THE A. DUNBAR CO.

Remember our Glove Sale lasts all this week.
566 Commercial Street.

Mrs. Ada Jewett, of Lewiston, Idaho, who visited Astoria to attend the wedding of her daughter, Miss Jessie, returned home last evening.

Mrs. Fish, mother of Mr. Merrill Fish, and who was here to witness the marriage of her son, was a passenger on last night's train, going homeward.

The regular monthly meeting of the Ladies' Guild of Grace church will be postponed till Tuesday, October 9, owing to the absence or sickness of the officers. Remember the date.

Rev. Edw. Eccleston is in Astoria in the interests of Albany college, of which institution he is the financial agent. Mr. Eccleston is making a determined effort to get the college out of debt and he has been greatly encouraged. The college is under the control of the Presbyterian church and it is the members of that denomination chiefly who are putting the institution on a sound financial basis. There are good prospects for an endowment from the East when the debt is cleared.

Mr. Paddy Lynch, whose so-called mysterious disappearance, has of late occupied the attention of many paragraphs, arrived in Astoria on the Columbia yesterday, and with a little talk of denial punctured many a wind-puffed tale. He affirms that he started for San Francisco, reached San Francisco, transacted his business in San Francisco and departed from San Francisco. Every day there are hundreds of people who do that thing but few by so simple a process achieve such distinction as did Mr. Lynch. He is not inclined to be profuse in his communications, thinking, and doubtless correctly that when he wishes newspaper space he is willing to pay for it.

Jerome Dillon, the well known resident of Seaside, arrived here Sunday evening from the Atlin district by way of Alaska. Mr. Dillon left here about a year ago and went in by way of the Stikine route. The Atlin district is in Canadian territory and is one of the richest portions of the Klondike country. Mr. Dillon says the Canadian laws prohibit Americans from filing on claims without first becoming naturalized Britishers. He tried to file on two or three claims there, but being an American, the recorder would not accept his entry. Mr. Dillon says the country is rich in placer mining but Canadians have the best of it. All the rich claims there are owned by Canadians. He considers the laws as unjust and discriminating and passed for the purpose of shutting out aliens. Mr. Dillon says he is undecided whether he will return to Atlin or not.

The British bark Royal Forth arrived in Sunday, 32 days from Acapulco, in ballast. The Royal Forth is in command of Captain Cooper and is the largest sailing vessel that ever entered this port, being of 2915 tons register. Captain Cooper states he had an eventful trip up the coast. The weather was pleasant until the Oregon coast was reached, when a heavy southwest wind sprang up which continued until arriving in the harbor yesterday. Captain Cooper states that on Sunday, September 24, he spoke the British bark Lorton, from Hamburg, and the British ship Camillebank from Santa Rosalia, both bound for the Columbia river. A four masted bark in ballast, was also sighted but not spoken. She was headed for the Columbia river. The Royal Forth is chartered to load wheat, and, although a large carrier, draws but 23.9 feet when loaded. At present she only draws 13 feet. The Royal Forth will be compelled to lighten from 600 to 1000 tons of her cargo at Astoria as she cannot possibly float down the river fully laden, even with the present stage of water. She will probably leave in tow for Portland today.

THE JEWETT-FISH WEDDING.

A very pretty house wedding took place yesterday afternoon at the residence of Mr. and Mrs. A. J. Megler. It was the marriage of Mr. Merrill Fish of Boise, Idaho, and Miss Jewett of this city, niece of Mrs. Megler.

Rev. W. Seymour Short officiated. The parlors were beautifully decorated with cut flowers and potted plants and all the arrangements were perfect. The bride wore a handsome travelling suit. Only relatives and a few of the most intimate friends were present. Delicious refreshments were served by the little Misses Ella Hare and Fay Dellinger.

Many elegant and costly gifts testified in a small measure to the place the bride held in the hearts of those who knew her. Mr. and Mrs. Fish left in the evening for Boise, Idaho, where they will reside. Mr. Fish having a position on the Boise Statesman. They will stop a few days in Portland.

Said Colonel Joyce to Miss Wilcox at the base ball game. "What cheers!"

"Sure, but the umpire's got the laugh on us up here in tiers."

HARD BATTLE NEAR IMUS

Natives Make General Attack on American Lines.

BATTLE AT DAS MARINAS

An American Captain and Corporal Killed—Enemy's Loss Large—Envoys Call on Otis

MANILA, Oct. 3.—A. m.—The Fourth infantry regiment, Major Price commanding, has had a series of encounters with the insurgents about Imus since Saturday. The natives made a general attack upon the American lines from Imus to Bacoor.

A captain and a corporal of the American forces were killed and eight men wounded. A Philippine colonel is known to have been killed. Major Price requested Rear Admiral Watson to send two gunboats to his support.

The fighting began Saturday, when Captain Brown took a battalion and a large force of insurgents on the Paredas Marinas road and general engagements followed. The Americans being in the mud in the rice fields, kept up the fire for an hour and a half when reinforcements were sent to them until seven companies were engaged. The insurgents retreated.

