

Ashland Needs Detective Bureau

A sensational incident of the recent Hyu Hehe celebration and roundup has come to light which shows the need of a city detective bureau.

But here the plot thickens. When the car was found, one of the Portland officers was seen sitting at a window, who appeared a little under the weather.

time that they were really serious about it. With a keen insight into their designs, Atterbury thought fast, determined to foil the plot.

When interviewed, Mr. Atterbury acknowledged that he same near being the "goat," as the Portland boys "were really in earnest."

Chief Atterbury realized by this time that they were really serious about it. With a keen insight into their designs, Atterbury thought fast, determined to foil the plot.

Dynamite Found In Klamath

Merrill Times: A few days ago A. R. Hake was in Attorney J. A. Lemery's office and at the close of their conversation spoke of one Joe Strong who, while stopping at his home, was sleeping with a gun under his pillow and had warned Mr. Hake not to come in late as he might be shot if he did not make himself known.

Attorney Lemery reported the matter to Ed Hopkins, deputy sheriff, the federal authorities and the Southern Pacific Company.

It is thought that more dynamite is buried or secreted by Strong, and he had his mind on the destruction of the Southern Pacific tunnel nearby.

Prosecuting Attorney James M. Allen came up Friday morning, June 29, bringing another officer with him, and Strong was taken to Yreka for a preliminary hearing.

C. F. Tilton—Land des. D. R. 71, page 112; lands des. D. R. 87, page 667.

Said petitioners pray that not only each of the aforesaid described tracts be excluded from said district, but also all tracts contiguous thereto, lying within the boundaries of what is known as the Bellevue District, and more particularly described as follows, to-wit:

corner of the S. E. 1/4 of the S. W. 1/4 of the said section 15; thence east to the N. E. corner of the N. E. 1/4 of section 22; thence south to the N. E. corner of the S. E. 1/4 of section 22; thence east to the center of section 23; thence north and east along the west and north line of the S. W. 1/4 of N. E. 1/4 of said section 23; thence north along the west line of the N. E. 1/4 of the N. E. 1/4 of section 23; thence east to the S. W. corner of the S. E. 1/4 of section 13; thence north to a point of intersection with the public highway, near the center of section 13; thence northwesterly along said public highway to the S. E. corner of the S. W. 1/4 of the N. W. 1/4 of section 11; thence north to the north bank of Bear Creek; thence northwesterly along said north bank of Bear Creek to a point where said north bank intersects the west line of section 3; thence south to the city limits of Ashland; thence following in a southeasterly direction the line of the city limits of Ashland to the point of beginning. All of the said description being in township 39 south, range 1 east of the Willamette Meridian. All in Jackson County, Oregon.

The petitioners pray that the whole of said tract lying within said boundaries be excluded from said Talent Irrigation District, and recite their reasons therefor as follows:

That to construct canals and laterals to irrigate the lands above described from a common source with the other lands would unduly increase the cost per acre of the whole project.

That the soil of the land sought to be excluded would require a much greater amount of water per acre than other lands lying within the project.

That so large a number of the owners of land lying within the area

sought to be excluded from said district desire to be excluded therefrom and would vote against any further procedure toward the development of the said irrigation project that their inclusion might and probably would jeopardize the further development of the whole district.

You are notified to appear at the office of said Board of Directors at 8:30 a. m. on Tuesday, August 7, 1917, at Talent, Oregon, and show cause, in writing, if any you have, why the change of the boundaries of said district, as proposed in said petition, should not be made.

Dated Talent, Oregon, July 8, 1917. LOUIS BROWN, Secretary of the Board of Directors of the Talent Irrigation District.
