A very cordial invitation is extended to all to attend the services at the Presbyterian church tomorrow. The morning subject will be, "The Religious Instinct." In the evening, by special request, the pastor will repeat his sermon on "Dead Plagues."

The surface of the river was unusually calm yesterday and sightseers on the water front were greeted with the appearance of a dainty little green craft containing two men. It could not have drawn over 6 inches of water, was 10 or 12 feet in length, about three feet in breadth, and about a foot in depth. It had a canvas combing which protected the interior from intruding waters. It was last year a somewhat familiar sight in Astoria, and has just been remodeled and repaired.

# Pears' Pears' soap is dried a whole year. That's why it lasts so.

There was a heavy downpour in Portland yesterday, while in Astoria a comparatively pleasant day was enjoyed. The sky had a threatening appearance throughout most of the day, there being a slight drizzling during the early part of the afternoon.

The Harrison brought in from Nehalem yesterday an engine which C. H. Wheeler of the sawmills there took from the wreck of the Occident. He is sending it up to Portland to have it put in a new boat. A thousand cases of salmon were brought from Nehalem, and the usual cargo of dairy products. She expects to leave on the return trip tomorrow morning.

Antone Stanzetti appeared before Justice Brower yesterday on the charge of assault with a dangerous weapon upon Jasper Bond, on Wednesday last. The evidence of the two parties concerned was not reinforced by testimony from any outside witness, and was so contradictory in character that the accused was given the benefit of the doubt, and the case was dismissed.

At the Methodist church tomorrow morning the service will be for old people. Carriages will be sent for those who are too feeble to walk. The decorations will consist of wheat garnered and in the sheaf. The morning subject will be, "The Future Palace of the Soul," and the evening subject, "A Mountain Filling the Earth." All are cordially invited to attend both services.

The British steamer Monmouthshire, from Hong Kong, via Yokohama, with 60 Chinese for Canada, 20 for the United States, 25 Japanese, and a general Oriental cargo, is due here tomorrow. Should the Monmouthshire bring cases of contagious disease on this trip, she will have to go to Victoria again, as our quarantine station will not be prepared for service for a couple of months yet.

The "Wright's Original Nashville Students," combined with Gideon's Big Minstrel Carnival, one of the biggest of minstrel consolidations, will be the attraction at Fisher's opera house next Wednesday evening. This monster organization carries 45 people, travels in its own train of special cars, and presents a program of minstrel features matchless in merit and attractive in variety. The good old days of minstrelsy are recalled in hearing the Occidental quartette's rendering of old Southern melodies—days "Foh de Wah"—and in the many charming character scenes of old plantation life which supplement up-to-date ideas of this style of amusement, and make up a program that cannot fail to amuse old and young alike. It is said to be a veritable feast of merriment; fun, fast and furious runs through the whole program and vaudeville surprise tumblers, jugglers, acrobats, slack wire performers furnish a score of surprises, while fifteen colored comedians, end men, singers, dancers and a dozen other features tickle an audience for three solid hours. This big show is worth waiting for. Sale of seats commences Tuesday morning at Griffin & Reed's.

Chief Stockton has kindly offered to bring out the fire department, of which Astoria is justly proud. The committee on sports are working like Trojans, and the program this year will excel anything seen heretofore. The parade of the "Horribles" and the bicycle corps, for which the committee have set aside cash prizes, will usher in the holiday on the evening of the 3rd. Architect DeLin doesn't propose to wait until the eleventh hour with his arches, and has a force of men already at work.

There will be the usual amusing contests for foot-racers, girls' boys' and men's races, potato and wheelbarrow races, besides balloon ascensions, slack wire performances, log rolling match, a great exhibition of trick bicycle riding by the two greatest riders in the world, exhibition drill of the "empire battalion," under direction of Mrs. A. L. Richards, a Scotch drill in costume by a brigade of young Americans under direction of Professor Beggs, a grand ball in honor of the army and navy officers on the evening of the 3rd, and a dance on the evening of the Fourth, under the auspices of Pacific lodge, Degree of Honor, a dazzling display of fire works, all kinds of fun, patriotism and enthusiasm, fire crackers by the ton and noise enough to put the Chinese "Boxers" to flight.

