CLEAN-UP DAY!
To the Citizens of Ashland:
Monday, March 31, is hereby designated as "Clean-up" day thruout the city. Don't forget the date. Don't fail to make preparation for it. The city provides teams. They will call for your garbage some time during that day. Have it ready. Burn everything you can, then put the remainder of garbage in boxes, bags or barrels and have them located where they can be easily reached, in the alley—or in the street if there is no alley—and by all means have it ready for delivery early. Let us make our city if possible the neatest, cleanest and most beautiful city. We have good reason to expect a very prosperous year; the ground is well soaked and the mountains are full of snow for summer irrigation which practically insures a bountiful harvest. The paving of the Siskiyou and the grading of the Pacific highway to the foot of the mountains, also the grading of the road to Klamath county line, means a good deal of work and a fine pay roll for Ashland. Let's have our city presentable for the tourist travel which commences soon.
C. B. LAMKIN, Mayor. 13-42

HOLEPROOF HOSE

Notions
Our Notion case is brimful of everyday accessories. Complete stock of every known article in this line can be found in our big collection.

Voiles
Still again this popular fabric leads them all in popularity for the coming season. Our stock of this leader is more complete than ever. All the newest designs can be found, including the gingham checks and plaids at popular prices.

Muslins and Sheetings
In our complete stock of these staple fabrics we carry nothing but the best and well known standard brands, as follows: Pequot, Hope, Lonsdale, Fruit of the Loom, Berkeley and Wearwell. Also Pequot Tubing in 36, 42 and 45 inch. The fabrics are all sold at the right price. Guaranteed satisfaction to all.

Art and Table Linens
Art Linens in brown and white in all widths and prices are to be found on our shelves. Just received several new pieces which have already been added to the line. Table Damask from \$1.25 per yard upward in stock. Also full line of Napkins to match patterns of the linen in the better qualities. Investigate these values.

Shoes, Pumps and Oxfords
The leather requirement of the Government, the increased cost of skilled labor, the growing foreign demand for American shoes and the scarcity of raw materials, have for more than four years forced shoe values upward abnormally. Despite these adverse conditions the increase in our shoe prices has been slight compared with the tremendous advance in costs. Give us a trial.
