### Here and There

Walter Brobeck was arrested Saturday charged with non-support of his children, and Justice Taylor is investigating the case. Brobeck was placed in charge of Constable Chapman, who accompanied the man while he sought the \$500 bail imposed by the justice of the peace. Monday night the man had not secured the bail, and faces a term in the jail pending his hearing Wednesday morning at 10 o'clock. Brobeck is the father of four children, the oldest being 11 years and the youngest 2 years old. The complaint was filed by his mother-in-law.—Medford Mail Tribune.

Homer Trout was arrested at Cor-Late last night the man had not concealed weapons and having whiskey in his possession illegally. As

the goods were found on him by Marshal Robinson, he pleaded guilty and was fined \$85 and costs, the whole amounting to \$92.

City Marshal Hugh French took into custody Tuesday two boys with soldier uniforms on who were acting rather suspiciously, and later received a wire asking him to arrest them and hold them pending further orders. One gave the name of Joe

### "See 'Gets-It' Peel Off This Corn."

Leaves the Toe as Smooth as the Palm of Your Hand.

The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right

It's wonderful to see "Gets-It" peel off corns off with your finger and there you are—pain-free and happy, with the toe as smooth and corn-free as your palm. "Gets-It" is the only safe way in the world to treat a corn or callus. It's the sure way—the way that never fails. It is tried and true—used by millions every year. It always works. "Gets-It" makes cutting and digging at a corn and fussing with bandages, salves or anything else entirely unnecessary. "Gets-It" is sold by all druggists (you need pay no more than 25 cents), or it will be sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Ashland and recommended as the world's best corn remedy by J. J. McNair, McNair Bros.

F. Patryn, a bugler of Company C, 44th Infantry, Camp Lewis, the other Roy C. Howard, 2nd Engineering Training Regiment, Vancouver Barracks. It appears the boys had deserted and had gone as far south as Gazelle, and after thinking things over wired headquarters for transportation to return.—Montague Messenger.

It is reported that a party of boys returning from Medford about 8 o'clock Tuesday evening saw the lights of an aircraft of some kind almost directly overhead.—Jacksonville Post.

A fire which destroyed the building of the Union Tea Company of Klamath Falls, also endangered the life of the proprietor, John Flodin, who was forced to make his escape through a window after discovering all other exits barred by the flames. The cause of the fire is unknown, as it started at 2 o'clock Saturday morning. The stock of groceries and other goods was destroyed and the building is in ruins. The loss is estimated to be \$2,000, with insurance amounting to \$1,000.

With the hardest snow storm of the winter over, the blanket that covers the upper Hood River valley around Mount Hood lodge has settled down to a foot in depth. In the lower valley the snow is only six inches deep. Since it insures orchardists and power systems against a water famine the coming summer, the snow was welcome.

Two parcels of right-of-way through the lands of farmers located on the new Pacific Highway route along the Umpqua river, known as the Roberts mountain cutoff, have been secured by the county court up to date and the deeds therefor have been delivered to Douglas county and ordered made of record, while warrants in payment therefor have been ordered drawn. The sum of 474.40 has been paid to F. E. Johnson for a strip of right-of-way comprising an area of 3.44 acres, being at the rate of approximately \$140 an acre. Another parcel of land for right-of-way was purchased from W. N. Moore and his wife, Minnie Moore, for which the sum of \$575 has been directed to be paid by county warrant, deed for the land having been delivered to the county and ordered recorded. The area of the tract bought from Mr. Moore is not stated in the record.—Roseburg Review.

That twenty-eight men have enlisted as skilled mechanics for shipbuilding in the United States service in the past few days here, is reported by Joel T. Ward, who has charge of the recruiting in that line here. Mr. Ward declares that nearly all the men are skilled in some line especially demanded in this work. Strenuous appeals are being made by the United States shipping board to get men at this time. It is pointed out that while the government has the money necessary to buy and manufacture the supplies for the United States and allied troops in France, the goods will be of no avail unless tonnage can be secured for transportation, which is the biggest problem at the present time. The government plans to build over 1,000 ships a year, and needs an immense amount of skilled labor for the program.—Klamath Falls Herald.

Elizabeth Ann Williams, better known in Grants Pass as "Grandma" Williams, notwithstanding her 83 years, is constantly knitting sweaters for the soldier boys. Since July she has completed 16 sweaters, each one a beauty. During three weeks in January she completed five, each one closely knitted in fancy patterns. "Grandma" Williams holds the knitting record for this section of the state, if not for the whole state, for rapid work, having completed a sweater of heavy yarn on steel needles in three days.—Grants Pass Courier.

**Nazarene Church.**  
Only one more week of the special meetings beside this. Have you heard Evangelist Morse? Some have been helped, some saved, a few sanctified, some have gone away angry, and many haven't taken any stand. There is a tremendous problem before the people of Ashland. It is not what they will do with Evangelist Morse, not what they will do with the Nazarene church, but what they will do with the blood of Jesus. The pastor will preach Sunday morning on the theme, "Proof of the Indwelling Lord." Mr. Morse will preach in the afternoon at 3 and 7:30. His evening subject will be "The Future Destiny of Those That Obey Not the Gospel of Jesus Christ." You are invited to all these services.—Dorman D. Edwards, pastor.

Dr. Keeney Ferris will give special reading, "Uncle Stebbins at the Bat." You will listen, you will laugh, and you will get the lesson and be helped. Sermon by Rev. Ferris, "Where Am I At." Music by chorus choir. All are cordially invited. Strangers always welcome.

### SEEDS SCARCE—USE LEFT-OVER STOCKS

Corvallis, Ore., Feb. 21.—By using the best of vegetable seed stocks left over from last season a good deal can be done to overcome the present seed shortage. Seed prices are going to be higher than those of last year, and seed should be purchased and used with great discrimination. A. G. Bouquet, head of vegetable

Fare between Medford and Ashland, 30 cents. Round trip 50 cents.

gardening at O. A. C., offers the following suggestions as to the use of left-over seed stocks:

Beets, cabbage, cauliflower, rutabagas, turnips and related plants may grow well even if four or five years old. Spinach does not give so good results in the second or third years. Tomatoes, peppers and egg plants are usually good for three years; squash and pumpkins, five to eight; beans and sweet corn, three; peas and lettuce, three.

Onions, parsley, carrot and parsnip seed usually should be fresh, although two-year-old seed sometimes gives good satisfaction. Onions and parsnips will not usually germinate more than 50 to 60 per cent the second year. All of the short-lived left-over seed should be tested for germination.

The shortage may be further relieved by estimating the amount needed before purchase, buying good seed from reliable dealers, right preparation of soil for germination, seeding at proper time to avoid loss, and thinner seeding in the rows so that fewer plants will be wasted in thinning. The amount of seed of various kinds required to plant a hundred-foot row are given in "The Home Vegetable Garden," No. 287, prepared by Professor Bouquet. Copies may be had on request to O. A. C., Corvallis.

### RED CROSS WOMEN HELP BOYS SHOP

The American soldier in France is a good fighting man. But when he faces the French shopkeeper, that quick-tongued, sharp-eyed little woman who keeps the till as full as she can while her husband fights, he is glad enough to have an American woman beside him.

So the Red Cross women at the line-of-communication canteens have a new job. They take the boys out shopping.

There are a string of towns along the railroads, where it is a common sight now to see a hundred American soldiers hurrying about the streets, using their precious quarter-hour or
