ASHLAND, OREGON, FRIDAY, MAY 30, 1919

NUMBER 34

Surprises Coming With
Rogue River Round-up

If you should happen to meet Naninger or Murphy or one of the Directors of the Round-up and he is wearing a big broad smile, don't ask too many questions, for they all have a secret and it is absolutely on the quiet just yet. But you can bet it concerns the big show on July 4, 5 and 6.

It's something new, yes, it's something different. Just what the dear public is craving for—new features. It will be a great drawing card. In due time everybody will be talking about it, but for the present, be patient.

Plans for the big show are progressing nicely and the outside world will be advised of what is doing in the next few days.

As the advertising program covers Jackson, Josephine, Klamath and Siskiyou counties, twenty-five outside papers will be boosting Ashland's big three days' celebration and it's none too early for the home folks to prepare to take care of the immense crowd that is sure to be here. Present estimates place the crowd at 25,000 people on July 4. Do your duty and boost for the big show.

N. G. BATTALIONS
FOR STATE LOCATED

Eugene will be headquarters for the new First Battalion, according to official orders received by Major W. G. White, commander of the battalion. Four companies compose this battalion and are located as follows: A at Marshfield, B at Ashland, C at Eugene, and D at Medford. Portland is headquarters of the second battalion with companies G and H, and the third battalion is located at Salem, with the following companies: I at Silverton, K at Independence, L at McMinnville, and M at Salem.

Criminals Caught
In Fowler, Calif.

Chief of Police J. W. Hatcher received a letter Monday from Frank Truax, chief of police of Fresno, Calif., stating that he had in custody Fred Langdon and Hugh Moore, wanted by the Ashland chief for kidnapping a young girl from this city several weeks ago. These two men were arrested in Fowler, Calif., after burglarizing an oil station at that place. Langdon endeavored to make his escape, but was finally captured after giving the officers a merry chase thru a vineyard.

Both men are under the charge of burglary and grand larceny. A Dodge car in their possession is supposed to have been stolen by them in Sacramento, and other cars they have disposed of, the chief of police claims, were undoubtedly stolen cars. They were well armed when arrested, and are apparently traditional bad men.

Chief Truax stated that he would keep Chief Hatcher's case in mind, and as soon as he is thru with these men will notify the local police so he may take action if the Fresno authorities are unable to convict them. Chief Hatcher has been after these men ever since the Ashland kidnapping case came up, and they are without doubt the guilty parties.

ALLIES TO ADVANCE
IF HUNS WON'T SIGN

The allied blockade council at Paris has completed all arrangements for putting the blockade of Germany again into force in case the German delegates refuse to sign the peace treaty, while complete plans have been worked out for the fullest co-operation between the military and economic forces which will be employed in case of necessity.

Immediately following a failure of the Germans to sign the treaty, Germany will be given 72 hours' notice of the termination of the armistice. On the expiration of this period, the British, French and Americans will advance into Germany. Simultaneously the blockade will be enforced as tightly as possible.

COMMERCIAL CLUB MEETING

The semi-annual meeting of the Ashland Commercial Club will be held on Monday evening, June 2, at 8 o'clock, in City Hall. This is an important meeting. Six trustees are to be elected and other important matters will be considered. Show your interest in your home community by attending this meeting.

F. J. SHINN, Secretary.

Doctors Meet In
Annual Session

The twenty-eighth annual session of the Southern Oregon Medical Association comprising Douglas, Josephine, Jackson, Lake and Klamath counties, met in this city Tuesday in the Elks Temple, where the business session convened at 11 a. m., at which the following officers were elected: President, Dr. Stewart of Roseburg; vice president, Dr. Knott of Glendale; secretary-treasurer, Dr. F. D. Strickler of Grants Pass.

A luncheon was given at the Hotel Austin at 12 o'clock, after which the afternoon session was opened with an address of welcome by Mayor C. B. Lamkin, followed by an address by Dr. E. A. Woods, the outgoing president. Other topics on the program were: "The inefficiency of the Adrenal System as a Causative Factor in Cancer and Tubercular Diseases," Dr. D. M. Brower, Ashland; discussion opened by Dr. Geo. O. Jarvis. "Posterior Lateral Sclerosis," Dr. T. J. Malmgren, Phoenix; discussion opened by Dr. F. D. Strickler, Grants Pass. "Chloroform-Ether Sequence, Anaesthesia," Dr. G. W. Gregg, Ashland; discussion opened by Dr. W. H. Flannigan, Grants Pass. Report of Cases, Dr. F. G. Swendenburg, Ashland; discussion open to society. "Venereal Diseases as Regards Military Forces," Dr. Gordon MacCracken, Ashland; discussion opened by Dr. F. D. Strickler, Grants Pass. "Electronic Diagnosis," Dr. Geo. O. Jarvis.

