

Movie Matters

A casualty which sounds more like the last gasp of a frenzied press agent than like a fact, was sustained in all truth by the Yonkers Triangle studio when a new props man fainted cold the other day upon discovering a man-size dummy among the debris in the studio.

Eileen Percy, who was appearing in "The Century Girl" in New York with Elsie Janis, upon the latter's recommendation has been signed by Douglas Fairbanks.

Vitagraph has discharged players whose aggregate salaries amounted to \$11,000. Dorothy Kelly, Wilfred North and others who had been with Vitagraph for years also were released. There is talk of another reorganization there.

Now that Geraldine Farrar has published her allegiance to this country the Lasky company has decided to produce two more Farrar features.

Anna Luther, during her vacation in the east, is the guest of Pearl White at the latter's home in New York.

The war garden fad has swept the Balboa girls and boys off their feet. Bruce Smith has in half an acre of potatoes; Viola Vale is raising radishes; Auditor Turner has planted all kinds of vegetables; Kathleen Clifford has grubstaked a Japanese to raise potatoes and other green things, and still the reports come in.

If it were not for Montagu Love's contract to appear in World Pictures, Brady-Made, he would surely find his services as an illustrator in the greatest demand, now that public attention is so strongly turned toward military events. Mr. Love's cavalry pictures are regarded on all hands as the best since Remington's death. The actor-artist, however, is tied up to the movies. His next play, in which Gerda Holmes and Evelyn Greely are the featured artists, is "The Brand of Satan."

Regina Badet, the beautiful star of "Atonement," one of the French photoplays purchased for America by World Pictures, Brady-Made, was formerly regarded as the most beautiful and gifted dancer on the Parisian stage. A wonderful moonlight dance is a prominent feature in "Atonement," which will be issued this month.

The latest addition to the galaxy of pretty actresses at Universal City is Donna Moon, who has signed a contract to appear before the camera in Universal photoplays. Miss Moon is a native of Salt Lake City and was educated in the public schools here and in Los Angeles. She has had three years' experience on the stage and in pictures, but prefers the latter. She was one season in stock with Willard Mack and Marjorie Rambeau and later had two seasons in vaudeville on the Orpheum circuit.

C. Gardner Sullivan, chief of the Triangle-Ince scenario staff, who wrote "Plain Jane," "The Wolf Woman," "Home," "Hell's Hinges" and other screen successes, has recorded another hit with "Happiness," in which Enid Bennett stars. Like "Plain Jane," it is a story of the college campus, but surpasses that play in the abundance of humor and character development. Sullivan is a man of wide newspaper experience, having served on leading dailies throughout the country. He was born in Stillwater, Minn., and was educated at the University of Minnesota. Graduating from that institution in 1907, he became a reporter on the St. Paul Daily News. Subsequently he worked on newspapers in Minneapolis, Duluth,

Des Moines, Sioux City, Omaha, Kansas City, Chicago, Cleveland, Pittsburgh, Philadelphia, Washington, New Orleans and New York. Later he became a free lance photoplay writer and sold sixty stories to Thomas H. Ince before taking a position on the regular staff. Mr. Sullivan has demonstrated that an author may display individuality of style in screen writings. After seeing "Plain Jane," "Home" and "A Corner in Colleens," the spectator can not fail to recognize the special Sullivan craftsmanship in "Happiness."

William S. Hart, the Triangle "bad man," will soon be before the local movie fans as an honest, big-hearted ranchman, whose six-shooters are drawn only once and then with chivalrous intent. The drama in which Hart makes his debut as a noble hero is "Wolf Lowry," an Ince-produced picture by Charles Turner Dazey, with Margery Wilson playing the opposite role. William Hart is to appear before Portland audiences in person soon, and his latest masterpiece, "Wolf Lowry," is now playing in Portland show houses.

Mill Accidents Are Increased

Oregon's industries are speeding up and there are more of them, according to the last week's report of the state industrial accident commission, which shows that in that period there were 454 accidents reported to the commission. Of this number 375 came under the provisions of the act. This is the largest number to come under the provisions of the act since the commission was formed, and it indicates that Oregon is having more mills and that more men are being employed in these mills. In fact, industry is speeding up to meet war conditions, and these accidents may be said to represent the wounded men on the firing line.

Four fatal accidents were reported. The fatalities were: Frank Babely, ioned, railroad operation; Ulysses S. Hanson, Heppner, railroad operation; Abijah Bickford, La Grande, trespasser, and Harold Hansen, Colton, mining.

Freight Rise May Not Affect Lumber

That the interstate commerce commission is much interested in the showing of the commissions of the west and western shippers regarding the proposed horizontal increase in freight rates of 15 per cent is the statement of H. H. Corey, public service commissioner, who is now at Washington, D. C., representing the Oregon commission at the hearing there, in a telegram to the commission.

He says the Oregon commission has filed a protest against any horizontal increase in the rate. He says also that the west has completed its testimony in this regard. He believes the interest of the commission will be reflected in a decision that will be of benefit to the west in a lesser increase than in other sections. He looks for a suspension of the lumber and the fruit advance.

Could anyone fool you on a Rose —with your eyes blindfolded?

Of course not—

"Your Nose Knows"

By its fragrance alone does the rose makes its universal appeal. Nor can anyone fool you on tobacco either if you rely on your unerring, personal sense of pure fragrance. Tobacco without a definite pure fragrance is like a rose without perfume—"Your Nose Knows."

But

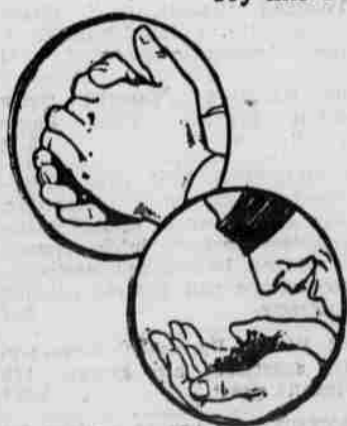

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is the rose of tobaccos. Its rich, ripe Burley leaves, grown in the "Blue Grass" region of Old Kentucky, are so carefully aged and blended that its pure fragrance is as individual, as appealing as the rose—"Your Nose Knows."

Try this Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

"Kie-Yie-Yie! Get Me 'Gets-It' Quick!"

2 Drops Make Corn "Fall" Off!

"I've joined the Never-Again Club. Never again will I use anything for corns but 'Gets-It.' Put 2 drops of 'Gets-It' on, and from that second the corn begins to shrivel."

"Oh, Don't Touch It! It's So Sore!" Use "Gets-It" and It Will Never Be Sore!

Instead of swelling up like a little white sponge. Then it loosens from your toe—and, glory hallelujah! the corn comes off as though you'd take a glove off your hand!

Yes, "Gets-It" is the corn discovery of the age. More "Gets-It" is sold by many times than any other corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of millions and use "Gets-It." "Gets-It" is sold everywhere.
