

THE ONE CHANCE

To buy fine new goods at wholesale cost. I am determined to get out of business quickly and I depend absolutely on my quality and price to do it. You will be convinced when you examine my stock and prices

Diamond Set LaVallieres-- Want to show you these goods. We'll leave it to you. We have them from \$4.00 in diamond set to \$60.00 each. You'll recognize the values all right.

Our Line of Stone Set and Signet Rings is yet unbroken--about 500 to select from. It's our business to make the price. We also have about 25 Diamond Rings set in 10 and 14 K mounts ranging from 1/2 carat to 3/4 carat. Regardless of the 12 to 18 per cent. raise in diamonds we are pleased to quote a price not affected by it.

Neck Chains in gold, Locketts, Charms. Scarf Pins, Broaches, Studs, Ear Rings, Tie Clips, Eye Glass Chains, Gold Knives, Match Boxes, etc.--half-price.

We carry **1847 Roger Bros., Community, Reed & Barton, Holmes & Edwards** and "Alvin" Silverware. You know what these goods are--they're not "off brands" nor "old goods," in fact this class of goods don't get old.

We carry **Elgin, Waltham and Hamilton Watches**--You know these also. They are too good to get old.

We carry **L. K. Gold Cuff Links, Simmons Chains, Hamilton & Hamilton Chains, Krementz LaVallieres, Ostby & Barton Rings and J. R. Wood & Sons Rings.** They are the kind that always give satisfaction; they don't age in a day, not even in a few months in the show case and give unlimited satisfaction for years to the wearer.

We carry **A. L. Reed & Co. Leather Goods**--The Arlington Parisian Ivory, The Paralyin Ivory and a host of other trade marked goods widely known--the kind and quality that resist "age."

We Are "Hooverizing" in this sale by cutting out every expense possible to be able to offer some unusual prices. This coupled with the fact that our goods cost us about 35 per cent. less than they would cost us now makes it strictly possible and people not only believe it but they know it and are buying the goods.

We want to close out this stock completely so we can establish a new and modern repair shop in Ashland and give all our time and energies to fine repairing. That's why we're making the price, that's why people are buying the goods, that's why we are going to keep on making prices until every item is gone.

You know what goods are worth when you see them, at least in most instances, and we repeat what we once have said that we depend on "price and quality" to make this sale go. We've been in the habit of making every guarantee good and of telling our customers the truth about everything we sell; we have not abandoned that practice in this sale. Every body, so far, who has bought during this sale has saved some money, got what he or she wanted and is satisfied; we will do our best in the future to satisfy everybody.

We have cut the price so you will notice it at once--it may make you doubt the quality but a ring will wear just as good at \$3.50 as it would if you paid \$5 or \$5.50 for the same ring, would it not? We think so.

Pearl Handle Pieces for the Table--Gravy Lades, Cheese Servers, Cream Lades, Berry Spoons, and Tomato Servers; articles usually selling from \$2 to \$4 each, beautiful gift articles, at from \$1.30 to \$1.95 each.

The Megaphos Binocular Field Glass--price \$21.50 with fine genuine leather case and strap; if you can get this glass at all now it will cost you about \$40.00.

The LaFils Binocular Field Glass, \$19.75 same kind of case. Several Lemaire's Field Glasses and Opera Glasses at half of what you will find them at other places. The "Club" and Colmont Glasses running from \$3.75 to \$15.00, at half prices; we ask you to look around and compare.

Elgin Wrist Watches, 5-0 sizes, while they last, \$12.00; in 20-year cases and fine expansion bracelet; can't beat it, can you? Look around and see.

Fountain Pens--We have a shipment which we expect in anytime, many months overdue; if they don't "age" on the road we will cut some figure in the Fountain Pen business--one of the best lines yet, and we will sure make the price; we contracted for them last spring and are compelled to receive them and now are compelled to sell them.

Western States Cutlery Co. Pocket Cutlery--The best Knives we know of, and we have tried a lot of them.

