

PAIN'S CELERY COMPOUND

A Powerful Remedy for Disease

"It cured me of old chronic diseases and nervous prostration."

Mr. J. B. Potter, Centerville, R. I., writes Sept. 15:

"Fifteen years ago I had to give up business on account of poor health. I was suffering from a number of old chronic diseases and had complete nervous prostration. In 1891 I commenced taking Paine's Celery compound and soon found that I was getting better of my complaints. I continued using it until I was restored to good health. Believing that an ounce of prevention is worth a pound of cure, I take the Compound in the spring and fall, and it keeps me well. Paine's Celery Compound has made almost a new man of me, and I have gained twenty-eight pounds of good solid flesh and blood, thanks to its use."

PARTICULARS OF WRECK.

Southern Pacific Train Went Into a Ditch Killing One Passenger and Wounding Fifteen.

SALT LAKE, Sept. 28.—A special to the Tribune from Ogden, Utah, says: A disastrous wreck occurred on the Southern Pacific at Garter Sliding, near the Utah-Colorado line, at 1 p. m. yesterday. Train No. 4, due to arrive in Ogden at 4 last evening, went into the ditch and one person was killed and about fifteen others more or less injured.

Mrs. Lowell, of Trenton, Mo., was the passenger killed. She was en route to Trenton to visit her son, Clark Lowell, whom she had not seen for several years. She was the mother of Mrs. A. P. Hopkins, whose husband is in the printing business at Stockton, Cal.

There were some fifty-five passengers on the train, most of them members of a Burlington excursion party en route east from the coast. A special train left Ogden at 3 o'clock yesterday afternoon with a corps of physicians for the scene of the wreck, and the dead and wounded were brought to Ogden this morning.

The train was running at full speed when the accident occurred. There is a sharp curve one mile east of Garter, and as the train sped around the bend an outside rail overturned and the entire train of nine cars was thrown into the ditch, the engine alone remaining on the track.

Upon the arrival of the special the passengers were removed to Terraces, where they were cared for, and at 10 p. m. the train bearing the injured pulled out for Ogden, where it arrived at 2:10 o'clock this morning. There were but six of the passengers who were not so seriously injured as to be taken from the train here. The balance got off with slight bruises and went on their way east. Those taken off here were:

Miss J. C. Allen, Cleveland, O., head severely bruised and back sprained; Nelson Neil, Shelby county, Ill., leg fractured; Mrs. Gross, Tulsa, Cal., collar bone broken; Mrs. Kee, San Francisco, collar bone broken and leg fractured; Mrs. McGinnis, (address not given) arm broken. Mrs. Kee has a sister living in Salt Lake City. She with Mrs. McGinnis and Mrs. Gross were taken to the Ogden General hospital. The dead body of Mrs. F. H. Lowell was taken in charge by Undertaker Hickey to be prepared for shipment to her home at Trenton, Mo.

Two of the cars were crushed together and in the heap of wreckage the body of Mrs. Lowell was found half out of a car window.

WHITE WINGS DOOMED.

Helmets of Colonel Waring's Street Cleaners Will Be Discarded.

NEW YORK, Sept. 28.—The "White Wings" of New York are doomed in a pending order from Percival E. Naugle, commissioner of the street cleaning. The commissioner intends to put an end to the distinctive feature of municipal life and will substitute for the immaculate helmets introduced by Colonel Waring slouchy hats of brown felt.

This order will be issued because of protests from labor organizations which have informed the commissioner that

because the helmets are not made by union men they should be set aside as a part of the street cleaners' uniform.

When Colonel Waring planned his white-winged regiment the helmets were regarded as a most important adjunct of the costume. They are made with a small knob on the top and differ only slightly from the helmets worn by the regular soldiers of England. But they have been put under the ban of Commissioner Naugle who said: "These helmets are heavy. I can't see that they are pretty or that they do any good. A rough brown hat would last longer; it would not get dirty so soon. The men on the uniforms say they would like it better."

"I have heard from the Knights of Labor and from other labor organizations many times lately and have about made up my mind to the change."

Employees of the department trained under Colonel Waring will make a strong protest against the introduction of a brown felt hat in the place of the helmet.

TWO LARGE CHECKS.

Will Improve the Next New York Bank Statement.

