ASTHMA.

VOL. XLIII

ASHLAND, OREGON, TUESDAY, FEBRUARY 18, 1919

NUMBER 7

## Lincoln's Memory Honored by Banquet

The Jackson county Lincoln club held its annual banquet at the Medford Wednesday evening, the anniversary of the birth of the Great Emancipator, at which many Ashland citizens participated. About 300 persons from all over the county gathered around the banquet board to do honor to the memory of Lincoln. The memory of Theodore Roosevelt also received its share of tribute at the same meeting.

Mayor C. E. Gates, chairman of the county republican committee, presided at the meeting during which the election of officers for the ensuing year were chosen as follows:

President, E. V. Carter of Ashland; vice presidents, Gus Newbury of Medford, T. H. Simpson of Ashland, George Hilton of Central Point; J. W. Robinson of Jacksonville and Frank Brown of Eagle Point; secretary, O. C. Boggs, and treasurer, Vernon H. Vawter, both of Medford.

With E. V. Carter as toastmaster the following program was carried out: Rev. J. Myron Booser, invocation; solo and quartet, Italian Street Song by Herbert, Mrs. Guy Childers, Mr. and Mrs. Andrews, Mr. C. C. McCurdy, Mrs. Frank Isaacs; Lieut. Edison Marshall, "Gettysburg Address"; Judge Wallace McCamant, address on Lincoln; H. H. Corlies, Turnkey Song, from "Robin Hood"; Judge Wm. Colvig, Resolutions on Roosevelt; Col. H. H. Sargeant, Tribute to the Memory of Theodore Roosevelt; Mrs. Lee Davenport, brief address; Carlton W. Jones, violin; short address, Robert A. Booth, of Eugene, guest of the club; Dick Posey, original poems; America, audience.

A number of telegrams of felicitations were received and were read during the banquet by Gus Newbury. Among these were ones from Will H. Hays, chairman of the national republican committee; Senator McNary, Congressman Hawley, Governor Withycombe, Speaker Jones of the Oregon house of representatives, Thomas H. Tongue, Jr., chairman of the republican state central committee; Edgar R. Piper of the Portland Oregonian, and L. R. Wheeler of the Portland Telegram.

The Jackson county legislative delegation telegraphed the following from Salem: "With spirits of Honest Abe and Fighting Teddy to guide you

(Continued on page four)

## ANDERSON HEIRS WILL

ERECT MEMORIAL FOUNTAIN  
Arrangements have been completed whereby the old Park Hotel will be removed from the lot on South Pioneer avenue next to the Chautauqua building as soon as weather permits. This building is an old landmark of Ashland but owing to its being vacant for many years has been allowed to run down until it has become an eyesore to the handsome new Chautauqua building by its side. Last year the Anderson heirs purchased the building from its owners and made a gift of the site to the Chautauqua association as a memorial to the late E. K. Anderson.

Within the past few days the Anderson family have arranged to have the building removed. The east part of the structure will be moved by Miss Belle Anderson to Third street where it will be fitted up for a residence, and the rest of the building will be torn down. On the site the Anderson family will erect a handsome memorial fountain. The removal of the old hotel and the placing of the fountain will greatly enhance the beauty of the Chautauqua property, and will be one of the finest memorial gifts provided for Ashland's beauty.

## SUPREME COURT AFFIRMS

TWO JURORS' DECISIONS  
The supreme court has affirmed the decision of Judge Davis in the case of John W. Sweeney vs. Jackson County in a suit for accounting relative to road construction on the Pacific highway in Jackson county. The court also affirmed the decision of Judge Kuykendall in the case of the Klamath Water Users Association vs. S. E. Martin, in Klamath county, in a suit to foreclose a lien given in connection with subscription to capital stock.

Fancy Dress Party, Friday evening at the Nat., will be the biggest event of the society. Admission 25c, including refreshments.

## IRVIN S. COBB PLEASED AUDIENCE WITH LECTURE

A number of Ashland people went down to Medford Wednesday evening to hear the lecture by the noted humorist and war correspondent, Irvin S. Cobb, who spoke in the Page theatre. This great writer had recently returned from the war front and his address dealt with the situation as he knew it first-hand. In his lecture in Medford he uttered the best praise to the American soldier, bolstering up his premises by his personal observation during several battles on the western front. He also paid especial tribute to the negro soldiers and their fighting qualities.

