## LEGAL NOTICES

**NOTICE OF SHERIFF'S SALE BY VIRTUE** of an execution and

# Department of Agriculture Work

## Work for Business Farming.

A large number of Montana farm bureau members have organized a State farm management association and will offer \$300 in cash prizes for the advancement of this type of work. There will be \$100 in prizes for the best book kept and most accurate farmer's account book, another \$100 for the best organized farm as shown by the account book, and a \$100 trophy as sweepstakes will be offered as a combination prize. A \$25 shield will be awarded to the county or farm management club showing the most results accomplished from keeping and studying record books in groups. These prizes have been donated by commercial firms doing a State-wide business, all of whom recognize the importance of this work.

## More Interest in Raising Sheep.

As a result of high prices of wool and mutton and the value of sheep as weed and waste utilizers, western irrigation farmers are keeping more and larger flocks. This is shown by reports to the United States Department of Agriculture. As a rule these farm flocks are of good breeding, many consisting of pure-bred animals, their owners making a specialty of selling pure-bred ram lambs to range-country stockmen, who do not reserve breeding stock from year to year. Several projects are now operating wool pools, the main function of which is to concentrate the wool in large quantities and develop keener competition among buyers. Combination also favors grading and better classifying of wool and allows a small producer to realize greater profits from his sheep-farming operations.

## More Food from Irrigation.

Prospects thruout the western reclamation belt indicate that the food production records of 1917 and 1918 will probably be eclipsed by those of the present season. Prices of essential food-stuffs are high enough to make it attractive and profitable for farmers to produce on a big scale. Reports indicate the labor supply is abundant and good, altho demanding high pay. Credits are not cramped, with the consequence that native farmers are not handicapped in their operations. This is why it looks like a boom year for the rubber-boot farmers of the far-West.

## No Beer, More Milk.

One leading city of the Southwest formerly had extensive brewing interests, it being a distributing center for the principal stock-raising sections of Texas. With the coming of prohibition the beer plants were paralyzed temporarily until an ingenious brewer converted his malt factory into a milk depository and distributing agency. Now other brewers are also operating as emergency dairies, with the result that many people who used to drink beer are finding the wholesomeness in an abundance of milk.

## KLAMATH TO HAVE MORE IRRIGATION

A new irrigation project by which 1600 acres of land will be brought under water on the south side of the Klamath river, between Klamath Falls and Keno, is going rapidly forward. The water has been diked from the lands in that section and will be pumped on again by two large centrifugal pumps.

H. H. Van Walkenburg, J. A. Bushong, R. V. Ess, H. A. Talbot, B. E. Kerns, C. E. Erell and Dr. E. H. Hawkins are the men most interested in the new venture.

## ALL TIRED OUT

Hundreds More in Ashland in the Same Midget

Tired all the time; Weary and worn out night and day; Back aches; head aches; Your kidneys are probably weakened. You should help them at their work. Let one who knows tell you how. Mrs. J. Galbraith, 136 Sherman St., Ashland, says: "Five years ago my kidneys were in a bad way. At times they acted too freely and then again not often enough. My back felt weak and lame and I was tired and languid all the time. Finally I began taking Doan's Kidney Pills and they helped me wonderfully. They regulated the action of my kidneys and since then I have always used Doan's when I have felt my kidneys needed attention. They have never failed to help me." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Galbraith had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. —adv.

## More Meat Animals on Farms.

Last November the Secretary of Agriculture addressed a statement to the farmers of the Nation, in which he said: "The world will have need particularly of a greater supply than normal of live stock, especially of fats. We should not fail, therefore, to adopt every feasible means of economically increasing our live-stock products." How the farmers are responding to this counsel is shown by a recent report of the Bureau of Crop Estimates, which is based upon reports from about 10,000 reporters. Farm supply of swine says the report, increased about 18.5 per cent, or about 11,892,000 head, during March, as compared with an increase of about 7.6 per cent, or 4,789,000 head, during March of last year. The supply of cattle increased about 2.8 per cent during March this year and a year ago, but from the standpoint of numbers the increase in March of this year was 1,959,000 head, as compared with 1,846,000 head for the month a year ago. The sheep supply appears to have increased 11.9 per cent, or 6,384,000 head, in March, as compared with an increase of 7.5 per cent, or 3,696,000 head, in March of last year. From January 1 to April 1 the apparent increase of sheep was 20.5 per cent, or 10,204,000 head, as compared with an increase of 9 per cent, or 4,367,000 head, in the first three months of 1918.

## Teach Foreign Women American Cooking.

When a woman comes from a country where housewives of her class have fed their families for generations on black bread, olive oil, and cheese it is not easy in a new country to learn new methods of cooking. Many mistakes in selecting proper food are apt to be made. The United States Department of Agriculture realizes this, and the home-demonstration agents from the department and the State colleges are teaching the foreign women how to select and cook American food. In Bayonne, N. J., the home demonstration agent and the foreign workers of the International Institute cooperate. It is found that many of the cheap nutritious American foods are unknown to the Italian and Polish women. But few used oatmeal, and those few prepared it improperly. In one month last winter in Bayonne 25 mothers were taught by the home-demonstration agent how to prepare oatmeal properly. In the 25 families there were 92 children. A Bayonne girl of 13 years lost her mother last fall during the influenza epidemic. She has entire charge of six younger brothers and sisters. Her father gives her \$1 a day for food for the seven. Coffee and cake were the staple articles of food in the children's diet three times a day. The home-demonstration agent has now taught the little sister-mother how to prepare simple, cheap, nutritious dishes.

## ROSEBURG—Estimate of fruit shipments from this community: pears 20 cars; apples, 200 cars; prunes, 8,000,000 lbs.

## FARMS FOR SALE

320 acres stock ranch with 60 acres of meadow, water, \$5,500.

# VICTORY ANNOUNCEMENT

## More Mileage Adjustment on Goodrich Tires

**Fabrics-6000 Miles  
Cords-8000 Miles**

TO automobile owners and drivers—to Goodrich Dealers—the B. F. Goodrich Rubber Company herewith declares a **more-mileage adjustment on Goodrich Tires—6,000 miles for SAFETY TREADS, and 8,000 miles for SILVERTOWN CORDS.**

Fix these new Goodrich Adjustment figures firmly in your mind—6,000 miles for SAFETY TREADS—8,000 miles for SILVERTOWN CORDS—instead of the 3,500 and 5,000 miles respectively heretofore in force.

This new adjustment stands back of all Goodrich Tires, including Tires already purchased in the hands of user or dealer.

Goodrich Tires in actual usage are today unfolding such matchless mileage, regularly in excess of adjustment basis, that Goodrich knows it has the strongest, most durable tires the rubber industry has produced.

The Goodrich adjustment mileage is increased because Goodrich knows the mileage in its tires, and it wants to give every motorist a share in their economy.

Go to a Goodrich Dealer, and buy a Goodrich Tire, sure that with fair and square usage a Safety Tread will render you at least 6,000 miles; and a Silvertown Cord at least 8,000.

Buy Goodrich Tires from a Dealer

# GOODRICH TIRES

"BEST IN THE LONG RUN"

Astoria waterfront to be improved under new ownership. Steamer lines added. Cottage Grove—Apple crop predicted to be ten times as large as last year.