GOOD SUNDAY BASEBALL.—Oregon City to Cross Bats With Astoria—Stanford Shuts Out Multnomah. The Oregon City baseball team will be in Astoria Sunday to meet the local players. The visiting team is an exceptionally strong one, and the Astorians will have to play ball to defeat them. Yesterday, Manager Sovey, of the Astoria team, was in Portland, and

#### SCHOOL YEAR ENDED.

Closing Exercises of the Convent of the Holy Names Last Night.

The assembly hall of the convent was filled last night at the annual closing exercises. In the rear of the room an elevated tier of seats had been constructed, and it was crowded with friends of the pupils. The room was tastefully decorated with ferns, creepers and clusters of roses, making the stage a mass of green, white and red.

The first piece on the program was a march played by twelve little girls upon three pianos, in perfect harmony. This was followed by an appropriate address of welcome by one of the older pupils. Twenty-one little girls in costume then sang, "The Merry Little Cooks," with appropriate gestures. The motions of the little ones were very true to life, and even without the words one would readily have understood at each moment what part of the house-keeping duties the children were representing.

Then twenty-four larger girls appeared in red and scarlet sash for the "Eastern Temple Drill," accompanied by the piano. The perfect unison in which they performed their parts was especially noticeable. A chorus of twenty-two girls sang an attractive selection, which was charmingly rendered, particularly the parts of the leading soprano and alto. This was followed by a piano trio, a difficult selection, but very artistically rendered.

Ten girls in green and ten in pink then enacted in pantomime, with much expression, the song, "My Faith Looks Up to Thee," sung by a quartette. Fifteen girls gave an instrumental piece on the mandolin and violin. It elicited much applause and the orchestra responded with another selection.

The principal item on the program, next, of course, to the final address and awarding of medals, was the dialogue, "The Nymphs' Treasure," rendered by three groups of girls representing respectively mountain nymphs, city girls out on a picnic, and little berry-pickers. The queen of the nymphs carried herself with a grace and bearing which were truly regal. The concluding musical performance was the "Galop Brillant," rendered upon three pianos by a sextette. The most striking feature of the exercises was the ease and skill with which even the tiniest performers handled their instruments.

The awarding of the gold medals and closing address were felicitously performed by the Rev. Father Lane. The following medals were awarded: Christian doctrine, Marian Leahy; general excellence, senior class, Helen Ford; general excellence, sixth grade, Cordelia Thiel; class average, sixth grade, Teresa Leahy; class average, fourth grade, Cecelia Flynn; music, 1898 medal, re-merited by Gertrude Kearney; music, 1900 medal, merited by Elizabeth Kopp; improvement in violin, Irene Parker.

#### LIEUT. CLOKE TO COMMAND.

Committee Perfecting Arrangements for the Grand Fourth of July Parade.

The members of the Fourth of July committee feel highly pleased that Lieutenant Cloke commanding at Fort Stevens, has consented to act as grand marshal of the great parade on Independence Day. One hundred of Uncle Sam's boys in blue will take part in the parade, and so will the naval reserve and the blue jackets from the U. S. S. Philadelphia.

The more enterprising of Astoria's manufacturers and business men are already designing appropriate floats. The liberty car, under the direction of Architect DeLin, will be a thing of beauty, and several of the American secret orders have signified their intention to participate. Those who have not already done so, should notify the committee of their intentions at an early day, as the parade committee desire to assign positions to them.

Chief Stockton has kindly offered to bring out the fire department, of which Astoria is justly proud. The committee on sports are working like Trojans, and the program this year will excel anything seen heretofore. The parade of the "Horribles" and the bicycle corps, for which the committee have set aside cash prizes, will usher in the holiday on the evening of the 3rd.

Architect DeLin doesn't propose to wait until the eleventh hour with his arches, and has a force of men already at work.

There will be the usual amusing contests for foot-racers, girls' boys' and men's races, potato and wheelbarrow races, besides balloon ascensions, slack wire performances, log rolling match, a great exhibition of trick bicycle riding by the two greatest riders in the world, exhibition drill of the "empire battalion," under direction of Mrs. A. GOOD SUNDAY BASEBALL.—Oregon City to Cross Bats With Astoria—Stanford Shuts Out Multnomah.