FIRST TOURISTS TO
REACH CRATER LAKE

A party consisting of E. A. Welsh of Medford, C. J. Seymour, engineer of U. S. roads, and W. E. Helfrich of Portland reached the rim of Crater Lake Monday. They found the snow six feet deep at the lake except where it was drifted when it was much deeper. On the north side of the lodge snow was piled 25 feet deep and the party gained an entrance into the building thru an upper window.

Southern Oregon To
Get Model Farm

The first farm settlement unit, purchased by the state, is now being developed by a scheme planned by H. D. Scudder, Clair Wilkes and Palmer Patton of the farm management department of the O. A. C. The tract of land is a 60 acre diversified farm plat two miles south of Independence. The farm will be developed on funds loaned by the state to the settler.

The land settlement board, appointed by the governor, has been authorized to select sites in five different parts of the state. Plans will be drawn up and the sites, equipped by the state. Two farms will be in Eastern Oregon, one on the coast and one in Southern Oregon.

Mr. and Mrs. L. H. Settles are home from an extended trip thru the northern part of the state and Washington. They visited their daughter, Mrs. L. H. Wyant, at Bremerton while they were gone, and also their son, Orval, who resides at Haman, Ore. The latter has been engaged in government work there since he was mustered out of the army service.

Attempt To Blow
Up River Plant

An attempt to blow up the irrigation pumping plant near the Lost River bridge at Bonanza near Klamath Falls at midnight Sunday was frustrated by the fact that the perpetrator placed the explosive in the wrong place, so the actual damage done was slight. The roof of the building over the pump and motor was blown partly off, the main shaft somewhat sprung and a few minor injuries caused to the motor and the pump.

The damage can be repaired and the irrigation, which is now in progress can proceed.

The person who planned the explosion was clever enough to wear sacks on his feet, so that it would be very difficult to track him. He secured dynamite and fuse from a place nearby, where it has been kept for blasting.

Germany Will Not Give Up
Territory In Peace Terms

BERLIN, May 27.—Germany's counter proposals to the terms of the peace treaty presented to her plenipotentiaries at Versailles include the following points, according to an unofficial summary available today:

Germany offers to disarm all of her battleships, on condition that a part of her mercantile fleet be restored to her;

She proposes that there shall be no territorial changes without consultation of the populations affected;

The cession of Upper Silesia and Prussia and Memel are emphatically rejected;

It is stipulated that Danzig shall become a free port and the river Vistula neutralized;

Occupied territory to be evacuated within six months;

If the League of Nations is established with Germany as a member, Germany shall continue to administer her colonies in accordance with the principles of the league as its mandatory;

Germany offers to pay 20,000,000,000 marks in gold by the year 1926 as indemnity, and to make annual payments from 1927 onward to a total not in excess of 100,000,000,000 marks in gold.

It is declared by the Germans that altho the speech made by President Wilson in October, 1918, recognized that responsibility for the war rested on the entire European system, the treaty requires Germany to acknowledge that she and her allies were responsible for all damage suffered in opposing countries. It is asserted that it is incontestable that some of the allied and associated

Kenneth Lilly, a former well known Ashland boy, passed thru here Thursday evening on his way to Seattle to attend the Coast Universities' track meet. He is a student of Stanford university and will represent that institution in the 100-yard dash. Kenneth is one of the few university students who have made all four 'varsity letters.

George Williams has been discharged from the army and returned home after spending nearly a year overseas.

NC-4 Completed Atlantic Flight

The navy seaplane NC-4 arrived at Lisbon, according to official advices received, at 8:25 p. m. Tuesday.

Station ship No. 5, more than 250 miles east of Ponta Delgada, reported the NC-4 had passed at 13:35 Greenwich time (9:34 a. m. Washington time.)

Station ship No. 6 was passed by the NC-4 at 2:05 p. m. Greenwich time (10:03 a. m. New York time.)

When she passed station ship No. 6 the NC-4 apparently had covered more than 300 miles in 227 minutes, the exact distance depending upon the position of the station ships at the time the plane passed. The average speed was in excess of 80

Federal Board Head
Praises Work of Elks

Dr. C. A. Prosser, Director of the Federal Board of Vocational Education, has made the following statement, regarding the work being done by the Elks' War Relief Commission, to aid disabled soldiers, sailors and marines:

"No one action taken by any public or private agency will do so much to bring about a prompt and effective care of disabled soldiers, sailors and marines resulting from the War as the action taken by the ELKS' WAR RELIEF COMMISSION. As the result, instead of waiting for weeks and months, under privation and humiliation such as no soldier of the Republic should undergo, because of official delays, many of which are unavoidable, they will now find themselves properly taken care of at once and placed in the line of re-education which will enable them to make their future safe for themselves and their dependents."

Big Celebration Will
Excel All Past Events

FRUIT THINNING IN

VALLEY IS STARTED

This week thinning in the various orchards thruout the Rogue River valley began in earnest, and the principal orchards are hard at work with as large a force as can be obtained. From many sections the report comes that not nearly half the workers have registered that are absolutely needed. The schools in the county are closing and this will undoubtedly release a large number of boys and girls who will seek employment in the local orchards.

