BACK ACHE

Limber Up With Penetrating Hamlin's Wizard Oil

A harmless and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles.

You have no idea how useful it will be found in cases of every day ailment or mishap, when there is need of an immediate healing, antiseptic application, as in cases of sprains, bruises, cuts, burns, bites and stings.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

It has been stated that Thomas Nelson Page, American ambassador to Italy, would resign his post upon the conclusion of peace.

Wild Flowers Sent to San Francisco

A collection of Siskiyou county wild flowers, assembled and packed by the county free library staff, was shipped Wednesday to San Francisco and will be a feature of the California wild flower exhibit at the Fairmont hotel. The collection, which is more varied than any ever sent to the state show from this county in former years, included practically every variety of wild flower in bloom at this time. Several rare varieties included specimens of the cliff flower brought here from Oak Bar by H. J. Barton and the Jacob's ladder flower sent from Greenhorn by Mrs. Lewis. There was a choice assortment of red bells. These flowers were specially requested by the chairman of the San Francisco exhibit committee.

WOMEN MAY CONTROL ELECTION IN 1920

Mrs. Medill McCormick Makes Some Predictions Concerning the Presidency.

Washington, D. C.—(Special)—Mrs. Medill McCormick, Chairman of the Republican Women's National Executive Committee, in an interview today stated her belief that no man can be nominated by the Republicans in 1920 who opposes women's suffrage.

"The fact should not be overlooked," said Mrs. McCormick, "that over twenty states have decided to let their women vote for Presidential electors in 1920. Fifteen of these states are located west of the Mississippi. Probably 8,000,000 or 9,000,000 women will vote and they will be able to dictate the choice of many electors, perhaps quite enough to turn the result one way or the other."

Men Are Wanted In Merchant Marine

The United States Shipping Board is again seeking men in this section to be trained for the Merchant Marine. Applicants are directed to apply for enrollment to the local agent of the Shipping Board's Recruiting Service, W. H. McNair, at the Rexall Store.

The minimum age of applicants accepted is 18 years. They are sent to Boston, being reimbursed by the Shipping Board for their fare. They are rated as first as apprentice seamen, stewards or firemen, being given their choice in this respect. They agree to serve one year in the Merchant Marine, and are placed on large seagoing training ships, for two months' training on pay. They wear a blue uniform and work under good living conditions.

On finishing their training, the apprenticeship in Merchant crews at full pay for their rating, which for an ordinary seaman is \$55 a month, for a steward \$60 and for a fireman \$75 a month, with board and quarters included.

Boys entering this service are encouraged to keep their eyes open for promotion. There is nothing to prevent a country boy who enters this service now as a sailor becoming a ship captain in five years—and Merchant captains are now earning as high as \$4500 a year. There is also a fine opportunity for firemen to become engineers, the demand being brisk for good men, and marine engineers on American ships earning as high as \$3450 a year.

BENTON FARM BUREAU TESTING METHODS

Field trials are being made by Benton county farm bureau men as follows: Will McClosky and Harlan Belknap of Alpine, use of superphosphate and complete fertilizer; Howard Wagner, commercial fertilizer trials; Fred Weise, Corvallis, lime, landplaster and sulfur trials on alfalfa and clover; Roy Rickard, Corvallis, inoculation clover seed; W. K. Taylor, Corvallis, planting corn at 10-day intervals from May 1 to June 20. George W. Kable, the county agent, says that one of the best ways to determine the value of farm practices is to try them out on the farm.

Japs to Educate Orientals in West

SAN FRANCISCO.—The Japanese Association of America, an affiliation of 40 associations of Japanese in this country, under direction of George Shima, president, has created a special department of Americanization, to reach the 75,000 Japanese in California, Nevada, Colorado and Utah, according to Tameza Takimoto, secretary of the association here. The department is in charge of S. Kurihara, lecturer and graduate of an American university.

A statement prepared by Secretary Takimoto, outlines the movement as follows:

"The main issue of our Americanization movements is virtually the same as that which America is working out, and we are to follow the general program of the country for this project as closely as possible. There are two points upon which we are placing special emphasis.

"First: To encourage the learning of English language, and furnish necessary and suitable equipments for that purpose.

"Second. To impart the knowledge of American civic life to the Japanese people so that they may easily understand the American spirit and American life. In other words, our effort is to help them understand America, its customs, its traditions, its thinking, its ideals, its purposes and hopes."

"Public lectures, circulars and pamphlets will be used in the educational movement. Men prominent in Japanese communities have pledged their aid to the movement. Lecture topics will include educational, social, medical, civic, hygienic, etc. Emphasis will be laid on improving living conditions thus raising its standards.

The association has a membership of 15,000 Japanese in the four states.

