THE BOGIE BOOK.

ASTORIA, Nov. 27 .- Editor Astorian I noticed in yesterday's Astorian some resolutions purporting to have been covered, adopted by the Republican central committee. Can it be possible that the committee seriously contemplated going into the blackmailing business by blacklisting all who dare to criticise the sayings and doings of this committee.

I am, and always have been, a republican, and one reason for it is that republicamism has meant freedom, enlightenment and progress, but this committee seems to have just awakened from a long | pelago sleep, dating back to the dark ages, and are casting about for the rack and other instruments of forture of the inquisition.

Is this a revival of the inquisition, and are we to have paid inquisitors to dog our footsteps to learn if we dare criticise the sayings and doings of this high and exclient campaign document for the democrats to spring on the eve of election. It does not seem possible that Surely you have been imposed upon.

THE SECRET OF THE STRAIT.

Another expedition is going in quest of "the secret of the strait." For 100 years the secret has remained unsolved. Nowadays, geologists and geogra-phers do not think water connections exist between the Atlantic and Pacific. That the time was when the two conti-nents were apart, these scientific peo-ple believe. There are people who find the secret of health as hard to find. Three words tell the way—a healthy stomach. The secret is Hostetter's Stomach Bitters. It cures constipation. indigestion, dyspepsia and all liver and kidney ailments. It cures them per-manently. And it brings relief at once. Deafness is caused by an inflamed condition of the mucous lining of the Eustachlan Tube.