NEW YORK, Sept. 28.—Two large checks, one for \$1,250,000 and the second for \$1,000,000, have been received in this city. The checks were drawn upon the New York sub-treasury and have been received by representatives of the houses who have deposited gold with the government on the Pacific coast.

These checks will go through the clearing house today and, while appearing in the bank averages for but a single day, will militate towards improving to some extent the next bank statement. The active shipments of currency during the week to the agricultural sections, particularly to the South, have created quite general expectation of a poor bank showing this week.

The latest currency transfers through the sub-treasury amounted to \$500,000, including \$200,000 to St. Louis, \$200,000 to Chicago and \$100,000 to New Orleans. Earlier in the week shipments South made a decidedly heavier showing. The latest sub-treasury payments on account of Pacific coast deposits of gold amounted to \$330,515. All of this was against gold deposited at Seattle.

MAY COME TO AMERICA.

Porto Rico Commissioner of Education Wants to Send Poor Students to Chicago.

CHICAGO, Sept. 28.—President Harper, of the University of Chicago, has received a letter from M. G. Bumbaugh, commissioner of education in Porto Rico, asking him if it would be possible for a number of poor young men and women to attend the university without expense. The letter was referred to Secretary Goodspeed, of the board of trustees, and the matter will be brought before the board at the next meeting.

The letter from Commissioner Bumbaugh states that there are in Porto Rico now a number of young men and women from fourteen to twenty years of age who are anxious to obtain an education in the United States. They are too poor to pay their expenses. The United States government will give them transportation to New York if provision can be made for their other expenses while acquiring an education.

ATTEMPTED LYNCHING.

Deputy Sheriff Shot While Protecting a Louisiana Negro.

HOUSTON, Tex., Sept. 28.—A special from Lake Charles, La., says: All day there were rumors of the probable lynching of Pierce Scott, a negro in jail here charged with criminal assault on Miss Oswald, aged 73, a sister of Judge Gorman.

About 9 o'clock an unmarked crowd gathered at the courthouse. One of the crowd called for Sheriff Perkins and demanded the keys to the jail. In the meantime Judge Miller addressed the crowd and told them the punishment of criminals must be left to the courts. He then reasoned individually with the nephews of the negro's victim. Judge Miller urged the crowd to disperse and promised to take the case against the negro up in court tomorrow morning. On this promise the crowd broke up and it was thought there would be no further attempts by the mob.

At 11 o'clock, however, a fresh outbreak was made by the mob, who advanced toward the jail with an iron battering ram fifteen feet long and three inches in diameter. D. S. A. Harmon and Paul Sloan, deputy sheriffs inside the jail, warned them to come no further and then shot over the heads of the crowd, when some one in the mob fired at the deputies. Paul Sloan was shot and fatally wounded. He died at 1:15 this (Friday) morning. The sheriff and deputies outside the jail then dispersed the crowd at the point of their pistols, and members of the mob began to call for the arrest of the man who shot Sloan. Several members of the mob who were known to have been armed were arrested.

OWNERS AND TRAINERS.

Elected Officers for Their Mutual Association at Chicago.

CHICAGO, Sept. 28.—At a meeting of the owners and trainers held at the Auditorium hall at Hawthorne last night, Hiram J. Seogran was elected president. T. P. Hayes was elected vice-president and Hart Talbot secretary, of the Owners' and Trainers' Mutual Association.

An executive committee composed of Pat Dunne, W. P. Magrane, J. C. Cahn, J. J. Marklein, Amos Tucker and the officers ex officio was also appointed.

Louis Ezell, James Arthur, J. W. May, Thomas Ryan, P. M. Civill, Dan Kelley, H. T. Griffin, Gwynn Thompson and G. R. Bradley were appointed solicitors for the various districts.

The secretary was instructed to draw up by-laws and regulations to be submitted to the next meeting and an adjournment was taken to the call of the president.

AGAINST CHANGE.

Presbytery of Southern California Satisfied With the Conference of Faith.

LOS ANGELES, Cal., Sept. 28.—The presbytery of southern California, after an animated discussion of questions in regard to the proposed modification of the Westminster confession of faith submitted by the general assembly of the Presbyterian church, has voted in favor of the creed remaining intact.

SHORTAGE IN BOX CARS.

Twenty Thousand Tied up in Atlantic Ports Owing to Lack of Ocean Tonnage.

