

VAN DUSEN'S PLANS

NEW FISH WARDEN MAKES HIS PLANS KNOWN.

Rigorous Enforcement of Laws and Encourage Propagation the Essential Features.

In announcing his plans for conducting the office of master fish warden, H. G. Van Dusen lays particular stress on the two points which he considers of the utmost importance to the fishing industry.

Water Bailiff Fred Wickman has been placed in charge of the launch chartered for the purpose of patrolling the river to prevent illegal fishing and started up the river Sunday.

Mr. Van Dusen has not yet received the books and documents in the possession of ex-Commissioner Reed but the transfer will probably be made today.

The friends of the ex-commissioner do not allege the new law to be inoperative but claim that both laws are on the statute books and therefore both officials may serve.

Senator C. W. Fulton said last night that whether the law under which Reed was appointed was specifically repealed or not the contention that he is entitled to serve his term out will not hold good on account of the inconsistencies of the two laws.

REWARD FOR RIO'S WRECK. Purser Mitchell Tells of Ineffectual Search for It.

In the resignation of Purser Hiram E. Mitchell from his position on the steamer Geo. W. Elder, the O. R. & N. Co. loses one of the most popular men in its employ.

Mr. Mitchell states that the wreck of the Rio de Janeiro had not been found when he sailed, but that the Pacific Mail Steamship Company had offered a reward of \$1000 for its location.

NEW ASTORIA INDUSTRY. Metal Works Adds Lithographing Department to Their Plant.

The Pacific Sheet Metal Works has added to its plant a new department which goes a step in advance of any work heretofore done in the city or in the northwest.

SMALLPOX IN MONTANA. Six Hundred Cases in the Vicinity of Pryor.

BUTTE, Mont., March 11.—A. A. Campbell, of Pryor, who is in charge of Pryor Creek sub-agency, on the Crow reservation, states that there are six hundred cases of smallpox in the vicinity of Pryor and that efforts are being made to stamp the disease out.

ROOSEVELT'S PLANS. Vice-President Will Not Accompany President on His Western Trip.

WASHINGTON, March 11.—Vice-President Roosevelt had a half hour's talk with the president today. The vice-president will leave Washington for his home at Oyster Bay some time this week.

WHEAT MARKET. PORTLAND, March 11.—Wheat, Walla Walla, 56 1/2c.

FAVORS ANNUAL CONFERENCES.

President Mitchell Believes They Would Be Best Means of Preventing Trouble.

SCRANTON, Pa., March 11.—President John Mitchell, of the United Mine Workers of America, is here. He said last night that the coal operators' offer to continue the ten per cent advance in the miners' wages indicated a friendly feeling.

"In my judgment," said Mr. Mitchell, "the proper way to adjust wages and insure uninterrupted employment is to have annual conferences between the operators and the employes, as is done in the soft coal region."

WILKESBARRE, Pa., March 11.—The delegates from this section to the United Mine Workers' convention at Hazleton will leave for that city today. The convention will be much larger than the one held in the same town last fall.

STRIKE NOT PROBABLE.

WYOMING VALLEY WILL INSIST ON BEING BROUGHT BEFORE THE CONVENTION RELATIVE TO PAY FOR DEAD WORK AND A UNIFORM PRICE FOR ROCK WORK.

Charles J. Thain, district organizer and a delegate to the convention, said last night he thought the action of the coal companies in posting notices signifying their willingness to pay the present scale of wages for another year was only a "feeler."

The leaders of the United Mine Workers say until there is a uniform system all through the anthracite region there will be constant friction between employers and employes.

Work Rapidly Progressing on Belmont Syndicate Cup Defender.

BRISTOL, R. I., March 11.—At the present rate of progress on the Belmont syndicate cup defender she should be in the water early in April.

LAUNCHING IN A MONTH. Work Rapidly Progressing on Belmont Syndicate Cup Defender.

WHIR CITY, Kas., March 11.—All the joints of this place have closed by order of the mayor on account of the smallpox epidemic. They must remain closed until April 12.

EMPEROR AT WASHINGTON.

WASHINGTON, March 11.—The president of Yale expects to see One Within Twenty-five Years.

NEW YORK, March 11.—A special to the Times from Boston quotes President Arthur T. Hadley, of Yale University, as saying:

"We shall have an emperor in Washington within twenty-five years unless we can create a public sentiment which, regardless of legislation, will regulate the trusts."

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. P. H. McAllister, of Harrodsburg, Ky., writes: "Having been a terrible sufferer from Catarrh, and being now sound and well, the question often put to me is, 'What cured you?' To answer I feel it my duty to state that Swift's Specific is the medicine. I am such a true believer in the efficacy of Swift's Specific that I can honestly and conscientiously recommend it to any one suffering from Catarrh. Have recommended it to many, and am happy to say that those whom I have induced to use it can bear me out in the statement that it will cure any case of Catarrh if taken according to directions."

Pears' To keep the skin clean is to wash the excretions from it off; the skin takes care of itself inside, if not blocked outside. To wash it often and clean, without doing any sort of violence to it, requires a most gentle soap, a soap with no free alkali in it. Pears', the soap that clears but not excoriates. All sorts of stores sell it, especially druggists; all sorts of people use it.
