AFFAIRS IN CHINA
MORE SERIOUS

(Continued from First Page.)

and the Boxers are destroying the railway in front of his force and burning bridges behind it. The excitement at Shanghai and Tien Tsin is increasing, and it is rumored that the relief column is itself in need of rescue. Admiral Seymour is a cool officer of excellent judgment, and can be depended upon to conduct the force to Peking if supplies hold out. The foreign admirals may have miscalculated the strength of the Boxers, and it may be necessary to send a Russian military force to support the marines. The Russian reserve of 1,700 men is already on shore with guns and horses, and this can be increased by 4,000 men from Port Arthur. Dispatches received here before midnight were mainly from the coast towns and there was little trustworthy intelligence from the capital. Christian refugees had swarmed into Peking from the mission stations, and the embassies and Protestant churches and buildings were barricaded. The China Inland Mission at Yun Nan Fu had been attacked, and the insurrectionary movement was spreading from province to province. There were rumors of hard fighting, but these were not confirmed with authority.

The British policy is not understood, but there is a general impression among members of parliament that a European concert will lead to Russian occupation, and that Lord Salisbury will not offer objections. Russia, by making a settlement of some kind with Japan in Corea or elsewhere, will have a free hand and not be interfered with.

NEW YORK, June 15.—A dispatch to the Journal and Advertiser from Tien Tsin says: Boxers control Tsin, and the native city officials have been burned at the stake. A great panic prevails among the Chinese.

SHANGHAI, June 16.—Last night's advices from Tien Tsin report that large incendiary fires occurred in the eastern part of the city where three English and American churches were burned, besides the residences of many foreigners. Telegraphic communication is interrupted, the poles having been burned, and there is no hope of immediate repairs being made.

MUST SHOW CERTIFICATES.
Asiatics Not Allowed to Leave California Without Showing Papers.

SAN FRANCISCO, June 16.—All the railroad and steamship companies have been notified by the federal authorities at Washington that Asiatics will not be allowed to leave California unless provided with health certificates issued by the United States marine hospital officials here. Whites will be allowed to leave without certificates, but it is recommended that they provide themselves voluntarily with certificates to avoid possible delay.

A first order from Washington read that whites as well as Asiatics were required to have health certificates, but this order was modified later, exempting Caucasians. This action has been taken to assure people in other states that every precaution is being taken in California, and there is no possible danger of a spread of the plague if it should exist in San Francisco.

RENO, Nev., June 16.—An order was received last evening by the federal health officer, McQuestin, in this city, it was sent by the quarantine health officer, Kinyoun, in San Francisco. A local officer was ordered to search all east-bound trains for passengers from San Francisco at the state line. These were required to show certificates signed by the United States marine hospital officer. In event of their failure to produce the document, they were to be turned backward on their journey.

SAN FRANCISCO, June 16.—When seen by a representative of the Associated Press today, regarding the quarantine order issued by State Quarantine Officer Kinyoun, General Passenger Agent Goodman, of the Southern Pacific Company, stated that his company had been served with such an order, but it had been decided not to obey it so far as whites were concerned, but that

CATARRH OF THE STOMACH.

Rabbi David Klein, 535 E. Main street, Columbus, O., writes the following to Dr. Hartman in regard to Pe-r-u-n-a: "It affords me great pleasure to testify to the curative merits of your medicine. Pe-r-u-n-a is a well-tryed and widely used remedy. Especially as a specific for catarrh of the stomach it cannot be excelled. Pe-r-u-n-a will do all that is claimed for it."

People afflicted with catarrh of the stomach complain of lassitude, all-tired-out feelings, their blood becomes thin, nervous system deranged, food seems to do them no good, continuous and increasing weakness. The 'unfortunate

victim wonders why he should be so weak, why his food gives him no strength, why his blood should be so thin.

Mr. Alex. Carter of Van Buren, Carter Co., Mo., says: "I had been troubled with dyspepsia and indigestion since 1879. The best physicians in the country could do no good.

I visited the Mullanphy hospital in St. Louis and received no benefit. The attending physician told me I had narrowed of the outlet of the stomach, and the only remedy was to have it cut out, which I refused to have done. I then visited West Baden, Ind.; Las Vegas Hot Springs, New Mexico; Sweet Springs, Mo., and Montou, Col. I also took a great many different kinds of medicine recommended for dyspepsia, but found no relief. Last February I read a testimonial for Pe-r-u-n-a in the Central Baptist that suited my case and I determined at once to try it. I have taken two bottles of Pe-r-u-n-a and four of Man-a-in, and I feel like a new man. None of my friends believed I would get well. I would not take any money for the good your remedies have done me."