NEW YORK, Sept. 28.—The Times prints the following: Traffic managers of railroads centering in New York City complain of an unusual shortage in box cars. They declare that it is impossible to get cars anywhere and that a similar condition of affairs exists on all the railroads in the country. This shortage, unless speedily relieved, may result in a car famine similar to those which have existed in Kansas City and other western railroad centers at various times during the last few months.

According to some of the traffic officials, the immediate cause of this demand for cars is the tremendous amount of freight that the roads are called upon to carry, both east and west bound. According to others the shortage is in part due to a shortage in ocean tonnage. The freight yards of the various roads are filled with cars waiting to be unloaded. A well-informed traffic official declares that something like 25,000 cars are tied up in the various Atlantic ports. The central freight lines are suffering particularly from this state of affairs.

NABOIS QUARANTINED.

Visitors at a St. Lawrence Watering Place Not Permitted to Return Home.

QUEBEC, Sept. 28.—Many members of the large American colony at Murray Bay, the fashionable watering place of the lower St. Lawrence, are in a sorry predicament, being quarantined for scarlatina in their families and unable to leave for home.

The disease first declared itself in the household of Justice Harlan, of the United States supreme court, Miss Harlan having been the first victim. The family had made purchases of home-made Canadian rugs, homepun cloth, etc., manufactured by the local French Canadian housewives, and these are believed to have carried the infection.

Almost simultaneously with its appearance at the Harlan cottage the disease appeared in the summer homes of the Mintons and the Sloanes, of New York, and these are now quarantined as well as the residences of other American families.

So far none of the cases reported appear to be dangerous.

THRILLING EXPERIENCE.

San Francisco Pilot Carried Out to Sea in the Ship Flintshire.

SAN FRANCISCO, Sept. 28.—A thrilling story of the gale which carried the ship Flintshire off shore on last Sunday is brought today by Captain Scott, a pilot who was carried to sea in the ship.

For a time it looked to those on board as though the Flintshire would go to the bottom, but she stayed only to be sent scudding at the speed of an ocean greyhound off to the southeast, with a big list caused by the shifting of the cargo of grain. At one time, a few miles from the coast, before the mad race began the Flintshire was on her beam ends.

Captain Scott states that the gale was encountered soon after passing out of the Golden Gate. Several of the ship's sails were blown away and the vessel was compelled to run before the wind for 110 miles.

CAMPAIN IN YUCATAN.

Mexican Troops Are Advancing Against the Indian Stronghold.

CHICAGO, Sept. 28.—A special to the Record from Oaxaca, Mexico, says: The government troops have made important progress in their campaign against the Maya Indians in Yucatan during the last two weeks. A large body of General Bravo's forces have occupied the Bay of Ascension, which is only about eighty leagues from Chan Santa Cruz, a stronghold of the Indians. This force is now slowly making its way toward this stronghold.

The Indians have continued to strengthen the fortifications of Chan Santa Cruz and its taking will be a great military achievement.

TOWN BURNING UP.

Sheldon, Illinois, Forced to Send For Outside Help.

KANKAKEE, Ill., Sept. 28.—Chief Powell, of the Kankakee fire department, at 3 A. M. received a telephone message from Sheldon, Illinois county, thirty miles east on the Big Four railway, that the town was burning up. The entire business district, about four blocks, is threatened. The town has a population of about 2000.

A special train with the Kankakee fire department will leave in a few minutes for Sheldon to render all assistance possible.

ROBBED IN MEXICO.

Old Man Held Up by His Cook Who Was Afterwards Found and Shot.

TUCSON, Ariz., Sept. 28.—An old man named Hiram George has reached here from Mexico, where he claims he was robbed of \$10,000 in Mexican money and wandered on the desert for fourteen days. He says he was on his way to Galveston where his wife and seven children were lost in the flood. He was traveling from camp with Jim Murphy, his cook, who held him up and robbed him. Murphy was afterwards caught by the Mexican authorities and shot, and George says his money and mules are at Huachuca, Mexico.

DOUBLE DELEGATION.

Rival Democratic Candidates for Delegate to Congress from Arizona File Certificates of Nomination.

PHOENIX, Ariz., Sept. 28.—Certificates of nomination have been filed with the secretary of the territory by Marcus Smith and J. F. Wilson, rival Democratic candidates for territorial delegate to congress.

