

In the Social Realm

Cole-Doran Wedding.

One of the happiest weddings that has occurred in south Ashland in a long time was at high noon Wednesday of this week, at the residence of James H. Doran on Ashland street, in the marriage of the daughter, Fannie Maria Doran, to Clinton Cameron Cole of Youngstown, Ohio.

As the clock measured the hour of twelve, Miss Elsie Cole struck the piano keys in the notes of "Bridal Chorus." The happy couple came under the floral arch preceded by two young girls, Alice Doran, sister of the bride, bearing a large white rose in which was the wedding ring, and Alma Doran, cousin of the bride, with a beautiful wreath of flowers. Rev. W. T. Van Scoy performed the ceremony, which was beautified by the bestowal of the ring by the groom. The bride looked beautiful in a dress of wisteria chiffon taffeta silk, and the groom was a model of neatness in conventional black.

The parlor floral decorations were pink and white. The guests were relatives only, except a few very near friends of the family. One of these, Mrs. L. C. Hanscom, was present, thirty years ago, at the wedding of J. H. Doran and wife, father and mother of the present bride. Mrs. M. Praecht and granddaughter Maxine were also guests. Many very valuable gifts were presented to the wedded pair. Following the ceremony was a most bounteous wedding dinner, prepared by the mother of the bride and Mrs. Frank Doran. The bride's cake and the wedding cake were fine enough and large enough to set before a king.

The groom is a native of Oregon and grew to young manhood in Ashland. He attended the normal school and high school, and afterwards took a course in civil engineering with the Stone & Webster Engineering Company, and with which company he and his brother Alva are now operating at Youngstown, Ohio, and vicinity. The bride is a native of Minnesota and has grown to young womanhood in Ashland, and received her education in the city schools. She has many young friends here. The wedded pair went aboard No. 16, northbound, yesterday, and go east by way of the Northern Pacific. Their tickets were for Youngstown, Ohio, where they will reside. The good wishes of a host of friends go with them.

Christian Church.

Bible school at the usual hour, 10 a. m., Sunday. Preaching at 11 a. m. by Rev. Davis. Mr. Davis preached a splendid sermon last Sunday on the text, "Inasmuch as ye have done it unto the least of these ye have done it unto me," taken from Matt. 25th chapter. The Red Cross benefit and relief work were brought out in a very interesting manner. C. E. Sunday night at 6:45 on the subject, "Mission Work in Our Cities." Leader, Miss Gertrude Clark.

Adjourn for Summer.

Alpha Chapter No. 1 of the Eastern Star adjourned until September at its regular meeting June 19, after voting the sum of \$50 in behalf of the Red Cross drive.

Married.

Howard Grover, who will be principal of the Bellevue school next year, was married in Medford Wednesday afternoon to Miss Willie Marie Seely, daughter of Dr. and Mrs. E. R. Seely of Medford. After a honeymoon trip to New York city they will return to make their home in Ashland.

Shower.

Miss Gertrude Barber, who is to be married this evening to Earl Fraley, was the recipient of a "shower" at her home on Granite street Tuesday evening. Loads of beautiful and useful things dear to the heart of a bride-to-be were showered upon Miss Barber. Light refreshments were served and a most enjoyable afternoon spent.

Miss Barber and Mr. Fraley are to be married at Medford at 6 o'clock this evening. The former is a daughter of Mr. and Mrs. W. M. Barber of this city. She is popular in social circles and a general favorite. Mr. Fraley is the son of Mr. and Mrs. C. Fraley of Ashland. He is principal of the Taft, Cal., high school.

Those present at the shower were: Misses Gertrude Barber, Fern Murphy, Ruth Hadley, Dorothy Jones, Emma Koehler, Bernice Meyer, Minora Cornelius, Maria Caldwell, Agnes Hedberg, Alice Poor, Louise Gillette, Alda Heer, Flora Provost, Jessie Thatcher, Lillian Greer, Margaret Hodgson and Mrs. C. W. Fraley.

W. R. C. Club.

The W. R. C. Club met Tuesday afternoon at the home of Mrs. Don Smith on the Boulevard. The decorations were roses, sweet peas and ferns, and the house was a bower of beauty. The afternoon was spent with fancy work. Refreshments of home-made wafers, strawberries and cream were served. The hostess was assisted by Mrs. Allen Peters and Jessie Spindler. The next meeting will take place September 3.

Civic Club.

The next regular meeting of the Civic Improvement Club will be held in Luthia park Tuesday, June 26, at 2:30 o'clock. It is hoped that all the new members will be present for this get-together, get-acquainted occasion, and assist in the consideration of a number of matters of importance. Assembly at the bandstand. Following the meeting there will be a Dutch treat at the Bungalow.

