gress. The pastor has received a letter from Salt Lake City requesting him to preach a sermon on Mormonism which he will do. The theme will be "The origin of Mormonism, the atrocious crimes of which it has been guilty, and what to do with it." Special music for the occasion. Everybody cordially invited to attend these services.

Anton Melin, who has been a well-known character on the streets of Astoria for several years, swallowed carbolic acid intentionally at the county ward of the hospital and died. He was assisting another patient to dilute the acid to rub on a paralytic. Melin was sent to the hospital a few weeks ago suffering from dropsy and heart trouble and knew he had but a short time to live. He was buried yesterday in Clatsop cemetery. Melin was about 39 years of age and has lived in Astoria 29 years.

The Webber company gave a delightful concert at the opera house last night. The opening number was a march by the mandolin club, rendered as only artists can. The xylophone solo by Mr. Pangle gave that instrument new importance to the audience. Miss Buehl (Gambel) sustained her reputation as an accomplished singer. Miss Hewett is a sweet singer and a versatile instrumentalist. Mr. Stout in his guitar solo and Mr. Harrack as the accompanist maintained the high standard of the company. It would be a waste of words to praise the playing of Mr. Webber, for all Astorians know the ability of that artist. Every number last night was heartily applauded and the audience was well pleased.

THE AX-WIELDERS.

Astoria Woodmen to Hold an Interesting Public Meeting Tonight.

The local camp, Woodman of the World, will entertain the public tonight at Odd Fellows' hall.

The principal feature of the evening will be an address by Neighbor George K. Rogers. His subject is "Fraternity" and he will pay particular attention to the work of Woodmen and its results. Mr. Rogers is an eloquent and entertaining speaker and his address will be well worth hearing.

After the speaking the amplified team of the order will give an exhibition drill. Then there will be an initiation—this last feature, of course, being for Woodmen only.

A large number of visitors from Portland and elsewhere will be in attendance and a good time is promised. Mayor Story of Portland will be among the guests from the metropolis.

A cordial invitation to the public has been extended by the camp.

THE PIANOLA RECITALS.

The pianola recitals given this week by Messrs. Bruce and Ballard, of the Astorian Co., have been a revelation to Astorians. The pianola has attained a high place in the estimation of local musicians, and the people generally are alive to the fact that this musical instrument is a marvelous invention. Shut your eyes and listen while Mr. Bruce plays on the piano by means of a pianola and the perfection of piano playing is reached. The visit of those gentlemen will result in the introduction of really fine music into many households as an every day article of consumption, for people who have pianolas never need lack for music in any quantity. The Occident hotel parlors have been thronged all during the week with representative Astorians, and all were first astounded at the pianola's capabilities, and then delighted that a new and lasting source of pleasure had been discovered.

This afternoon the present series of recitals will be brought to a close by an afternoon recital at the home of Mrs. Isaac Bergman.

THE WORLD OF POLITICS.

The City Campaign Evolving Perplexing Situation.

For ways that are dark and tricks that are vain politics can discount the "hashen (Chinese)." Astoria politics has peculiarities all its own.

It may be due to this fact that the republican organization is having so much difficulty in filling up its ticket. According to some estimates a citizen is a patriot indeed who will run for a city office unless it is a salaried one.

It is asserted by the evening republican paper that the controlling influence in the republican convention will shape the program for the non-partisan meeting tonight—the Matt Quay method localized. It is difficult to find any ground for this suspicion. The candidates certainly are working for success, they were supposed to do that when they were nominated, but the expedient charged by the News would not be a winning one.

A part of the republican ticket will doubtless be endorsed tonight. H. E. Nelson for auditor and police judge, F. J. Carney, for treasurer, J. F. Kearney for street superintendent and Alfred Tee for surveyor, it is said, will be acceptable to the non-partisans, but none of these gentlemen have acquiesced for such support. It will come unsought. They are certain of election anyway.

Mayor Isaac Bergman will probably be re-nominated as will also Police Commissioner John Kopp. Matt Hughes who has made a very good justice of the peace will likely be nominated by the non-partisans to "go up against" George Welch.

There may be some interesting contests in tonight's convention. If the dark winding plans are being laid as alleged they will show up this evening and since it is a mass meeting the result would depend upon the interest most successful in rushing in adherents to attend the meeting. Everything indicates however that there will be little conflict tonight.

ASTORIANS AND DEWEY.

The City by the Sea Has Views on the Admiral's Recent Acts.

The famous deeds of Admiral George Dewey have been eclipsed, so far as certain Americans are concerned, by the deed conveying to his wife the house presented to him by insistent admirers.

Astorians have much to talk about, and, occasionally, think about. The Boer war, the forty-foot channel, the coming city election, Sunday football and numerous other interesting topics engage our attention, but the Dewey matter receives its share of the street argumentation.