The speaker did not waste much maudlin sentiment over the fallen foe, and expressed a hope that in view of Germany's violating all the rules of civilized warfare and of the atrocities she committed to defenseless women and children, that these things would be kept in mind in drawing up peace terms to properly punish German people.

In regarding Germany's plea for food Mr. Cobb said he hoped not one ounce of food stuff would be sent to Germany until every baby in France and Belgium was abundantly supplied. He richly scored sentimentalists who advocated ultra-compassionate treatment to the foe by the victors.

Mr. Cobb left on the late train that night for the south where he was scheduled to speak.

## CHARRED BODY OF MINER FOUND IN ASHES OF FIRE

A miner named Freyne, whose house was about 1 1/2 miles south of Waldo, was burned to death Saturday evening when his residence caught fire, states the Grants Pass Courier. The man's charred body was found in the ashes after the fire. Freyne was about 50 years of age and lived alone. Just how he came to be caught in the burning house, and how the fire started, is a mystery. Mr. Montgomery states that people living in the vicinity of Takilma could see the smoke from the fire, which happened about six o'clock in the evening.

## FATHERS AND SONS BANQUET WILL BE GIVEN THURSDAY

The annual Fathers and Sons banquet of Ashland will be held in the Moose hall next Thursday evening, February 20. This banquet will be under the auspices of the men's club of the various churches of the city, and all boys from the ages of 10 to 20 are invited with their fathers to participate. Any boys not having a father or having a father who is unable to attend the banquet is expected to be the invited guest of some other man. A sumptuous feed is planned to be served at 6 o'clock and an interesting program will be given.

## ROGUE RIVER FISH BILL HAS PASSED LEGISLATURE

Salem, Ore.—The Rogue river fishing war is settled as far as the house is concerned. House bill 180, by the committee on fisheries, was passed Thursday after a minority report against the bill had been beaten. The bill prohibits the use of any seine or gillnet having a mesh smaller than 8 1/2 inches. In effect it will probably do away with seine fishing and place all gear operators on the same basis.

George D. Chenoweth, of Coos and Curry, taking the place of the late J. R. Stannard, made his initial speech, upon the floor of the house and, with Ben Sheldon, of Jackson, was largely instrumental in securing passage of the measure.

## BRIDGE OVER ROGUE RIVER AT GALICE TO BE REPAIRED

Engineer C. M. Allen of the district forester's office of Portland, has finished his work at the Siskiyou national forest and has started work at the Crater national forest. While engaged on the Siskiyou national forest Mr. Allen inspected the forest service suspension bridge across the Rogue River below Galice, and submitted plans for repairing it.

This bridge, which was erected in 1908 at a cost of \$1,350, has now become so rotten and impaired as to be come dangerous and will have to be replaced. The work on its construction will begin as soon as weather conditions permit.

For real estate bargains call on or address Stella J. Leavitt, 440 Chestnut street.

Orres cleans clothes. Phone 64.

## Cherry Tree Day Celebration On Washington's Birthday

Slogan—A Cherry Tree in every yard.

Time—Saturday, February 22nd, afternoon, 2 o'clock.

Whether or not George Washington did cut down that cherry tree will never be known. However, if he knew how Ashland is going to celebrate his birthday, he would be delighted that posterity thought that he did.

The Commercial Club is arranging for a big public meeting to be held in the City Hall, where with the joint assistance of the local Farm Bureau, Ashland's Cherry Day is to be launched.

Because this is the best spot in the United States to grow the best cherries on earth, and because every year hundreds of orders for these cherries go unfilled this campaign is started.

Ashland needs commercial cherries—Blings, Lamberts and Royal Anns.

Mr. C. C. Cates, our county agent, and Prof. F. C. Reimer, our county Agricultural Station man who is known the world over for his "blight pear," will both be present to advise as to planting and care of the cherry and all kinds of fruit trees.

