Teachers' Reception.

The reception tendered the teachers of the city schools by the Wednesday Afternoon club in the Presbyterian church parlors last Thursday evening was one of the most enjoyable events of the season. The affair was informal and planned for the main object of the getting together of teachers and parents of pupils so that they could meet in a social way and become acquainted. Very nearly all the teachers of the three schools in the city were in attendance, as were also a large number of citizens and members of the Wednesday club. A short musical program was rendered, but the evening was virtually in the hands of the company, who spent a social time with one another. Light refreshments were served before adjournment.

Travellers' Club.

The regular monthly meeting of the Travellers' Club convened at the home of Mrs. J. E. Angwin on Bush street last Tuesday evening, where an Indian program was given by the members. The topic of the evening was opened by talks on the Indians in connection with the home missions which were given by Mrs. Clute and Mrs. Barnhill, and this was then followed by an interesting description given by Mrs. John Dill of her personal acquaintance with Indians in Oklahoma. Mrs. Dill also read most entertainingly some Indian poems. Another interesting feature of the program was Indian music rendered by Miss Violet Wood on the violin, accompanied by Miss Bernice Yeo on the piano. Instead of meeting as usual the second Tuesday of each month this club will hereafter meet the third Friday of each month in the afternoon with the sewing class in order to conserve time.

Man Injured by Falling Barn Door

I. N. Porter of Coolidge street met with a painful accident last Wednesday evening that has resulted in confining him to his bed ever since. About 5 o'clock Mr. Porter went to the barn and attempted to open the large door. In some manner the door slipped from the rollers and fell, striking Mr. Porter and pinning him underneath. Passing automobiles on North Main street heard him cry for help and extricated him from under the heavy door. No bones were found broken, but he is suffering from bruises all over his body.

Talks given to children were along the line of preventive measures for all contagious diseases including Spanish influenza. Parents will do well to not only help the children to observe the use of separate drinking cups and to use the handkerchief properly but to practice the same things themselves in the homes, at work and in public places.
The New York city Health Commissioner gives out this week the following "Don'ts for Spanish Influenza" which threatens the whole country.

DON'T

- 1. Sneeze, cough, or expectorate in public places.
2. Get into crowded places.
3. Use common roller towels.
4. Take patent medicines if you think you have the disease.
5. Sweep in dry places, and by all means don't put lips in public telephone transmitters.
DO
1. Be careful what you drink out of or eat with.
2. Go to bed if you have chills and fever and call family doctor.
3. Keep as far away from people as you can.
4. Have plenty of ventilation; insist upon it in theatres, churches and other public places.
5. Try to keep in perfect health and there will be absolutely no danger at all.

Dr. Parrish, City Health Officer of Portland, issued an order recently that sneezers must stay out of theatres in order to prevent the spread of Spanish influenza and other communicable diseases.

The county nurse is working principally in the schools now. In office Saturdays from 8:30 to 12 a. m. The office is in the First National Bank building. All parents or others interested are welcome to call.

Clears Citizen From Disloyal Charge.

Last week the Citizens Bank of Ashland received a letter exonerating F. P. Schneider from the alleged charge of pro-Germanism that had been in circulation some time ago. The letter is as follows:

Citizens Bank, Ashland, Oregon. Gentlemen: Some time ago F. P. Schneider, a former resident of Ashland, Oregon, came to this city and went to work for the Carsten Packing company of Tacoma, and it was my duty to investigate him, owing to a report to this office that he was very pro-German.

I wish to state that Mr. F. P. Schneider was thoroughly investigated by operatives of this office, and found to be a very loyal and patriotic citizen, and as a citizen he is heartily approved of, and we hope that all citizens are as loyal and patriotic.

Respectfully, W. B. BLACKES, Commanding Officer.

Bootleg Whiskey Emptied in Sewer.

Confiscated whiskey, to the amount of 1400 bottles, was emptied into the sewer in the courthouse yard at Roseburg last week by Deputy Sheriff Rafferty. A standing order had been made by the court that as soon as a bootlegger was convicted the booze which he possessed should be destroyed. Some conflicting stories prevailed, one of which was that the government was going to put it thru a process to remove the alcohol, but it was figured that that would be too expensive, as the bootleg whiskey was all poor stuff. It was finally declared one of the non-essentials, according to the war ruling, and of no value toward the winning of the war, and was therefore destroyed.

Class of '18 Gives Money to Red Cross

(By Victor Hugo Dale.)

At a recent assembly of the undersigned members of the graduating class of Eighteen, called to dispose of the money remaining in the class treasury from last year, it was decided to give the full amount of sixty dollars to the local branch of the Red Cross, in behalf of that world-famed organization for the comfort and aid of those brave soldiers of Liberty—our heroes—who are battling across the water that the great and glorious principles of Freedom and Democracy might live and flourish.

It was deemed much better for all concerned that this disposal be made of the class money, than for selfish purposes and momentary pleasures; than for the purchase of pictures or books, for in a very few years there would be scarcely none to behold and fewer to appreciate; or to lie in idleness on dusty shelves and moulder away for want of one to read and understand; than to be left for a class to follow, or donated to the educational fund, where it would soon be spent and forgotten; but rather to that higher and nobler purpose that is supplying the power and vital force that shall carry "Our Pershing" across the Rhine, and sweep Old Glory, the banner of freedom, clear to Berlin.
