Celebrated Birthday.

At the regular meeting of the Eastern Star chapter Tuesday night the birthday anniversary of W. H. Day was observed by the members after the regular business of the chapter was completed. This came as a surprise to Mr. Day, who has served as sentinel in that chapter for many years and is one of the best known and prominent members. A birthday cake was a feature of the event, and all joined in wishing Mr. Day as many returns of the occasion as he had already witnessed.

Hiking Season Opened.

What is probably the first regulation hike of the season took place Saturday when a party of young people, accompanied by two teachers, journeyed up the canyon to Long's Cabin. The party set out about 11 o'clock from the Plaza and explored the entire canyon for a distance of six miles. On arriving at the falls they partook of a wienie roast and incidentally many other good things to fortify them on their long journey back. The hikers consisted of Misses Irene Brandes, Gretchen Kraemer, Ora Smith, Grace Leslie, Mabel Trott, and Lloyd Crowson, Lyle Sams and Alvin Warren. The young people found upwards of six inches of snow in the canyon at the highest point they penetrated.

Mayor's Statement Explains Amendment

A special election will be held in the city of Ashland, Oregon, April 1, 1918. Polls will be opened at 9 a. m. and closed at 6 p. m. For the purpose of amending the charter and making the mayor ex-officio judge, or he may appoint a judge if he does not wish to act. The appointment to be confirmed by the city council.

If this amendment carries it will mean a saving of at least \$600 per year and still give to our city fully as good or better service.

The judges and clerks of election, realizing the importance of this move, have offered to give their services free on election day, so the expense of the election will be practically nothing.

The council and mayor heartily endorse this amendment and urge everybody to get out on election day, as we are anxious to make our taxes as light as possible.

C. B. LAMKIN, Mayor.

"We have always had a great margin of food and never appreciated its significance. We have wasted food as a symbol of our success and progress. A man who could order a meal and only eat part of it felt he had gotten a little farther up the scale

than the man who had to eat all he ordered. That is a fundamental sin in America. We must recognize the sanctity of food"—U. S. Food Administration.