It was believed for a time that one nominee would withdraw, thus healing the breach in the party, but the action today removes all doubt that each faction will fight to a finish.

first day in Kansas of the Roosevelt campaign has been successful as far as audiences are concerned. The meetings have been larger and the interest greater than at any time during the trip west of the Mississippi river.

Kansas towns appear to be turning out en masse and country people are joining their forces to the numbers and interest of those in the towns.

The national republican committee-man of Muirline and the state committee of the state of Kansas arranged today to give speeches for Governor Roosevelt, including a night speech and a day journey of 250 miles.

The committee in charge have arranged for sixteen speeches in this state tomorrow.

PUBLISHER SHEPHERD DEAD.

CHICAGO, Sept. 28.—Frank Shepherd, a well-known publisher, died tonight of apoplexy.

ENGLAND WARNS HOLLAND.

If Kruger Takes Away Bullion or Archives on Dutch Warship It Will Be Regarded as Breach of Neutrality.

LONDON, Sept. 28.—Great Britain has sent a note to the Dutch government, according to a dispatch from Amsterdam to the Daily Mail, which contains the warning that if Kruger is allowed to carry bullion or state archives on board the Dutch warship which is to bring him to Europe it will be regarded as a breach of neutrality on the part of the Netherlands.

BOERS COMING HERE.

Thousands Will Settle in the Northwest Next Spring.

ST. PAUL, Sept. 28.—The Globe tomorrow will say: Hundreds and perhaps thousands of Boers will emigrate from South Africa to the United States and settle in the Northwest.

Theodore Van Grecht, of Holland, who has of late years made his home in the South African republic, is in St. Paul to arrange satisfactory railroad rates over western lines.

Van Grecht will bring a large contingent of Boers to this country in the spring, if conditions are favorable.

FAILURES FOR THE WEEK.

About Fifty More Than For Corresponding Week Last Year.

NEW YORK, Sept. 28.—Dun's Review tomorrow will say: The failures for the week were 294 in the United States, against 157 last year and 13 in Canada, against 21 last year.

JAPAN MINISTRY RESIGNS.

LONDON, Sept. 28.—The Yamagata ministry has resigned, cables the Yokohama correspondent of the Daily Mail, "and Marquis Ito will probably succeed to the premiership."

AGREEMENT HAS BEEN REACHED.

(Continued from page one.)

Radicals in the list of candidates, and as to the results of the South African annexation there is also much criticism about the military blunders and lack of political foresight on the part of the Liberal government. The elections will probably go heavily Unionist, but the democratized Liberal party has contrived to pull itself together and make a vigorous fight.

For this reason it is doubtless convenient for the prime minister to keep his China policy in the background as long as possible.

SOLDIERS GET INSURED.

NEW YORK, Sept. 28.—That the officers and men in the German army are firm in the belief that war is imminent between Germany and China is reflected in the unusual number of applications which have been made to a life insurance company in this city for policies on their lives. Hundreds of applications have been received through a Berlin agency.

The process of issuing these policies or risks which have proved acceptable was begun several days ago by one company, and a large corps of clerks has since been employed night and day preparing the policies to be sent abroad. Information which came from Berlin was of such a character that the declaration of war was believed to be close at hand.

With each application there was a request that it should be issued at once and the risk made binding. The request was also made to have the policies sent to Germany as speedily as possible. In order to do this the extra clerks were set to work.

FACE HUMORS

Pimples, Blackheads, Red Rough, Oily Skin PREVENTED BY

MILLIONS of Women Use CUTICURA SOAP, exclusively, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and healing red, rough, and sore hands, in the form of baths for annoying irritations, inflammations, and chafings, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sanative antiseptic purposes which readily suggest themselves to women and mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, viz., TWENTY-FIVE CENTS, the BEST skin and complexion soap, and the BEST toilet and BEST baby soap in the world.

Cuticura Complete External and Internal Treatment for Every Humor, consisting of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA OINTMENT (50c.), to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A SINGLE BATH is often sufficient to cure the most torturing, disfiguring, and humiliating skin, scalp, and blood humors, with loss of hair, when all else fails. FORTY D. AND C. CO., Sole Props., Boston. "How to Cure Face Humors and all other Humors," free.