A. L. Irwin Met
Death At Gerber

A. L. Irwin, a former well known resident of Ashland, who has been for several months night watchman in the railroad yards at Gerber, Cal., met a tragical death at the latter place last Tuesday evening when he stepped in front of a moving passenger train and received injuries from which he died a few hours later.

According to witnesses who saw the accident, Mr. Irwin was riding thru the railroad yards on a freight train and just as the Dunsmuir local pulled into the yard he alighted directly in front of the engine. The passenger was several hours late and was not expected by Mr. Irwin at this time, and when he saw it the engine was directly upon him and he attempted to catch hold of the moving train in order to pull himself upon it. In doing so he was swung directly in front of the engine and was struck on the head and otherwise crushed.

The injured man was placed on board a train and with a nurse was hurried to San Francisco where he died a few minutes after arriving at the hospital. His wife was apprised of the accident Wednesday night and left Ashland at midnight. On arriving at Dunsmuir she was notified of the death of her husband, so she returned home Thursday morning. Arrangements for the funeral will be made later, and will probably take place Saturday.

Mr. Irwin had been a well known and prominent citizen of Ashland for a number of years, having served as chief of police and later as constable some time ago. In recent years he had been employed as night policeman at the local railroad yards before leaving last fall for Gerber. He is survived by his wife and two sons, Lieut. Lewis Irwin of the army, and Lieut. Alri Irwin of the marine corps, and one brother, George Irwin, of Tilent.

Four Districts Ahead
In Methodist Drive

With four of the 17 districts in the Northwest well over the top, nearly \$2,000,000 was reached in that section in the course of the \$105,000,000 Methodist centenary drive, which ended Sunday night.

Centenary leaders expect to see an additional \$100,000 added during the week from delayed reports and are hopeful that when all churches have completed their campaign the final Northwest total of \$2,400,000 will be reached. Several large churches have postponed their drives later in the month.

Klamath district, which includes Ashland and other churches in the Southern Oregon reported \$51,075, with a quota of \$81,440.

R. L. Winstead of Elko, Nevada, who with his wife has been stopping in Ashland for several weeks looking over the field with a view to locating here, last week purchased the Jacob Brandt ranch on the Pacific highway north of Talent. This tract covers 32 acres and is one of the best alfalfa and grain ranches in the county. The deal was made thru the Lamkin agency.

Ashland Trading Co. under new management. 32tf

The executive committee of the Fourth of July celebration has been putting in a busy week canvassing the city and surrounding country in the Rogue River valley, in the interests of the big event to be staged here for three days, July 4, 5 and 6. Everybody is to be invited and everybody is expected to be present and notify their acquaintances abroad of the great attractions which will make Ashland this one place on the coast to spend their holiday vacation.

No community on the coast is attempting a celebration which can compete in point of completeness with this that is being planned for this year. All conditions point towards its success, and the fact that the speedy return of normal conditions in the country after the strenuous war times of the past four years will make this season a time of particular rejoicing.

By next week more specific plans will be announced, and committees arranged to further the celebration movement. The women of Ashland are to take charge of the decorating of floats in the parade and ornamenting and beautifying the streets and buildings all over the city, and they are planning on new and unexpected features that will surpass anything ever seen here before.

Ashland's hospitality during the past year when celebrations have been given here has made for her a reputation that has extended far beyond the confines of the valley and even the state. Starting early in the movement the executive committee are arranging better facilities for the convenience of the guests who will assemble here the three days of the celebration, and from now on until the final moment every effort will be bent towards making plans for greater amusements and more astonishing features than the public can dream of.

Singer Is Mother
Of 4000 Marines

The world-renowned contralto, Madame Schumann-Heink, who will sing before an Ashland audience Wednesday, June 18, has been one of the most enthusiastic and patriotic workers during the world war of which America can boast.

Madame Schumann-Heink, as every one knows, has four sons in the United States navy, but as every one does not know, 4,000 sons in the United States Marine Corps. This large increase in her family all came because of a visit to Quantico, Va., the overseas depot, where the Marines receive their final instructions. The famous "Mother" of the cantonment was there to inspire the boys with her wonderful voice and cheering presence, before they were "shoved off" to foreign shores. It was a case of "she came, she saw and they conquered," for before her recital was half over, Madame Schumann-Heink announced she had adopted every one of the 4,000 marines who formed her audience, and then she celebrated her adoption by singing "When the Boys Come Home," whereupon 4,000 lusty voices answered with "Mother O' Mine," and the adoption was complete. And then the marines sang this quickly arranged version of their hymn to the intense delight of Madame:

"When our new-found mother passes on

And arrives at heaven's scenes,
She will find her path guarded by
The United States Marines"

MEDFORD WILL TAKE
CONTROL OF P. & E.

The subscribers of the Pacific & Eastern Railroad stock have decided to finance the proposition with local capital and have the complete control of the road. A committee has been appointed to work out a plan that will insure the operation of the road without further delay.

Ashland Trading Co. will be pleased to quote you prices on seasonable groceries. 32tf
