AMERICANS DROWNED IN WALES.

Two Accomplished Young Ladies Got Into Too Deep Water.

NEW YORK, Aug. 17.—A dispatch to the Journal and Advertiser from London says:

Misses Eugenia and Virginia Brandreth, the two accomplished daughters of Harry Brandreth, who is the European representative and manager of the Alcock Manufacturing Company, were drowned in the river Lleir in Wales, before the eyes of their two younger sisters and a brother.

The family were at their beautiful Welsh home, near Lleir hall, Pontypridd, near Bettws-y-Coed, through which flows the beautiful river from which it is named. The five went swimming together. Miss Virginia, who was 22, got into difficulties in a deep pool, and her older sister, who was an accomplished athlete and a strong swimmer, went to her assistance.

For several minutes they struggled together in silence. Then suddenly the dying Virginia got a grip on her sister's throat. Eugenia had just time to call for assistance when they went down for the first time. The younger sisters, horrified by the unexpected turn of affairs, screamed lustily for help. A gardener heard them and came running to the river. Other help soon arrived and the unconscious young women were got to the shore.

Miss Virginia died almost immediately. The eldest lived fully two hours but never regained consciousness. The bodies will probably be taken to Holywell, in Cheshire, for burial.

DIED TO ENRICH HIS WIFE.

Failed in Business and Had Nothing for His Family but His Life Insurance.

CHICAGO, Aug. 17.—Charles A. Mielenz died by his own hand some time on Wednesday on the prairie near Foster and Southport avenues, in order that his wife might receive the benefit of \$20,000 insurance which he carried in two German lodges. Mrs. Mielenz learned from the police last evening that her husband's body had been found. Her four boys, none of them 10 years old, played about the house where the mother was sobbing.

Mielenz conducted a wall paper and paint business at 313 Larrabee street, and it was not prosperous. He left home on Tuesday morning to attend to a contract which he had, and was last seen alive on Wednesday morning out in Lake View. On Wednesday afternoon, Mrs. Mielenz received a letter from her husband, mailed from a suburb and written partly in German and partly in English, in which he said:

"It is the best you can do to let me go, so everybody can get what they have coming. I feel sorry for my children. You will see enough of me from my lodges. To put \$1000 in the business and hold the balance for yourself and my dear children. It is hard to part, but I don't see any other way."

VEST-MAKERS STRIKE.

Twenty-five Hundred Quilt Work in New York.

NEW YORK, Aug. 17.—Vest-makers on the east side to the number of 2500 are on a strike. The strike was a sudden one and was contrary to a resolution adopted by the executive board of the vest-makers' union not to order a general strike. The strikers ask for the payment of the union scale of wages established last year, for 59 hours work a week, payment of wages weekly and the granting of permission to the walking delegates of the union to inspect shops at any time.

COLLISION ON THE S. P. R. R.

Crews Claim That Both Trains Had the Right of Way.

LOS ANGELES, Cal., Aug. 17.—The Southern Pacific San Pedro passenger train into this city and the outward bound Santa Monica flyer collided last night at Santa Monica Junction inside the city limits. Both engines were wrecked, but none of the passengers were injured. The engineer of the Santa Monica train jumped, and his left collar bone was broken. The crews of both trains claim the semaphore was set for them, giving them the right of way.

CONCESSIONS IN RATES.

Freight Managers Yield to Protest of Shippers.

NEW YORK, Aug. 17.—After repeated protests made by merchants and shippers in all parts of the country against changes and advances in the classification of freight moving into territory south of the Ohio and east of the Mississippi rivers, the southern classification committee has granted

DANGER IN MISSIONARY WORK.

Chinese Consul-General at San Francisco Thinks It Will Injure Both Chinese and Americans.

OAKLAND, Calif., Aug. 17.—Ho Yow, Chinese consul-general at San Francisco, in an address before the Ethical Society, questioned the advisability, even from a Caucasian standpoint, of converting the entire Chinese population to Christianity.