BOLSHEVIK MAIL CARRIER DISMISSED

Frank Whiteman, for 15 years a rural mailcarrier out of Oregon City, was summarily dismissed about a week ago upon telegraphic instructions from the postoffice department. Postmaster Cooke admitted that a carrier had been discharged, and said that one of the carriers has been discovered placing literature of a Bolshevik nature in the rural mail boxes on his route, and that he had warned the offender. It is presumed that Whiteman persisted, however, as the federal authorities demanded his immediate removal. Whiteman was asked to make a statement, but failed to do so.

Medford-Butte Falls Ry. to resume operations immediately.

SALVATION ARMY TO SOLICIT \$250,000

PORTLAND, Ore., May 13.—All Oregon will have an opportunity of showing its appreciation for the wonderful work accomplished by the Salvation Army in France, during the eight days from June 22 to 30, when the people of this state will be asked to contribute \$250,000 for the home service work of this organization.

For years the Salvation Army has worked among the lowly and the poor, for it is a steadfast rule with their workers that no person is too lowly to be given aid, but it was not until the Salvation Army workers went overseas that universal commendation has been heaped upon it. And it is well that it should be thus for the Salvation Army has made a reputation in the war that is not surpassed by any other and equalled by few.

The testimonials of soldiers is uniformly appreciative with never a word of criticism. This is not surprising for Salvation Army workers of experience are more familiar with human life, its needs and kinks, and more tactful, than those of some of the more pretentious organizations.

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Ironie" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

Astoria, Oregon—"After having had the Grippe I could not regain my strength; my blood was poor, I was nervous and also had rheumatism. I tried everything but just could not get any relief. Finally I decided to take Dr. Pierce's Golden Medical Discovery and it cured me. I think it is simply great. I use the 'Pleasant Pellets', too, for constipation.

"I always recommend Dr. Pierce's remedies and am glad to do so at this time."—G. R. Spicer, 373 Exchange St.

The Born Label

is outer evidence of inner worth.

It has stood as a guaranty of clothes quality, clothes value and clothes service for the past forty-three years.

Clothes worthy of this label are worthy of your confidence. It is placed only in garments tailored to individual measure—garments made of dependable woolsens, with honest needle work.

Let us show you how much true worth Born Tailoring offers in exchange for your clothes money.

This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!

Why have to flop on the floor, squeeze yourself up like the letter "Z", and with bulging eyes draw your face up into a wrinkly knot while you gouge and pull at the "quick" of a tender corn? That's

2 or 3 Drops Applied in a Few Seconds—There's No Fussing or Cutting. "Gets-It" Always Works!

the old, savage way. "Gets-It" is the modern, painless, simple way. Lean over and put two drops of "Gets-It" on the corn, put your stocking and shoe right on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and do away with greasy salves, bandaging, thick plasters and painful methods. Use "Gets-It", it's common sense.

"Gets-It" the guaranteed, money-back-corn-remover, the only sure way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

Sold in Ashland and recommended as the world's best corn remedy by McNair Bros. and J. J. McNair

OWN YOUR OWN HOME

tee. There were also notable specimens of the beautiful purple and white fawn lilies from the Siskiyou mountains. The Oregon grape, flowering currant, larkspur, Sweet William, wild plum and many others of the more common and familiar varieties were embraced in this exhibit, which will no doubt attract much attention in San Francisco by reason of its beauty and range of variety. The library is indebted to a number of citizens who showed an interest in the Siskiyou exhibit by bringing in such specimens as they were able to collect.—Yreka News.

It would be well to decide definitely pretty soon as to whether the government is or is not going to build ships, so shipbuilding industry will know where it stands and be able to prepare accordingly.

Ashland Mills

Below Your Equator

there is, in the form of the intestinal canal, a wonderful laboratory, within which are manufactured the very materials which are vitally necessary to sustain life, and also violent poisons which directly and indirectly cause disease and death.

Food waste, if allowed to accumulate, stagnates and gives rise to poisonous matter. This, if allowed to be absorbed into the blood, produces 90% of the disease that attacks mankind, from a transient neuralgia to a permanent hardening of the arteries.

Bright's disease, liver trouble, heart enlargement, high blood pressure, skin affections, rheumatism, insomnia, nervous exhaustion, mental affections, all may be caused by such self-poisoning, the warning of which is obstinate or habitual constipation.

Nor is it safe or sufficient to take castor oil, pills, salts, mineral waters, etc., in the effort to force the bowels to

move. Not only will the constipation grow worse with the continuance of such remedies, but the dose must be constantly increased with an ever-weakening effect.

But Nujol acts differently—and successfully. Nujol is not a drug—does not act like any drug.

Nujol brings about thorough and natural bowel evacuation, at regular intervals, because it helps Nature to restore and to maintain the proper mechanism by which body waste is removed and its stagnation prevented.

Nujol overcomes constipation by removing its causes. Get a bottle of Nujol from your druggist today and send coupon for free booklet—"Thirty Feet of Danger."

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