Ice Cream.

Mr. and Mrs. Ed Wolters of Mountain avenue enjoyed a pleasant evening together Monday with some of their friends, eating ice cream. Mr.

Wolters on coming in from his railroad work of the southern end of the road discovered that he was hungry for ice cream and went uptown and got such a large freezer full that they had to call in the neighbors to help eat it. However, the neighbors can testify that the strawberry cream was very fine indeed and are not at all sorry Mr. Wolters concluded he was very hungry for ice cream.

Oregon's Dollars Are Not Slackers

If there were no Red Cross—America's part in the world conflict would only be ruthless warfare. We would be sending forth forces solely to lay waste, destroy and kill. For our soldiers and sailors, we would give no evidence of the concern felt at home for their welfare.

In our selfish clinging to convenience, comfort and luxury, we would give no sign of the "Spirit of '76" or the splendid quality of sacrifice that strengthened the fingers of our women in the civil war as they tore their delicate garments into bandages.

Our dollars would be slackers and the soldier boy you told good-bye to probably would not come back again.

But there is a Red Cross—America has unsheathed the sword and elevated the Red Cross.

On every battlefield our soldiers will not go farther than the stretcher bearers of the Red Cross, will not risk their lives more splendidly for our liberty than the stretcher bearers do for money.

Our ally will not love us better for the strength we give his fighting arm than the healing we lay upon his wounds. Our boys will fight more heroically, confident that if they fall, the Red Cross will carry them back of the trenches and do all that skill and love and devotion can do to save their lives. Knowing, too, that if a little cross in a foreign land must mark their last resting place, the Red Cross at home will be keeping want from mother, wife or children.

Wherever war makes need, the Red Cross serves. The service of the Red Cross demonstrates above all that we do not brutally fight to beat down and break a foe, but for liberty, not so swayed by lust of battle that we cast from the hand of love the symbol of mercy—the Red Cross.

Thus, even as America fights, America's heart thrills in response to the Red Cross appeal and American pocketbooks open wide.

Thus, even as Oregon gives her young men to the army and the navy, she gives her money to the Red Cross that our defenders may be defended.

Throughout the state the emergency appeal of the Red Cross has set in motion an army of volunteer workers that are getting enthusiastic, patriotic, generous response everywhere.

Oregon's dollars are not slackers.

Tiffany Gets Sewer Contract

O. C. Tiffany was awarded the contract for the construction of the sewers to be constructed on Maple street and Lincoln street by the city council Tuesday evening. His bid was far below that of the other bidders. Mr. Walker stated: "Those will be the cheapest sewers the city of Ashland has ever got. The bid on the Lincoln street sewer was 32 cents per foot."

Card of Thanks.

We wish to thank our many friends and neighbors for their expressions of sympathy and their kind services given so generously during the sickness and following the death of our dear one.

MRS. D. WEREN,
MRS. C. L. BERGSTROM,
MRS. B. O. WALLSTEN,
MR. E. H. WEREN.

Council Spends Busy Evening

The city council spent a busy evening Tuesday and transacted a great deal of routine business in record time, also taking care of several matters of more than passing interest to citizens generally.

Park Board Reports.

The park board reported taking over Chautauqua park and the building of a wide walk through this portion, the walk to be gravelled this month. Miss Eunice Grubb has been hired for the season to supervise the children's playgrounds. A concession to sell confections has been sold and the returns from this will go a long way toward upkeep of the playground. Income from cup machines amounted to \$76 in May and from gas at the auto camp \$7.50.

Sewer.

After a lengthy discussion in which the unfairness of the present plans for assessing the cost of a costly sewer, which will later become a trunk sewer for numerous laterals, on a few property owners in the Maple street vicinity, the council decided to plan other extensions at the present time and will meet tonight to take the matter up.

Comfort Station Plumbing.

The contract for the installation of the plumbing in the new city comfort stations in the new Chautauqua auditorium was let to Thomas Simpson. The cost will be \$533 and the stations will be complete and up to date. The old shack in the lower park is to be torn out.

Water for Roundup.

The roundup association was granted city water for the period until after the roundup. A temporary pipe is being laid to the grounds.

Wants Water.

W. R. Yockey asked that city water be extended to his property, "El Canto Heights," and the water committee will investigate. W. Stewart, a sixteen-year-old lad who is putting a vacant lot into garden, was granted city water for irrigation.

White Way to Buckers' Hotel.

Permission was granted to the roundup men to string light streamers on Pioneer avenue from Main street to the Park hotel, which will be used as a "Let 'em Buck" hotel to house the roundup performers.

Will Fix Fire Alarm System.