In catarrh of the stomach, as well as in catarrh of any other part of the body, Pe-r-u-n-a is the remedy. As it has often been said, if Pe-r-u-n-a will cure catarrh of one part, it will cure catarrh of any other part of the body. "Summer Catarrh" sent free by Pe-r-u-n-a Drug Mfg Co., Columbus, O.

Chinese or other Asiatics would be compelled to show a certificate from the marine hospital service, before transportation to other states would be sold them.

LABOR TROUBLES IN FRANCE.
Rousseau Maintains That a Workman Who Wants to Work Must Be Protected.

NEW YORK, June 16.—A dispatch to the Times from Paris says: M. Waldeck-Rousseau has somewhat alienated the socialists by a declaration he made to the effect that a workman who wants to work is as much entitled to the protection of the authorities as the workman who does not want to work. This statement was made in justification of the action of the authorities in giving an escort of 20 policemen to two workmen who wished to enter a factory where a strike was in progress. The final action of the government in the matter is likely to have a most important effect toward settling on the continent of Europe the amount of individual freedom which is to be accorded to workmen.

FLURRY IN STOCK MARKET.
Chinese Situation and the Impending Shortage in Wheat Create Excitement.

NEW YORK, June 16.—The stock market today abandoned the idea of waiting in which it has been so long steadfast, and gave itself over to active liquidation with all appearances of a state of alarm. Two expected incidents were the cause of this change. First of these was the action of the directors of the Northern Pacific railroad in reducing the dividend on common stock. This was accepted as a decision that a serious shortage in the wheat crop of the Northwest was to be faced this year, and that a period of declining railroad earnings was to be expected as a result of this, and reaction in general business. The second incident was the announcement of stocks of grain-carrying roads, and especially in the Northwest. The second cause of alarm was the situation in China.

CHICAGO, June 16.—The wheat market today was excited, July market 4/8 cents higher, at 75 to 74 3/4, and shortly afterward sold at 75c. Liverpool was 1/4d. higher, evidence that the English are at last beginning to appreciate the reported blight in the Northwest. July closed buoyant, 1 1/2 @ 1 1/4c. over yesterday, at 75 1/2 @ 3/4.

PORTLAND, June 16.—Walla Walla 67 1/2 @ 55; Valley, 54 @ 54 1/2; bluestem 75.

ANOTHER KOOTENAY STRIKE.
Two Thousand Muckers Expected to Stop Work.

VANCOUVER, B. C., June 16.—Another strike throughout the Kootenay mining district is imminent, and unless all signs fall 2,000 muckers will stop work tonight and refuse to resume on Monday morning. Such a strike would again paralyze mining operations throughout British Columbia.

J. Frederick Robertson, of Nelson, president of the South Kootenay Board of Trade and managing director of the British Columbia Gold Fields, says he would not be surprised if work was stopped in a number of the mines in a few days, if the present difficulties were not settled in negotiations now under way.

The difficulty arises over a question of wages and has been brewing for several months. In about three-quarters of the mines' the muckers, who are the principal workers underground, are paid \$2.50 or \$2.60 a day. In a small minority of the mines they get \$3 a day. It is to make the \$3 rule uniform in all the mines that the strike is being organized.

BARK RODERICK DHU WATCHED.
New Revenue Laws for Hawaii Affect Shipments Already Made.

SAN FRANCISCO, June 16.—The bark Roderick Dhu, now on her way to Honolulu, will be watched for by the United States revenue officers in the new Hawaii district. The vessel left Thursday afternoon carrying a cargo made up largely of wine, beer and other taxable goods, on which revenue duties have not yet been paid.

Under the law which went into effect on Thursday at noon, merchandise of this class cannot be landed in the new territory until the seven-tenths taxes have been paid and the goods properly stamped. The commissioner of internal revenue has been asked to allow ships now at this port and partly loaded to proceed to Honolulu on depositing a

HUDSON BAY CO. PROSPERS.
Declares a Dividend and Bonus of 9 1/2 Per Cent.

WINNIPEG, Man., June 16.—The Hudson Bay Company has declared a dividend to shareholders of 1 1/2 per share, and a bonus of 1 1/2 per share. The dividend and bonus is equal to 3 1/4 per cent on the capital stock, as compared with 7 1/2 per cent for the previous year.