Leather Hand Bags for Ladies--Also line Leather Purses; trade marked goods and well known Purses that retail from \$4.50 to \$5.00, for \$2.00 each--from that on down.

Waltham 17-jeweled P. S. Bartlett Watches in nice cases; 16s for \$11.95; in 20-yr. cases \$14.95.

Gold Front Cuff Links--Fine goods, standard makes, from 90c to \$1.90; you'll pay from \$1.75 to \$4.00 for same goods many places.

Gold Cuff Links--From \$1.20 per pair to \$5.00 per pair; half what you will pay other places at retail.

Klamath May Get More Irrigation

An unusual amount of money is to be expended in the extension of the Klamath irrigation project the coming year if the wire received from Representative Sinnott by the Klamath Falls Commercial Club recently is any criterion. Mr. Sinnott's wire is as follows:

"Estimates of the reclamation service and recommendations to congress for the fiscal year beginning next June for the Klamath project are \$423,000. This is an increase of \$184,000 over the appropriation this year. I shall make every effort to have congress approve these estimates."

"Estimates have also been made for \$200,000 for the purchase of livestock, homes, barns and agricultural equipment on the Klamath reservation. Will try to have this increased." The latter part of the message relates to a move which has been inaugurated by Edward B. Ashurst and others to provide each Indian on the reservation whose circumstances are other than good, with ten head of cattle and sufficient cash to provide for their maintenance for one year.

Note Difference in Spelling.
To clear the confusion existing owing to the fact that there are two persons answering to the same name residing in Ashland, I wish to state that these ladies may be distinguished by the different spelling of the name. The osteopath physician should be addressed as Dr. Maude Hawley, while the other spells her name Maude Halley.
DR. MAUDE HAWLEY.

Prisoner Nearly Makes Getaway

John Henion, a convict who had broken from the Modesto, Cal., jail a month ago and who was captured at Portland, again escaped from the Shasta Limited when it stopped at Grants Pass Thursday night. Sheriff Davis had the prisoner in charge, and had leg-chained him for the night. In some manner Henion filed the chains from his leg and escaped from the train in his night clothing and a blanket from his berth. He secured a pair of trousers from a man in Grants Pass, to whom he told a story of being robbed of his clothes by tramps, and went on his way.

On discovering the escape of his prisoner Sheriff Davis notified the chief of police at Grants Pass, who immediately started in pursuit, and captured his man near the western limits of the city. After again capturing Henion, Sheriff Davis took no chances and kept a strict watch while taking him back to California Friday.

Edward H. Stanley of Portland and Miss Mae Bess of Ashland were united in marriage at the Methodist parsonage on Laurel street at 8 o'clock Saturday evening, Rev. C. A. Edwards officiating. Only the necessary witnesses were present at the ceremony.

W. G. Curry and F. T. Wilson left Tuesday morning for a few days' trip to Wheeler and Portland.

Growth of Federal Reserve System

Circulation Gains Over Former Years

According to Librarian Blanche Hicks, the circulation of books during the month of November has far exceeded the record of any previous month in the history of the library. The total circulation for the month was 3,165, of which 1,101 were children's books. In November, 1916, the total circulation was 2,384, of which 620 were taken out by children. The benefits of the free library are becoming more established every year.

One enjoyable feature of the program at the Methodist church Sunday evening was the solo, "Our Flag," by Miss Gertrude Engle, who interpreted the mood of the composer, Mrs. Ernest Woods, perfectly.

Many hardships are already being brought about by war conditions. The latest is the case of Herman Mattern, who was adjudged a bankrupt on the 5th of this month. Mr. Mattern's activities have been mostly financed by foreign capital. At the time the war broke out he had several large mining deals in progress and had them financed with foreign money. In order to hold the deals till the capital arrived it was necessary to involve his own resources to a large extent. About this time the war conditions made it impossible to get mail, or even telegraph messages through, and he was unable to secure the funds arranged for. The bankruptcy proceedings grew out of this condition. It is indeed unfortunate as Mr. Mattern is one of Ashland's most respected citizens and is one of the best mining men in the state.
