# One of the Blessings Of Peace

## THE WORLD IS AGAIN AT PEACE---

While the United States as well as every nation in Europe faces peace problems as serious as were the problems of war, we of this country are particularly fortunate in that any food crisis which may have threatened us is--like the war--a thing of the past.

True we must husband our food resources, for we still have a great humanitarian service to render all of Europe--we must help to supply her people with food.

One of the blessings which has come to us with the declaration of Peace is the permission granted our people by the U. S. Food Administration to return to an all wheat flour basis in their baking and cooking--

It is no longer necessary to use wheat substitutes. Some will doubtless continue to do so because they learned to like them; the great majority of American people however greet the return of all-wheat bread, cake and pastry to the daily table with as much joy as they would the return of a friend long absent--

No other food can take the place in the American home of bread made from flour, produced by the scientific grinding of choicest wheat berries.

When the Fisher Flouring Mills Company of Seattle began the manufacture in "America's Finest Flouring Mills" six

years ago of Fisher's Blend Flour it announced Fisher's Blend a product superior to other flours. Housewives so found it, hence its extreme popularity on the Pacific Coast. This superiority has always been maintained, even during the trying war period.

It has always been made of choicest Eastern Hard Wheat and choicest Washington and Oregon Blue-stem. In pre-war times housewives found that it was real economy to pay more for Fisher's Blend Flour than for flours made of Washington and Oregon wheats. It is greater economy today than ever before to buy Fisher's Blend because the Government having advanced the price of Washington and Oregon wheats, manufacturers of Washington and Oregon Wheat flours increased their prices until there is little if any difference between the price of Washington and Oregon wheat flours and Fisher's Blend.

## KIDNEYS WEAKENING?

### LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease. Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

## GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

## Refined Powdered Sulphur Fertilizer

Especially for Alfalfa. This is the active element in Land Plaster or Gypsum and in this form costs less.

Agricultural authorities agree that SULPHUR is a much needed plant food and lasts more than one season. So get busy now; it is time to use it.

We also have a supply of Nitrate of Soda--the best of general fertilizers.
