation of the bird from the stone age up to the present day and also talked on the various kinds of birds found on the coast. The girls' glee club rendered several selections of music as a prelude to the morning's entertainment.

**Reid Harrell and Aubrey "Doc" Furry, members of the science class and two of the best known athletes in school, gave up their school duties for a position in the Weed lumber camps, and left for their new occupation Tuesday morning.**

**Gerald Gunter, a graduate of last year's class, is now taking post-graduate work in the commercial department now.**

**Track Man Quits.**  
Burton Wine, one of Ashland high's best track men, one of Ashland high's championship relay team last year and one of the school's representatives at the state meet last year, had to give up track work Thursday on account of a dilated heart. His departure is a damaging blow to this year's track hopes.

**Fewer Eggs are required with ROYAL BAKING POWDER**

In many recipes the number of eggs may be reduced with excellent results by using an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following recipe is a practical example:

**Chocolate Sponge Roll**

1/4 cups flour	2 tablespoons melted shortening
1/2 teaspoon salt	1/4 cup hot water
1 cup sugar	1 teaspoon vanilla
2 eggs	2 teaspoons Royal Baking Powder
2 squares melted chocolate	

The old method called for 4 eggs and no baking powder

**DIRECTIONS**—Sift flour, baking powder and salt together three times. Beat whole eggs. Add slowly sugar, then boiling water slowly; add next vanilla, melted chocolate and melted shortening, without beating. Sift in dry ingredients, and fold in as lightly as possible. Pour into large baking pan lined with oiled paper, and bake in slow oven twenty minutes. When done, turn out on a damp, hot cloth, spread with white icing and roll.

Booklet of recipes which economize in eggs and other expensive ingredients mailed free.

Address ROYAL BAKING POWDER CO. 135 William St., New York

The consignment is being handled by the Western Import Company, which has been working for the last seven years to introduce them in America. They were brought here from Japan on the steamship Kotsu Maru.

**State Fair Prizes Will Total \$28,000**

At the meeting of the state fair board held at Salem Saturday afternoon, it was decided that the premiums for the 1917 fair should be \$28,000, which is \$4,500 more than the premiums for last year. Of this large amount, \$17,500 comes from appropriations by the legislature. The remainder comes from gate receipts and from the concessions.

The total premiums for the county agricultural exhibits was fixed at \$8,000, which is an increase of about \$2,000. The increase goes for larger premiums on sheep, swine and dairy cattle. On account of difficulty last year in the goat section, no premiums will be given them this year. On account of there being little competition on Dorset sheep and Essex swine the premiums on these breeds were eliminated.

The board added \$2,500 from its fund to the \$4,000 appropriated by the legislature for the purpose of connecting the fair grounds with the Salem water system.

For the accommodation of the public the board decided to install 73 patent lavatories, eight more water fountains. Fire hydrants will be placed in the principal buildings and all facilities for protection and safety improved.

There was some question as to whether or not the horse show will be held this year or not. The matter was not decided at this meeting.

**Beans From Japan Invade America**

Four solid trainloads of beans from the Orient, valued at over a million dollars and constituting the largest single movement of this commodity ever coming to the United States, have arrived in San Francisco to be trans-shipped by the Western Import Company to eastern markets. The Southern Pacific has already started one train of twenty-nine cars over its Ogden route to New York. Three others will be required for a total shipment which amounts to 65,000 bags.

**OREGON PEOPLE.**

Astoria, Oregon.—"My blood was bad for a long time and I was all run-down, had severe headaches, was nervous and tired all the time. After trying different remedies without getting any better, I decided to try Dr. Pierce's Golden Medical Discovery and the 'Favorite Prescription' according to directions and was restored to perfect health. I can conscientiously recommend them."—Mrs. C. O. MESSENGER, 1733 Duane Street.

**Velvet THE SMOOTHEST SMOKING TOBACCO**

**A STRONG tobacco may have lots of flavor, but you can't smoke as much of it as you want. A mild tobacco often has only its mildness to recommend it. VELVET combines mildness and flavor in such a way you can smoke all you want, and want all you smoke.**

**THE fren'ship that's hardest to gain, usually lasts the longest. The harder it is to please yo' tobacco taste, the longer you will stick to Velvet.**