The Farm Bureau will have two responsible nursery-men there to

## WHISKEY RUNNERS FALL APOUL OF LAW IN CITY

In spite of the rigid enforcement of the bone dry law of Oregon, and the eternal vigilance of the officers on this side of the California line, the thirsty ones of the northern part of the state never appear to weary in trying to fortify their thirst against the dry period before them, and continue in their efforts to elude the sleuths of law by smuggling whiskey into the state.

During the past week several of these individuals have fallen into the clutches of the officers here, and have enriched the coffers of Ashland to a greater or less degree according to the nature of the offense. Among them was Fred Hansen of Portland who was arrested by Night Police-man Lowe with six hot water bottles filled with whiskey, a gallon and a half demijohn and a quart bottle of the same liquid wrapped in a roll of blankets. Mr. Hansen left his liquid refreshments and \$75 fine with the city, and state officials assessed a fine of \$250 against him for bootlegging.

Paul Linville, a lumberjack, was also picked up by Policeman Lowe and relieved of two bottles of brandy which he claimed he was taking home for his own consumption. He was fined by Mayor Lamkin \$25. John Husehahl of Spokane arrived in Ashland one day during the week with a large traveling bag full of booze, which he claimed he was taking home for his own use against the time when no more liquid refreshment can be obtained. He paid the city exchequer \$25.

## SILVER MEDAL WINNERS FOR LIBERTY LOAN ESSAYS

Silver medal winners from Jackson county in the Fourth Liberty loan essay contests were announced last week as follows:

Third grade, Neil Davidson, Butte Falls district 91; fourth grade, Alice R. White, Butte Falls, district 91; fifth grade, Irene Chandler, Phoenix district 6; sixth grade, Frances Cope, Phoenix district 4; seventh grade, George Lounsbury, Medford R. 2, district 95; eighth grade, Kathleen Soller, Butte Falls, district 97; ninth grade, Alice Humphrey, Derby, district 31; tenth grade, Cecil Ahlstrom, Butte Falls, district 91; eleventh grade, Helen Norris, Phoenix district 4; twelfth grade, Esther Miller, Phoenix, district 4.

## PUBLIC SCHOOLS FINISH FIRST SEMESTER OF YEAR

The first semester of the public schools was completed last week with very creditable results. The pupils are reported to have passed the best examinations they have in many years, and the time lost by the influenza has apparently made little difference with the school work. The second semester starts about a month late this year, but with the advantage of the excellent progress already made the future half of the year is most promising. The schools expect to close by June 6.

take orders for cherry trees and any kind of fruit trees.

Ashland is always doing something to make the rest of this western country sit up and take notice.

Some folks are getting so enthused over the idea that they are going to each name the tree they plant for one of our Ashland soldier boys, and then Victory week put a big card-board with their boy's name on it in this little tree and have "Old Glory" waving above.

It is whispered around that our City Fathers are getting so enthused over the plan that they are talking about setting out a whole orchard and naming it "THE SOLDIER BOY'S CHEER," with all the trees named and at every corner a "65th" and "69th."

In future years when our soldier boys are fathers and have some of them made their homes in other states they will make pilgrimages to Ashland and sit beneath the trees in this orchard and while eating the fruit tell their children of the days of 1917-18.

Every body will be at the meeting.

Ashlanders are good sports, young, middle aged and old. We are going to make Ashland the "City of Cherry Trees."

## RANCHER MET DEATH BY ACCIDENTAL SHOOTING

James Buchanan Richardson, a well known and prominent ranchman and stockman of Siskiyou county, was found dead at a point three miles up the Secret Springs trail Saturday of last week. He had been shot by the accidental discharge of his rifle, the ball penetrating his leg, and death resulted from loss of blood.

Richardson, who resided near Dorris, had gone out to the mountains in search of strayed cattle, the previous Tuesday, and when he failed to return the following day a search was instituted for him. This was kept up until one of the party located the body under a recent fall of snow four days after his disappearance.

The deceased was 61 years of age and is survived by his wife and four children, his parents and two brothers. His wife is a sister of Mrs. H. C. Mathes of Ashland. She was a guest of her sister here last week when the tragedy occurred, and was not apprised of it until her return to her home.

