Christian Church Notice. Bible school at 10 a. m. Sunday preaching service at 11 by Rev. Davis. Mr. Davis preached a very interesting sermon last Sunday on the theme, "The World Would See Jesus in Social Business and Home Life." His sermons are especially interesting to young people. Mr. Davis preaches at the Christian church at Talent on Sunday evenings, hence there is no church service at the Ashland Christian church. C. E. at 6:45. Leader, Miss Esparza. Subject, "What is Reverence?"

Mission Speaker Coming. On Sunday, the 24th, at 11 a. m., Dr. Alonzo M. Petty, secretary for the Foreign and Home Mission Board on the Pacific coast, will preach at the Baptist church. His theme is one that should tax the capacity of the church building. If you are not sure about God's part in this world war, come and listen to this sermon and you will be convinced; it may be, even against your will. Please don't miss it. His theme, "Watchman, What of the Night?" A thought: "God determines the bounds of the earth and the nations. God keeps this power in his hand."

Mayor Charivariad. One of the noisiest, liveliest gatherings imaginable made the vicinity of Mayor Lamkin's home on Oak street disagreeable last night when about thirty members of the Civic Improvement Club met and charivariad Mayor and Mrs. Lamkin, the occasion being their thirtieth wedding anniversary. The evening was made enjoyable by a series of stunts, including a marriage ceremony of the

mayor and his wife, Rev. Carnahan officiating, with a dictionary as a Bible. The bridal veil, composed of a lace curtain, made the bride an object of envy by all present, while the rest of the evening's program was carried out in the same fun-making manner. All-day suckers were served as a refreshment at a late hour.

Children's Day Program. Next Sunday at the Baptist church at 11 a. m. the following program will be given:

Wednesday Club. The Wednesday Afternoon Club was delightfully entertained Wednesday afternoon at the home of Mrs. N. S. Ballenger on Allison street. She was assisted in entertaining by her daughter, Mrs. Cooper of Arizona. The afternoon was devoted to making socks and aprons for the picnic which is to be held in the park Thursday afternoon and evening, June 25. Miss Patterson gave a talk on the Red Cross work and asked the club

to take up some outside work such as knitting sponges, etc. Arrangements were also made for the Wednesday Club and New England luncheon next Tuesday at the Elks' Temple, for the fifty men who solicit for the Red Cross drive.
Delicious refreshments were served. Mrs. Brady assisted Mrs. Ballenger and Mrs. Cooper in serving. All voted Mrs. Ballenger a royal entertainer.

Bellevue Picnic. On Friday the Bellevue Sunday school expect to have a picnic in the Grove up the creek from the school house. The Sunday school will furnish free lemonade for the children and everyone will bring their lunch and enjoy the picnic dinner together. A program is being prepared for the day, and part of the exercises will consist of sack races and equally amusing stunts for the children and amusements for the grownups of various kinds.
Bellevue has a splendid Sunday school at present, of wide-awake young folks, and much of the efficiency of the school is due to the faithfulness of the C. A. Brown family, who have the Sunday school in charge.

Railroad Rate Hearing To Be Held

Notice has been given by the public service commission that in the matter of prescribing and fixing standards for grain, hay and other agricultural products and the promulgation of rules and regulations concerning the handling, weighing, inspecting and storage of grain, hay and other agricultural products and the management of public and terminal warehouses, hearings will be held June 18, at the court house in Portland, June 19 at Tacoma, June 20 at Spokane, June 21 at the county court house in Pendleton.

These public hearings will be conducted jointly by the public service commissions of Oregon and Washington, and all interested parties are urged to be present and give such testimony or advance information that may be pertinent. It is planned that in working out the grain standards both commissioners will work in harmony. They will be assisted by the Oregon Agricultural College. It is expected that the settling of a standard for grain and hay will prove of great benefit to the people of the state in general.
With the two commissioners working together, it is planned to make the standards the same for both states. Idaho and Montana, both grain-raising states, have no standards in this regard. Practically all the grain, under normal conditions, travels through Seattle or Portland, and with grain standards in use Oregon and Washington will be able to control the situation.

The "high jinks" staged by the 1st company, Coast Artillery, at the Vining Theatre Tuesday evening as a special feature of a "Wilson day" program pleased the crowded house immensely. The curtain rose on about twenty soldier boys tossing one of their members in a blanket. A campfire in the foreground, tents and sentries in the background, lent the proper atmosphere to the camp scene. Songs, jokes and stunts of a varied nature followed one another in quick