The Oregon City baseball team will be in Astoria Sunday to meet the local players. The visiting team is an exceptionally strong one, and the Astorians will have to play ball to defeat them. Yesterday, Manager Sovey, of the Astoria team, was in Portland, and

while there booked several teams to play. The Stanford team is anxious to come, but cannot do so until it returns from Spokane. It will probably play about July 19. Yesterday the Stanfords defeated Multnomah by a score of 5 to 6. Stanford did not put up crack ball, by any means, though the team is a strong one. The victory of the Californians was due to the Portland's aggregation's poor playing. Several times Multnomah had a chance to score, but miserable base running prevented a tally.

The Astorians present at yesterday's game are confident that the local team can defeat Multnomah without trouble, and that Stanford will experience much difficulty in winning from them. All the Multnomahs excepting Alnelie and Zan, were afraid of Kelley, Stanford's pitcher, though the two players named had no trouble in hitting him.

Sunday's game should be well attended, as the home team is putting up fine ball and deserves encouragement. If the game is properly patronized, Chemawa and Multnomah will also be brought to the city. The Vancouver civilians play here Sunday, June 24.

#### POTPOURRI.

The Chinese of Astoria have not yet begun "boxing."

Civilization will dawn again upon St. Louis in a few days.

Astoria was geared up to a high point on Thursday afternoon.

How old-fashioned the training-ship looks! Of course, it was Adam's.

Crocker is on his way back to croak for Bryan and the other calamity howlers.

The sooner that poem on the governor's wedding is Dunnaway with, the better.

The candidacy of Harvey W. Scott for the vice-presidency is not yet announced.

The main difference between Aguinaldo and Dewey, just at present, seems to be that the latter has quit running.

The plague about the plaguey plague, which is plaguing San Francisco, proves to be a plagued nuisance to the health officials.

There is no danger but that another revolution will bob up in Central America shortly, for, next to bull fighting, in these periodic disturbances the ennu-struck natives find their greatest enjoyment.

#### THE TWENTIETH CENTURY.

When a few months more shall have passed we will then stand at the very threshold of the twentieth century, and the nineteenth will be a thing of the past. It will, however, be known as the century of invention and discovery, and among some of the greatest of these we can truthfully mention Hostetter's Stomach Bitters, the celebrated remedy for all ailments arising from a disordered stomach, such as dyspepsia, indigestion, flatulency, constipation and biliousness. It has been one of the greatest blessings to mankind during the past fifty years as a health builder. Many physicians recommend it. Take their advice, try a bottle and be convinced, but be sure to get the genuine with a private revenue stamp over the neck of the bottle.

In his peregrinations around the town the Astorian man sees some strange sights. For instance, the amount of rotten vegetables, dead fowls, etc., ad infinitum, ad nauseam, lying around the back doors of stores and butcher shops, not to mention the refuse thrown out from private houses, would lead one to suppose that very many careless storekeepers and householders are utterly oblivious of the laws of hygiene, or regardless of the health of the community. If we ever should be so unfortunate as to import a case of the plague, the hustle that some people will get on themselves will be a most edifying and interesting sight.

#### ODD FELLOWS ATTENTION!

All Odd Fellows are requested to meet at I. O. O. F. hall at 10 o'clock today and attend the funeral of Brother R. B. Verwooy.

DUNCAN STEWART, Noble Grand.

#### IMPROVED SERVICE AND EQUIPMENT.

The new schedule of the O. R. & N. which went into effect April 22nd, shortened the time to Chicago 12 hours, and gives a double daily service between Portland and Chicago.

Train No. 2, leaving Portland at 9:15 a. m. is known as the "Chicago-Portland Special." Its equipment is new throughout, making it fully the equal of any train now in service from the Pacific coast to the East.

The "Overland Express" leaves Portland at 8:20 p. m. and furnishes complete service both via Huntington and Spokane to the East, together with the best of service to all local points on the O. R. & N. lines.