There are 500,000,000 of my countrymen in all Ho Yow. They are increasing in vast numbers. They are quick to learn and, taking these facts into consideration, what would happen if the white race succeeded in forcing civilization and its knowledge upon them? They will be able to manufacture guns and all the engines of warfare with equal facility. Under these circumstances Christianity might triumph and annihilate it might not.

The three chief causes of the present troubles in China, Ho Yow declared to be missionary work, acquisition of territory by foreign nations and the desecration of ancestral homes and the landscape of China.

In closing Ho Yow said that he could see no legitimate reason why one nation should wish to force its religion upon another.

SHORTAGE OF SALMON PACK.

Estimated at Over Thirty-Five Million Cans.

SAN FRANCISCO, Aug. 17.—Although the salmon catch this year is short, the Japanese government is placing heavy orders in the local market for salmon to feed its army. Men acquainted with the salmon packing industry place the shortage at from 650,000 to 750,000 cases as compared with last year, and as there are 48 cans in a case, this means that there will be from 31,500,000 to 36,000,000 less cans of salmon on the market this year than last.

According to L. B. Levy, president of the California Product Company, compared with the pack of 1899, Columbia River shows a shortage of 40,000 cases, Puget Sound shows a shortage of 300,000 cases, Fraser River shows a shortage of 25,000 cases. Outside of British Columbia rivers the packs about equal last year's. The total pack outside of Alaska is 73,500 cases. The Alaska pack will exceed one million cases.

NEW YORK MONEY MARKET.

Heavy Drains Will Affect the Weekly Statement Unfavorably.

NEW YORK, Aug. 17.—The Herald prints the following:

There was more pressure on the local treasury yesterday the first demand for funds to move the cotton crop. It was very feeble, amounting only to \$14,000 in silver dollars, shipped to New Orleans, which may or may not have been for crop purposes. No doubt exists as to the purpose for which the silver dollars were ordered. Wall street is very much interested at the present time in the future of the money market. Heavy gold exportations of the present and last week, amounting to upward of \$17,500,000, are expected to figure unfavorably in the weekly bank statement of Saturday.

The shipments, however, have been offset in part by checks paid against Alaskan gold and pension disbursements. Despite this a heavy loss in cash is looked for.

STEAMERS FROM NOME.

Roanoke Brought Three Millions in Gold and One Million Dollars' Worth of Furs.

PORT TOWNSEND, Aug. 17.—Two steamships arrived from Nome today bringing nearly six hundred passengers. The Roanoke with 299 passengers was the treasure ship in every sense of the word, she having \$2,000,000 in gold and a cargo of furs valued at \$1,000,000.

The gold was most all from Dawson, having been shipped down the Yukon to St. Michaels and there placed aboard the Roanoke.

The steamer Robert Dollar arrived late this afternoon with nearly 400 passengers, but neither they nor the ship brought any gold. The passengers report health conditions at Nome as being good, and Dr. Foster, the United States quarantine officer here, received an official notification that smallpox was disappearing and that only eight cases exist there.

MORE RIOTING IN NEW ORLEANS.

Negro Fired on Officers and Was With Difficulty Rescued From a Mob.

CHICAGO, Aug. 17.—A special to the Tribune from New Orleans says: Another outbreak against the negroes was narrowly averted here last night. Branch Payne, a powerful negro living in the neighborhood in with Robert Charles, a negro desperado, was killed a few weeks ago, opened fire on two deputy sheriffs who attempted to arrest him on a warrant charging shooting at a white man.

The negro resisted arrest and shot at the officers, who returned the fire. Four shots were exchanged. Angry citizens quickly gathered, but the police charged the crowd in number and forced a dispersal. The negro, frightened by the demonstration, submitted peacefully to arrest and is now in jail with double guards protecting him.

MANY VESSELS WRECKED.

Terrible Storm Off Cape Horn Did Much Damage to Shipping.

NEW YORK, Aug. 17.—A dispatch to the Herald from Montevideo says: A steamship from Port Stanley, Falkland Island, which has arrived here, reports that many vessels recently were wrecked off Cape Horn during a terrible storm.

