Astorian are deeply interested in the international yacht race, and it was the common topic of conversation yesterday. Probably in few towns can the average citizen discuss the race so understandingly for, but to few here are technical terms mysterious. A belief in the superiority of American seamanship prevails, and nearly all desire the Columbia to win. Some few, however, want the Shamrock to gain the cup for the effect it would have on the future of the sport.

Charles Stillwright, Herman Belmer, Charles Olsen and Charley Ring, returned Monday from their bicycle trip on the Sound. The only unpleasantness connected with the trip was, when riding along the beach near Gray's harbor, a heavy fog overtook them, and they became completely lost for awhile and not until they found themselves almost in the breakers did they realize their dangerous position. They

all came out all right but Stillwright, who lost his wheel in the surf and had to wade ashore. The bike was picked up later by one of the life saving crew stationed near and returned to the boys. They however report having a real good time, the weather being exceedingly fine.

A young horse belonging to Mr. J. C. Trullinger enlivened the streets for a few moments yesterday evening. He was hitched to a buggy and one of the men started to exercise him, but the horse slipped off his head soon after leaving the stable and he exercised himself. He tore down the street, part of the time in the road and part of the time on the sidewalk. The driver was not fond of excitement and jumped out. The horse turned up, Seventh street and smashed the buggy up against a telegraph pole. He finally shook himself out of the harness and scampered on, leaving the buggy near the White House Corner saloon. The buggy is in need of considerable repairs.

**THE YELLOW FEVER SCARE.**

The recent yellow fever fright raised widespread interest in its treatment. It is treated in the simplest way possible although it is a terrible disease. Perfect sanitary arrangements are insisted upon, the supply of water must be pure, simple medicines are administered and the bowels kept regular. If this last measure was observed by everyone we would be a magnificent race. There is nothing better than Hostetter's Stomach Bitters for cleansing the system. A dose three times a day will bring new life and happiness. It will positively cure constipation and dyspepsia and for weak liver or kidneys there is nothing to equal it. Every druggist keeps it and a private Revenue Stamp covers the neck of the bottle.

The Fernin method of shorthand is being taught by Mr. H. W. Behnke in the Oregonian building at Portland. A tailoring establishment of some pretensions, located on Washington street, Portland, claims to have made 47 suits for dressy Astorians during the past six months. This statement is denied by the firm of Povey & Birchall, at 37 Washington street, near the Imperial hotel, who are patronized by the great majority of outside customers. Povey & Birchall make the swell suits for most of the stylish Portlanders, and feel that they are not excelled by any Portland firm for out of town patronage.