## PRICE RESTRICTIONS ON FUEL ARE NOT EFFECTIVE

March 1 or soon thereafter has been set for closing offices of the Oregon fuel administration. Word to this effect has been received from Washington by Fuel Administrator Fred J. Holmes.

All fuel regulations and price restrictions are off. A message received by Mr. Holmes said: "Under order entered today, all national, state and local regulations with respect to coal, both anthracite and bituminous, as well as coke, charcoal and wood produced, sold, shipped, distributed or used after January 31, are suspended, except that until further orders, all tidewater shipments must go thru the tidewater coal exchange. No further regulations by state or local administrators will be made except in cases where they have first been submitted to and approved by Washington."

The Oregon fuel administration was organized in September, 1917.

## UNIVERSITY TO TRAIN MEN FOR FOREIGN TRADE JOBS

As a result of an arrangement made by Dean D. W. Morton, of the School of Commerce, while in the East the past month, the University of Oregon will give courses desired by the federal government, and qualified men from here will be registered for foreign trade positions as they develop. Dean Morton conferred with James P. Munroe, vice-president of the Federal Board for Vocational Education, and Dr. R. S. McElwee, federal agent for commercial education, and arranged to work under the direction of these officials.

"The School of Commerce," said Dean Morton, "already has received orders for some men for foreign trade positions. Just now we are seeking to pick out two or three men for a New York house."

## 364th FIELD ARTILLERY PASSED THRU ASHLAND

Train No. 53 south-bound Tuesday carried about 150 soldiers, of the 364th Field Artillery, a part of the 91st ("Wild West") Division on their way to the Presidio, San Francisco, to be demobilized. These men had been sent first to Camp Lewis, then the California men were gleaned out and sent to the Presidio where they will get their final discharge.

The soldiers were entertained at the local canteen station by the members in charge, and presented with coffee, sandwiches, cigarettes, gum and other delicacies. They were a fine soldierly looking lot of young men, and despite the fact that they were rejoiced to return to civilian life, had plenty of fight and vim left in them.

The 364th Field Artillery sailed from New York about six months ago for France, and the organization landed in the United States almost intact, having lost only five men, who died of disease. According to Major F. J. Adams, 10th Int., U. S. A., for twenty years a soldier, and a veteran of the Philippine war, the artillery of the 91st did not get into action, but that the infantry brigades distinguished themselves on the Toul sector, losing heavily, the casualty list showing that 1780 of these men were killed or wounded. Major Adams is looking after the sanitary conditions of the troops enroute.

## DEATH OF BABE OCCURRED AFTER SHORT SICKNESS

Barbara, the infant daughter of Mr. and Mrs. Beecher Danford, died at the home of her parents on Second street Friday after a brief illness. The little one was five months of age and had been ill only a few days. A pathetic feature of this death was the fact that the father, Electrical Sergeant Danford, is returning from his campaign overseas and was expected to arrive in this country Sunday. The family had been looking forward with great expectations to a reunion, as the father had never seen the little daughter who had come to gladden the home after he had left for overseas service. Funeral services were held from the home Saturday afternoon, conducted by Rev. W. L. Mellinger, and interment was made in the Mountain View cemetery. Beside the parents one older sister survives. This is the second war baby that has passed away while their fathers were abroad serving their country. The other was the infant of Mr. and Mrs. Orville Gaines, born the same day as the Danford baby.

## GOTTVILLE POSTMASTER KNIFE DURING QUARREL

John R. Clute, postmaster and storekeeper of Gottville, Siskiyou county, while engaged in a quarrel with Fred White, a Kanaka, recently, received an ugly knife wound in his back. According to the story told by Clute, he was engaged in an altercation with White at the time, the result of a long-standing quarrel that is said to have had its origin in slanderous remarks about Clute's wife made by White.

Clute was taken to Yreka and given medical attention. A gash four inches long on the left shoulder, laying bare the shoulder blade was discovered, but no vital spot was touched and the wound was not a dangerous one.

