LEGAL NOTICES

NOTICE TO EXTERMINATE GROUND SQUIRRELS

EVERY PERSON, firm, co-partnership, company or corporation residing on, owning, leasing, occupying, possessing or having charge of or dominion over any land, building, wharf or dock infested with digger ground squirrels...

The following poison for mixing and instructions for use thereof is the method most expedient and effective to be used for the extermination and destruction of such ground squirrels...

Barley, clean grain . . . 16 quarts
Strychnine (powdered alkaloid) 1 ounce

This material should be mixed as follows: Mix thoroughly 1 ounce of powdered strychnine (alkaloid) and 1 ounce of common baking soda.

While there are a number of salmon just below the dam, Mr. Gething says he does not believe there are many in the stream at present.

One quart of the poisoned grain mixed as aforesaid is sufficient for forty or fifty baits and this quantity scattered along squirrel trails or on clean hard places on

the surface about the holes will not endanger stock.

The County Court of Jackson County, Oregon, has secured a large amount of strychnine and the other ingredients necessary for the mixture...

MOVIE PERSONALITIES

The immense success of "The Heart of Humanity," Universal's great production, is a striking illustration of the moral that the square deal pays.

Four years ago Holubar went to the old Imp Company, one of the Universal units.

But his ability soon began to manifest itself, and Carl Laemmle and the other heads of Universal proceeded to "nurse" Holubar along.

The ever-increasing army of O. Henry fans will be delighted to learn that a new series of motion pictures based on the O. Henry stories is expected to be made.

"No attempt will be made to limit the length arbitrarily," said Harry Harvey, who will direct the pictures.

"The Caballero's Way" will be the first of the new series. It tells of the Cisco Kid, a border bandit, and his sweetheart, Tonia Perza.

Yvette Mitchell will play Tonia, Will Jefferis will be the sheriff and Vester Pegg the bad man.

Work of filming "The Inner Circle," the seventh Stage Women's Green Room series playlet, was completed recently when E. Spitz, supervising director of the production, tendered a banquet to over eighty players who participated in the big cabaret scene which was the last to be photographed.

Alfred Allen, who is seen as "Gentleman Geoff," in the early episodes of Marie Walcamp's big new Universal serial, "The Red Glove," is not only a talented actor and director but is an author of parts.

J. P. McGowan, directing Marie Walcamp in "The Red Glove," Universal's new serial, is a careful man.

The other day he saw a camera man about to "shoot" a telegram to be inserted on the screen in one of the episodes.

Marie Walcamp, the daring star of the new Universal serial, "The Red Glove," declares she felt like a cross between a mermaid and a flying fish during the filming of the seventh episode.

On his 5,000 mile trip around the country, Harry Carey will do more than make the usual "personal appearance" at motion picture theatres.

"What is your favorite sport?" a newspaper interviewer asked Fan Tischer, who is at Universal City making a series of two-reel comedies.

In "The Red Glove," the Universal's new serial, Marie Walcamp is using a revolver picked up, on the Marne battlefield by Jacques Jacquard, a Universal director who went overseas with the Grizzlies.

Jim Corbett will wear a different disguise in each episode of his big Universal serial, "The Midnight Man."

A bit of New York's Bowery has been transferred to California as a background for Jim Corbett's forthcoming serial, "The Midnight Man."

about to "shoot" a telegram to be inserted on the screen in one of the episodes. "Hold on!" he commanded. "That's a sending blank, not a receiving blank. Get a receiving blank. And be sure you get all the code letters at the top—go to the district manager of the telegraph company, and get it right."

The City of GOODRICH Akron, Ohio

Every Man is a Wise Man

Because every man has something to teach; the thing life through experience has taught him to do.

Nature but reproduces: man's experience taking the worldwide Nature stops builds it better; whether he makes an iron plow to improve the crooked stick—

Or turns mere rubber and cotton into pneumatic tires.

Experience is that unseen thing tires, the quality of which turns them out good or bad.

It vouches for Goodrich experience that Goodrich made the first American pneumatic tire, and ever since has fathered the improvement of automobile tires.

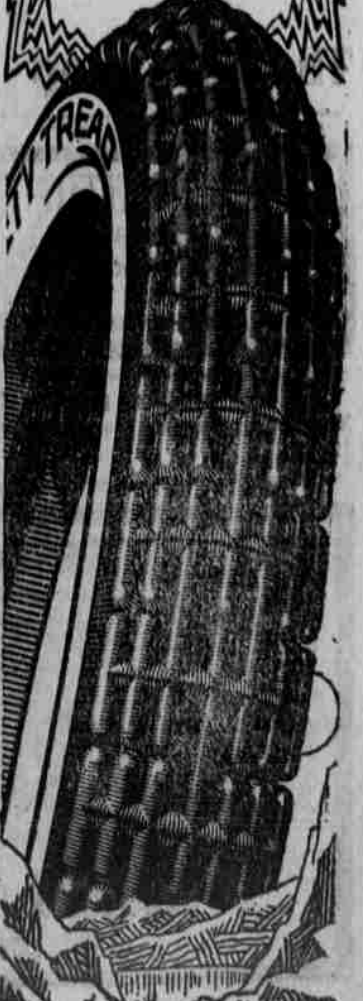

It shows in burly, full-rounded bodies, and thicker BLACK SAFETY TREADS, extra wide, fortifying the sidewall against ruts scraping.

It returns value for your money in service value on your car on the road.