In addition the company has also set aside \$10,000 for the employes benefit fund; \$10,000 for the insurance reserve fund, and carry forward \$26,000, as compared with \$42,000 in the previous year. This is the best showing ever made.

TRUST INDICTED.
Trial of Twelve Members of Photo-Engraving Association in Chicago.

CHICAGO, June 16.—Twelve of the 20 men indicted some time ago on a charge of forming a trust to control the business of photo-engraving in Chicago have been put on trial before Judge Hutchinson. They waived a jury and the evidence was heard by the court. Further testimony will be heard next Monday. Conspiracy to form an unlawful combination in restraint of trade, is the allegation.

The organization was to be known as the Photo-Engraving Association of Chicago.

The combination was in direct violation of the spirit of the anti-trust law. Assistant State's Attorney Barnes sprang a surprise on the defense when he produced a copy of the agreement, the original of which the defense declared had been lost.

WASHINGTON REPUBLICANS.
Silver Wing Endorse Bryan and Towne But Are Silent on Expansion.

SEATTLE, June 16.—The silver republicans of Western Washington held a convention in this city today and elected fourteen delegates to the Kansas City convention.

Bryan and Towne were endorsed, but the platform, in accordance with a prearranged plan, was silent on the question of expansion, because the delegates are divided. The delegates are: Louis Williams, Challan county; Vestal Snyder, Yakima; M. P. Billings, Cowlitz; J. A. Davis, Snohomish; J. P. Demattos, Ferry county; Edwin Sharp, James McNeilly, A. R. Tillou and N. D. C. Spike, Pierce; J. A. Bunch, A. J. Blithen, Frank Pierce, John H. White, W. C. Rutter, J. P. Calhoun and Homer Hill, King county.

CONGRESSMAN DROPS DEAD.
DOVER, Del., June 16.—Congressman Hoffecker, Delaware's only representative in the lower branch of the national legislature, and who is said to have been the only republican whom both factions of the party could agree upon for such position, dropped dead today in Smyrna.

CYCLING RECORDS BROKEN.
World's Amateur Half-Mile Lowered to 45 Seconds and Mile to 1:23.

NEW YORK, June 16.—In a private trial at Berkeley Oval Walter W. Smith, a young member of the Kings County Wheelmen of Brooklyn, broke two world's amateur cycling records. Paced by a motor cycle Smith made a half mile with a flying start in 45, and a mile in 1:23.

RHEUMATISM Distorts Muscles, Shatters Nerves, Stiffens Joints.

Is due to an acid poison which gains access to the blood through failure of the proper organs to carry off and keep the system clear of all morbid, effete matter. This poison through the general circulation is deposited in the joints, muscles and nerves, causing the most intense pain.

Rheumatism may attack with such suddenness and severity as to make within a few days a healthy, active person helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in developing, with slight wandering pains, with severe enough to make one feel uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood diseases, Rheumatism is often inherited, and exposure to damp or cold, want of proper food, insufficient clothing, or anything calculated to impair the health, will frequently cause it to develop in early life, but more often not until middle age or later. In whatever form, whether acute or chronic, acquired or inherited, **Rheumatism is Strictly a Blood Disease**, and no liniment or other external treatment can reach the trouble. Neither do the preparations of potash and mercury, and the various mineral salts, which the doctors always prescribe, cure Rheumatism, but ruin the digestion and break down the constitution.

A remedy which builds up the general health and at the same time rids the system of the poison is the only safe and certain cure for Rheumatism. S. S. S., made of roots, herbs and barks of wonderful solvent, purifying properties, attacks the disease in the right way, and in the right place—the blood—and quickly neutralizes the acid and dissolves all poisonous deposits, stimulates and reinforces the overworked, and cleans the system of all unhealthy accumulations. S. S. S. cures permanently and thoroughly, and keeps the blood in a pure, healthy state.

Mr. J. O. Malley, 123 W. 12th Street, Indianapolis, Ind., for eighteen months was so terribly afflicted with Rheumatism he was unable to feed or dress himself. Doctors said his case was hopeless. He had tried fifty-two prescriptions that friends had given him, without the slightest relief. A few bottles of S. S. S. cured him permanently, and he has never had a Rheumatic pain since. This was five years ago.

We will send free our special book on Rheumatism, which should be in the hands of every sufferer from this torturing disease. Our physicians have made blood and skin diseases a life study, and will give you any information or advice wanted, so write them fully and freely about your case. We make no charge whatever for this service. Address, SWIFT SPECIFIC CO., Atlanta, Ga.