## J. H. FULLER APPOINTED MANAGER OF CHAUTAUQUA

J. H. Fuller, who has recently become a resident of Ashland where he moved here from his ranch near Talent, has been appointed by the Chautauqua board to serve as manager of the Southern Oregon Chautauqua for the coming year. On account of the absence of President M. C. Reed, who is touring the country as a superintendent for the Ellison-White Bureau, a manager for the local Chautauqua was necessary. Mr. Fuller has had much experience in this line, and will be the right man for the place. He expects to arrange for the coming season shortly.

## NEW YORK STYLES TO BE SHOWN IN ASHLAND

Ferguson's Bargain Store is starting a new departure this spring which promises to be a permanent feature with that store. This is the sale of a sample line of New York styles of Spring wearing apparel for women which will take place for a few days only in the near future. Expert fitters will display the new garments, and the sale promises to be one of the leading attractions in dry goods circles.

## Basketball Teams Win Over Medford

The first game of the Ashland-Medford basketball series of 1919 was played at the Medford Nat. Friday evening, Ashland High capturing Medford's goat with a score of 42 to 15.

The first half looked as if the teams were evenly matched until the local boys got the feel of the floor. At the end of the first half the score stood Ashland 17, Medford 8.

The Ashland players made the other 27 points with little difficulty, while Medford secured but 7 points the rest of the game.

The girls of the respective schools played the preliminary to the boys' game. Altho the local girls put up a hard fight to the very last minute, the black and red carried away the game by 2 points, the score being 9 to 7.

Refuting the statement made by Medford that the Ashland boys had been playing together for the past three years, and that Prof. Heidenreich, the Medford High coach, coached the same team at Ashland two years ago, the present A. H. S. team has been playing together for two years, and the team has been made exclusively by Coach King-Bryant, Burnett and Long and Young, subs, are the only men that practiced under Heidenreich.

The red and white boys totally outclassed the Medford fellows in floor work and basket shooting.

"Doc" Bryant and Bill McMillan made the most points while Clary Burnett and Fraser did the defensive work for A. H. S. Campbell and Singular starred for Medford.

The teams lined up:

ASHLAND	MEDFORD
Clary	R. F. Campbell (Capt)
Bryant	L. F. Singular
McMillan	C. Merriman
Burnett (Capt)	R. G. Smith
Fraser	L. G. Jackson

Seely Hall—Referee.

Otto Klum—umpire.

Substitutions—Young for Fraser and Long for Burnett.

The second game of the series

was played in the Ashland High Gym. Saturday night.

The A. H. S. boys started with the regular Ashland jax and the score stood red and white 11, black and red 0, the first 10 minutes of play. When the final whistle blew the score keepers tallied Ashland 24, Medford 14. Otto Klum, referee; Seely Hall, umpire.

The Ashland girls came back with fine fighting spirit and clean coaching of Miss Reichling and won from the Medford girls with a score of 15 to 11.

## NO ACTION TO BE TAKEN ON NORMALS THIS SESSION

Representative Sheldon recently submitted to the Ashland Normal School Committee a report of conditions regarding further course of action looking to the re-opening of the Ashland Normal and asked that the committee instruct him as to the course he should take at the present session of the Legislature. The committee has canvassed the situation thoroughly, and inasmuch as conditions may be greatly against the success of our measure when the next election is held, they have asked Mr. Sheldon not to take any action at the present session, but to hold the powers-to-be in line looking to a vigorous effort on behalf of the schools when the conditions make that appear wise. If conditions are more propitious in 1920 the measure can be placed on the ballot by initiative petition.

## HIGH SCHOOL BOYS GET REAL MILITARY TRAINING

O. E. Diebert, an employee of the California-Oregon Power Company, who recently obtained a commission from the United States government to act as military instructor in the Siskiyou Union High School, has a class of about 35 training in the military gymnastics and drills.

The boys are shortly to receive real military rifles, Krag-Jorgensen, which are to be loaned to the high school authorities by the government, application having been already made for them.

During inclement weather, drilling takes place in the large auditorium of the high school.—Siskiyou News

Some men feel that they worked very hard for the war, as their wives helped regularly at the Red Cross,