Among the vessels which arrived at Port Stanley with passengers were two American barks. One was the P. L. Blanchard, which sailed from Baltimore for San Francisco, and the other was the Henry Halling, which left New York for Hawaii.

AMERICAN AWARDS AT PARIS.

Nearly Two Thousand Secured by American Exhibitors.

PARIS, Aug. 17.—The list of awards to American exhibitors at the Paris exposition was made public today. The United States in all secured 1,981 awards. Of these, 230 were grand prizes, 456 gold medals, 553 silver medals, 422 bronze medals, 270 honorable mentions and a long list of gold, silver and bronze medals for collaborators. Every line of industry and art and skill is given recognition.

Itching Burning Scaly Blotchy Humors Instantly Relieved and Speedily Cured by

Cuticura

The itching and burning I suffered in my feet and limbs for three years were terrible. At night they were worse and would keep me awake a greater part of the night. I consulted doctor after doctor, as I was travelling on the road most of my time, also one of our city doctors. None of the doctors knew what the trouble was. I got a lot of the different samples of the medicine I had been using. I found them of so many different kinds that I concluded I would have to go to a Cincinnati hospital before I would get relief. I had frequently been urged to try CUTICURA REMEDIES, but I had no faith in them. My wife finally prevailed upon me to try them. Presto! What a change! I am now cured, and it is a permanent cure. I feel like kicking some doctor or myself for suffering three years when I could have used CUTICURA remedies. H. JENKINS, Middleboro, Ky.

Complete Treatment \$1.25,

Consists of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA Ointment (50c.), to instantly allay itching, irritation, and inflammation, and soothe and heal, and CUTICURA RESOLVER (50c.), to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the most torturing, disfiguring skin, scalp, and blood humors, rashes, and irritations, with loss of hair, when physicians, hospitals, and all else fail. Sold throughout the world. FORTNA DUCU AND CHESE. CORN., Sole Props., Boston. "How to Cure Itching Humors," free.

Millions of Women Use Cuticura Soap

Exclusively for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and healing red, rough, and sore hands, in the form of bathes for annoying irritations, inflammations, and chafing, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sensitive antiseptic purposes which readily suggest themselves to women, and especially mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients in any most refreshing of soaps. It is especially adapted to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, viz., TWENTY-FIVE CENTS, the best skin and complexion soap, and the best toilet and baby soap in the world.

WHEAT MARKET.

PORTLAND, Aug. 17.—Wheat, Walla Walla, 55c; Valley, 54c@55c; bluestem, 55c.

FIVE NEW CASES OF PLAGUE.

Government of Paraguay Announces That It No Longer Exists There.

NEW YORK, Aug. 17.—A special to the Herald from Rio Janeiro says: There were five new cases of plague yesterday.

The Herald's correspondent in Assunção, Paraguay, says that the government has announced that the plague has disappeared from the republic.

TROOPS FROM CUBA.

After a Thorough Rest Will Probably Be Sent to China.

LEAVENWORTH, Kan., Aug. 17.—Four companies of the First United

States infantry arrived from Cuba today. After a thorough rest the companies will doubtless be sent to China.

THE HALF CENT.

A movement is on foot to put a one-half cent coin in general use in the United States. Several suggestions have been made to the government, and a document was presented, signed by the heads of the big department stores throughout the country, showing the needs for this money in making change.

Progress finds it is most refreshing, but for half a century past, in spite of many imitations, nothing has risen to equal Hostetter's Stomach Bitters, the greatest benefactor the human race has ever known. This medicine cures constipation, indigestion, dyspepsia, biliousness, nervousness and sleeplessness, also prevents malaria, fever and ague. Be sure to get the genuine with our Private Revenue Stamp over the neck of the bottle.

FAST LINOTYPE WORK.

Hugh Glen, of the Oregonian, Made a Remarkable Record Yesterday.

PORTLAND, Aug. 17.—Hugh Glen, operating a linotype machine in the Oregonian office today set 73,850 ems in eight hours. It is considered a remarkable piece of work, as it was done under ordinary circumstances and not as a test of speed.
