SOUND THE JUBILEE

The National Woman's Christian Temperance Union Jubilee Drive, which begins Tuesday, May 20, for one million dollars and one million members has been called "The Greatest Missionary Movement of the Age."

Greatest in its program for a better and happier America—greatest in its program for a safer and happier world—great in bringing together the trained womanhood, the organized motherhood of all America with financial resources to protect child life, to safeguard Women in Industry, to put the spirit of America into the heart of the Foreign Speaking Home, and to create a loyalty and faithfulness to Prohibition and Christian laws—great in its work for the World. When Frances E. Willard and her co-workers in 1884 founded the World's Women's Christian Temperance Union, they placed upon the United States organization a responsibility and privilege that cannot be shaken off. Other organizations may need to hew new paths in the work for World Prohibition but that of the Woman's Christian Temperance Union is already made. Already the organization formed by her temperance missionaries in forty-three countries have been doing the pioneer work and are ready for the big advanced plans. Already schools, missions, and homes are pleading for more helpers, and more literature with which to defy the incoming brewer. The Woman's Christian Temperance Union—organized Christian women, organized Mother Love in a Christian land—will bear the responsibility for mothers and children the world over. World Prohibition must be won! On with the Drive for America and the World!

"How beautiful upon the mountains are the feet of him that bringeth good tidings: that bringeth good tidings of good!"

Stirred with the loftiest spirit of patriotism to National plans—eager to meet the great work just at hand for the World, one State already has said, "We will double our quota," and Union after Union has more than reached its goal. There may be a few states unable to fully meet the call, but with courage and spirit born of years of sacrifice and love, other States will pour in their added gifts, that the million dollars may