The fire alarm system, which has been cutting up all kinds of capers whenever the wind blows, is to be fixed. The committee will take the matter up. The whistle has fallen into the habit of lifting everybody in the neighborhood of the city hall out of their shoes on frequent occasions, due to a ground on the line somewhere. The city is looking for a cross man to act as cross detective and find the cross.

New Street Grader.

The old street grader may be turned in as part of the purchase price of a new street grader which is said to be much better suited to the needs of the city. The old grader requires four horses to handle it, while the lighter machine can be hauled by two horses for ordinary work. The matter of the purchase has been left to the street committee, as has also the matter of the purchase of a pavement patching kettle, to be reported at the next meeting.

Jitney Ordinance.

An ordinance regulating jitney traffic to the roundup grounds was passed and is reported at length elsewhere.

Died.

Mrs. Margaret Grisez, a pioneer of Siskiyou county, died in an Ashland hospital Sunday evening while on a visit to her daughter-in-law, Mrs. Frank Grisez. Her age was close to 77 years, and death was due to a weak heart. The body was taken over the Siskiyou in H. C. Stock's auto hearse Monday and buried at Yreka Tuesday.

The Great Effort And What It Means

The greatest effort which humanity has ever been called on to make in the interest of a suffering world is now on, and few shirkers are found. Perhaps no plan could have been devised that within one week's effort would furnish such a splendid census of the patriotism of this great country than the plan of raising \$100,000,000 for Red Cross purposes. It is a wonderfully inspiring thing that at this moment is being done in every nook and corner of the great republic. Who is it that now is willing to say that America can not be aroused by sentiments of humanity and mercy to offer its money and the blood of its sons in the cause of liberty and love?

Away out here, 6,000 miles from the trenches, the wave of interest is rolling in with an irresistible force. Rich and poor alike are coming to the front and placing on the altar their offerings. The widow's mite as well as the great contributions of the "captains of industry" are made with thankfulness. Our boys who are soon to be started to the front, though still with us, will not forget what they see and hear today. When suffering from sickness and wounds and oh! so far from home, they will remember with gratitude the proof of the solicitude of those who have been left behind.

Though your son may not be soothed by the lotions and bandages of his own mother and sister, yet he will be by that of some other, while those prepared by his own loved ones will be mitigating the suffering of some other mother's sons. In the great common cause of humanity this great country is a common family. The boys are all of them the sons of each.

From all reports Oregon is doing in this as in the Liberty bond matter, meeting the call fully and with measure running over. It is something to cheer the heart of the sick and weary to see with what eagerness all are coming forward. Last evening after the canvas of the day had closed, a little girl and her mother appeared at the home of one of the canvassers. The mother had already made her contribution and the girl would not allow her mother to rest until she, too, had made hers, and though needing the money for other purposes, she gave \$2, saying that she would do without something she thought she needed. Such things will make the boys brave. Many things are in evidence to show more than ever before the attitude of people to the flag and the things it stands for. A few days ago an aged Sweed was buried here at the age of 73. Some years

ago a flag had been given to him and he loved it. His daughter told how, when the war was declared, he had the flag displayed and that he often stood with uncovered head reverently looking at it. Who will doubt the patriotism of men who were born on foreign shores, but have come to this country because the conditions here suited them better than the fatherland? Traitors there are of course, but only a very small percentage of our foreign-born citizens can be rated among them. They are proving their loyalty today. The record which the American people are now making will shine as one of the brightest pages in the history of the world.

C. B. WATSON.

Hansen Plan Upheld By Circuit Court

In the circuit court Tuesday Judge F. M. Calkins rendered a decision in the suit brought by Charles D. Colby and William Staffey against the city of Medford involving the validity of the paving assessments and the legality of the charter amendment known as the Hansen plan, by which Medford hopes to obtain relief from an accumulation of financial burdens.

Judge Calkins in an elaborate opinion held that the Hansen plan was legal and that the paving assessments were valid.

Attorney F. J. Newman, who represented Messrs. Colby and Staffey in the suit, announced that an appeal would be taken at once to the supreme court of the state. It will be several months yet at least before the decision can be obtained from the latter tribunal.

Medford's interests in the suit were represented by F. W. Mears, city attorney, and Evan A. Reames.

Traveling Passenger Agt. Jenkins Promoted

Willis H. Jenkins, traveling passenger agent for the Southern Pacific Company, well known in Ashland, has been promoted to the head of the advertising department of the road at Portland. Carl Taylor has succeeded to Mr. Jenkins' place as traveling passenger agent.

St. Johns—Two ship plants will locate here. Preparatory work to begin without delay.

Marshfield—Oregon Power Company to build an extension power wire to Coquille at cost of \$25,000.