During the engagement three Americans were wounded. The fighting yesterday began with an attack by the insurgents on a party repairing a telegraph line, one member of which was wounded.

ENVOYS CALL ON OTIS.

Mission However Was Fruitless—Gunboats to Bombard Oren.

MANILA, Oct. 2.—The Philippine envoys called on Major General Otis today and discussed matters with no result. General Alejandro said to a representative of the Associated Press that he had no instructions except to deliver a letter, which was rejected. He will return to Tarsac tomorrow. The expedition, composed of an armored flatboat, armed with two three-pounders, with the gunboats Helent, Peter and Mindere escorting it, proceeded yesterday to Oren, for the purpose of bombarding that place, and landing 200 marines and bluejackets and raising the wrecked gunboat Urdoneta. The gunboats will approach to about 2700 yards from Oren and the flatboats will enter the river. The expedition will return tomorrow.

The insurgents attacked Imus on the Bacoor road today. The last advice from there were that the Americans had driven the enemy with five casualties. The insurgents loss was estimated to be large.

PROGRESS OF JEWISH RACE.

Leon Zolotoff Says Their Views of Regeneration Receive Much Support.

Times-Herald. Leon Zolotoff, delegate of Knights of Zion of Chicago to the third annual congress which convened at Bale, Switzerland, from August 15 to August 19, has returned to Chicago. His official report of the proceedings of the congress were submitted to the Zionists circles of this city at the Twelfth Street Turner Hall last evening. Three hundred Jewish delegates attended the convention at Bale, representing 1,200 minor organizations from all parts of the world. The United States was represented by nine delegates. Mr. Zolotoff said in his report:

The Jews have the undivided sympathy of the entire Christian world in their endeavor to regenerate the race and its historic soil. The kindness of the noble Christians has elicited the moral support of the Emperor of Germany, and a committee was appointed by the convention to solicit the sympathy of the Czar of Russia, under whose banner dwell about 5,000,000 Jews, and we have every reason to believe that their efforts will be successful. The plans for the future activity of the society are at present embodied in the movement to secure the consent of the Sultan of Turkey for the Jews to colonize Palestine and Syria en masse. Inasmuch as there is no political society of Jews in the world, it became necessary to organize a negotiating body of men, and from this idea emerged the Jewish Colonial Trust Company, with headquarters in London, and which has a capital stock of \$10,000,000. It will devote upon this organization during the year to submit a petition to the Turkish ruler in an official capacity, requesting that he grant a charter to the Jewish people entitling them to colonize and improve the desolate territory of their chosen land without interruption or interference by the Turkish officials. The new nation is to be under the sovereignty of the sultan but independent in the management of its official affairs.

Snow comes down in the winter and ice goes up in the summer.

There is some talk of substituting the electrical chair for the gallows in Georgia, but the telegraph pole and the "limb of the nearest tree" retain all their old-time favor down there.

Some of the census enumerators will have the job of penetrating the Alaskan wilds to get the necessary information about American gold seekers there, while still others will have to go to Hawaii.

DeWolf Hopper says the American people don't suit him. The American people have made it unnecessary for Mr. Hopper to go elsewhere for the purpose of earning a living as an exponent of horse play.

Maurice Grau has been decorated with the Cross of the Legion of Honor of France. Inasmuch as Mercer, Billot, Cavaignac, Boleaffre, Bertillon and the rest of them have been similarly decorated it would seem that something better might have been done for Grau.

An Italian newspaper publishes a table giving a list of the various persons and their nationality who have been canonized or beatified by the church of Rome during the last 400 years. It is as follows: 76 Italians, 25 canonized, 45 beatified; 64 Spaniards, 17 canonized, 49 beatified; 37 Portuguese, 4 canonized, 24 beatified; 13 Dutch, 12 canonized, 1 beatified; 14 French, 4 canonized, 5 beatified; 5 Belgians, 4 canonized, 1 beatified; 4 Germans, 2 canonized, 2 beatified; 3 Poles, 1 canonized, 1 beatified. It will be noticed that neither Great Britain nor the United States has furnished any saints.

THE YELLOW FEVER SCARE.

The recent yellow fever fright raised widespread interest in its treatment. It is treated in the simplest way possible although it is a terrible disease. Perfect sanitary arrangements are insisted upon, the supply of water must be pure, simple medicines are administered and the bowels kept regular. If this last measure was observed by everyone we would be a magnificent race. There is nothing better than Hostetter's Stomach Bitters for cleansing the system. A dose three times a day will bring new life and happiness. It will positively cure constipation and dyspepsia and for weak liver or kidneys there is nothing to equal it. Every druggist keeps it and a private Revenue Stamp covers the neck of the bottle.

Business

pursuits are much more profitable to the average person than any of the professions. A studious young man or woman can prepare for a business career in about one-fourth the time required to educate for a profession, and at about one-fourth the cost. The success of hundreds of our graduates is every-day proof of the value of a practical education. Examine into the merits of our school. Learn how and what we teach. Students of "Armstrong's Combined Theory and Practice of Bookkeeping" learn to keep books exactly as they are kept in business. New way to teach; makes bookkeeping easy. Investigate. Call, or write.
