For Vice-President THEODORE ROOSEVELT, Of New York.

Unhappy Nicaragua suffers from all the ills to which flesh is heir, excepting only Bryanism.

Under the head of special correspondence, a recent copy of the New York Commercial contains a half column rehash of the Astorian's report of the promising coal fields at Knappa.

The change of monetary standard at Porto Rico has been successfully accomplished after serious disturbance of business interests—a good illustration, though on a small scale, of what we could expect here if Bryan should be elected.

WHAT OUR FLAG AMOUNTS TO. Tacoma Ledger. Americans who have refused to allow prejudice to blind them to the forceful arguments of history view with awe the blatant audacity of Mr. Bryan and his followers as shown in their assertions in support of the anti-expansion theory.

Until three or four years ago our position on questions of international moment was regarded with humiliating indifference by the great powers of Europe. Today scarcely a move is undertaken in international matters abroad unless the attitude of the American government is first clearly ascertained.

Yet Mr. Bryan and his followers are demanding that we surrender everything that has been gained through a wise and firm public policy and return to the policy of insignificance and humiliation. It would seem beyond the pale of possibilities that such a man and such a policy could secure a sufficient following to command the attention of a great people, but that party prejudice and indifference to the truth and lessons of history have brought about such a condition of affairs is, unfortunately, only too true.

The American people have ever stood for advancement, not retrogression, for thrift, not stagnation. They may be depended upon to prove equal to the emergency again in November next.