The general opinion, on the whole, is favorable to the admiral. The overdose of hero worship that has made his name rather tiresome to many Americans was not compounded by Dewey, but was thrust upon him and the suffering public by the same people who now berate him. Thus a sort of sympathetic bond has been established between him and the non-hysterical citizens of our land.

The transfer of his gift house can hardly be regarded as good form, according to the average Astorian and the explanations made were scarcely plausible—at least they seem peculiar. There is a vagueness, a mystery in the transaction that does not accord with the accepted view of Dewey's character.

But at the worst the matter is not a serious one and the uproar condemns the uproarers rather than the admiral. Dewey, probably, in the simplicity of his blessed old soul, thought that the house was really his. He imagined that all those finely worded expressions of gratitude, esteem and confidence came from the hearts of his flatterers. In wounding their vanity he pricked the bubble and his eyes are open. "Vanity, vanity," saith the preacher, all is vanity.

The average Astorian is really glad that this episode happened, and in his heart of hearts perhaps Dewey is. It must be exceedingly wearisome to perpetually be a god of thoughtless mortals. An idol must become satiated with sweet incense. And, even, the present condemners of Dewey deserve our gratitude. They "raised a mortal to the skies" but they also "drew an angel down."

SAMUEL B. BARROWS.

A former Resident of This County is Dead.

Mr. Samuel B. Barrows, a former resident of Clatsop county, and an old pioneer, died at his home near Coquille City, Oregon, November 7.

Mr. Barrows will be well remembered by many old citizens of Astoria and Lewis and Clarke river where he lived for many years. His kind and gentle nature endeared him to those who knew him, while his sincerity and upright-ness made him a firm friend and wise counsellor.

Mr. Barrows' wife is a sister to Mrs. Busby of this city.

HAWAIIAN HARBORS.

The Pathfinder Carries a Party of Government Surveyors.

NEW YORK, Nov. 24.—A special to the Tribune from Washington, says: The coast and geodetic survey steamer Pathfinder has just left San Francisco bound for Hawaii, where the work of accurately surveying and charting the channels and harbors will be prosecuted for the next month or more.

Captain Perkins, in command of the expedition, accompanied by a number of assistants from the hydrographic and other scientific divisions of the department, will begin work in the harbor of Hilo.

In connection with the work of the Pathfinder in Hilo, La Haina, Honolulu and Pearl Harbor, surveys will be made for landings of the proposed Pacific cable, and sites may be selected with a view to connecting some of the islands by means of the Marconi system.

AN IMPORTANT DIFFERENCE.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a cough condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

Call for Non-Partisan Assembly.

All electors of the Non-partisan party of the City of Astoria, are requested to assemble at the Court House in the City of Astoria, on November 25th, 1922, at 7:30 p. m. for the purpose of nominating candidates for election, at the coming general election of the City of Astoria.

STILL MORE COUNTERFEITING.

The Secret Service has unearthed another band of counterfeiters, and secured a large quantity of bogus bills, which are so cleverly executed that the average person would never suspect them being spurious. Things of great value are always secured by counterfeiters for imitation, notably the celebrated Hostetter's Stomach Bitters, which has many imitators but no equals for indigestion, dyspepsia, constipation, nervousness and general debility. The Bitters set things right in the stomach, and when the stomach is in good order it makes good blood and plenty of it. In this manner the Bitters restores vigor to the weak and debilitated. Beware of counterfeiters when buying. See that a private Revenue Stamp covers the neck of the bottle.

WHEN EVERYTHING ELSE FAILS.

There is still hope in the Natural Body Brace. This wonderful contrivance, when adjusted to the body, supports it in such a way that nature is assisted in recovering itself. By calling on J. A. Clemenson's drug store, 227 Yamhill street, between First and Second, Portland, Ore., a person can get the book which explains every particular. The brace costs \$5, and gives immediate relief. At the same drug store you can get free samples of the wonderful cure for eczema. Mr. Clemenson is also the manufacturer of Century Liniment, the best and cheapest liniment in the world, curing corns, swellings, rheumatism and soreness of any description.

SHE HAD TROUBLE.

How a Prominent Lady of Portland Went the Rounds With the Dentists.

Mrs. Mitchell of Albina said yesterday: "A little more than 18 months ago I suffered untold pain from decayed teeth and was advised by my physician to have them extracted, so I went to one of the most prominent dentists in Portland and had them out and some artificial ones made. Well, do you know I tried for over four months to wear them but I could not, and so I consulted another prominent dentist, one of those high priced ones, you know, and he made me another set and charged me \$25, making \$55 in all for the two sets. I tried these and they were no better than the others. I told Mrs. Collins about it and she told me that her teeth cost her only \$7.50, including the extracting of 10 and she said they were just lovely and as good as her natural teeth. I asked her where she got them out and she said at the Portland Dental Parlors, corner Fourth and Washington streets. She went down with me next day and I saw Dr. Jones, the manager, and made arrangements for this set. He did not demand a cent until I had tried them a week and returned and told him I was perfectly satisfied. As much as the others? Not! He charged me only \$5."
