

ROSEWATER GAINS TWO MORE VOTES

No Other Changes in Nebraska Senatorial Deadlock.

HANNA ASKS FOR ELECTION

Wants Thompson Elected for the Short Term but Later's Opponents Declare His Election Would Disgrace the State.

LINCOLN, March 21.—The Republican caucus on the long term senatorial seat made another night of it, with no solution of the deadlock.

Rosewater, 34; Meiklejohn, 14; Currie, 7; necessary to nominate, 45. The day brought no material change in the short term situation except to slightly enhance the chances of the election of D. E. Thompson, the caucus nominee.

Added to this were telegrams to the anti-Thompson men from Chairman Hanna, of the Republican national committee, urging the members who are holding out to abide by the caucus decision.

One of the messages sent to the anti-Thompson forces was as follows:

"Hon. J. Whitmore—Friends of the administration here are deeply concerned about the senatorial deadlock in your state and we ask your influence to secure a settlement on the caucus recommendations by the national committee. (Signed) M. A. HANNA."

Tonight ten of the anti-Thompson men joined in the following telegram: "Hon. M. A. Hanna, Washington, D. C.—The short term caucus nomination of Thompson ignores the recommendations of the national committee. His election would be disgraceful to the state and suicidal to the party. We will oppose him to the end."

The long term caucus adjourned until tomorrow after taking nineteen ballots without a nomination.

FOUR STEAMERS SOLD.

John S. Kimball Steamship Company Is Going Out of the Steamship Business.

SAN FRANCISCO, March 21.—The Examiner says:

Four of the steamers of the John S. Kimball Company, the Aloha, Noyo, Sequoia and John S. Kimball, have been bought by Robert Dollar and will pass under the control of the latter on the first of the month.

The retirement of the Kimball Company will cause surprise on 'change and in shipping circles.

"We are going out of the steamship business only," said Vice-President Robert J. Tyson, of the Kimball Company. "We find that our other interests in the north will take all of our time."

FAMOUS JOCKEY DYING.

Has Won Over \$150,000 for W. C. Whitney in Last Two Years.

PHOENIX, Ariz., March 21.—Richard Clawson, the famous New York jockey who has been riding for William C. Whitney's stables, is in the hospital here dying with consumption.

Clawson was rated as one of the best American jockeys and has won fame on both sides of the Atlantic, having piloted Whitney's colors into over \$150,000 prize money during the last two years. During part of that time he has been in better condition for bed than the saddle, but he has ridden on pure nerve, time and again falling from his horse exhausted at the end of a winning drive.

MRS. KENT RELEASED.

Police Judge Believed Kent Mailed Poison to Himself to Get His Wife Into Trouble.

SAN FRANCISCO, March 21.—Mrs. Agnes Kent, who was arrested on suspicion of having sent a bottle of poisoned whisky to her husband, has been discharged from custody.

The husband refused to swear to a complaint against her and Police Judge Fritz stated that he believed Kent had mailed the liquor to himself with intent to injure his wife, who had sued him for divorce and alimony.

SANTA FE IMPROVEMENTS.

During Present Year \$200,000 Will Be Expended.

SAN FRANCISCO, March 21.—President E. P. Ripley, of the Santa Fe, has gone to Santa Barbara, where he will remain for two months. Before leaving the city Mr. Ripley stated that the Santa Fe would soon begin the improvement of its new China base terminal and will expend \$200,000 on the work between now and the close of the present year.

TRIED TO SLUG JEFFRIES.

Chicago Saloon Keeper Ran Up Against the Real Thing.

CHICAGO, March 21.—"Jack Bull"

Flaherty, a local saloon keeper, who is well known in pugilistic circles, having managed several fighters and seconded others, made an attempt to slug champion fighter Jeffries, but wound up by having a couple of his ribs broken. The encounter took place in front of the Academy of Music.

It seems that Flaherty had been brooding over the fact that he had lost five hundred dollars on Tom Sharkey in the latter's fight with Jeffries. He had become pretty well reconciled, however, to the loss of the money up to the time the billboards announced the appearance of the champion at a West Side play house. Then it was that Flaherty decided upon what he thought the best way to square things with the man who had humiliated him and incidentally whipped Sharkey.

Just as Jeffries stepped out of the main entrance of the Academy of Music, Flaherty stopped in front of him and swung his ponderous right to the jaw of the champion. Surprised into leaving a good opening, Jeffries caught the blow just back of the ear and it staggered him a bit. Flaherty came back with a hot left, aimed at the same point. Then there was trouble for Flaherty. The champion blocked the second punch and gathered the large form of the saloon keeper in his bear-like embrace.

When Jeffries' brawny arms closed around Flaherty the saloon keeper yelled for help. It came in the form of a policeman who pried the men apart, but not before Jeffries had broken two of Flaherty's ribs.

IMMIGRATION PROBLEM.

Attorney-General Griggs Is to Decide Whether Foreigners May Come Here on Assurance of Finding Work.

NEW YORK, March 21.—A special to the Tribune from Washington says:

The treasury department has decided to hold up the order issued on Monday, providing for the deportation of fifteen Spanish shepherds who arrived at New York on March 4. Assistant Secretary Taylor decided that these immigrants had come to the United States in violation of the contract labor laws.

Heretofore the department has held that aliens induced to emigrate to this country by promises of employment or that work could be obtained upon arrival, were not entitled to admission. The justice of this precedent has puzzled the department for some time and it has been determined to refer the case of the fifteen Spaniards to Attorney-General Griggs for an opinion.

Assistant Secretary Taylor said: "The vital question is whether a man who comes to America on information from relatives or friends that he can get work easily is entitled to admission. Attorney-General Griggs' decision will interest every laboring man in the country. If it is held that these Spaniards have a right to enter, it will be difficult to prevent undesirable foreign laborers from crowding out Americans."

EMBEZZLER ESCAPED.

Judge in City of Mexico Discharged Man Wanted in New York.

NEW YORK, March 21.—The American Surety Company, at whose instance Charles E. Cosgrove, State Senator McCarran's nephew, was arrested in the City of Mexico, on the charge of embezzling \$14,000, has received a telegram that the judge before whom Cosgrove was arraigned to await extradition had discharged him without notice to the company, allowing him to escape.

The telegram also says that Cosgrove is on his way to Vera Cruz with an inspector of the surety company close to his heels, and that the latter hopes to overtake the fugitive before he gets out of Mexican territory and have him held for extradition.

PORTO RICAN NEWSPAPER.

Plant Being Purchased in New York for Mouthpiece for the Federal Party.

SAN JUAN, Porto Rico, March 21.—Senator Abnill, editor of La Democracia, has gone to New York to purchase a plant with which to start the newspaper of the Federal party. Senator Ruiz Rivera, who will sail May 1, will edit the paper, the object of which will be to create more intelligent interest in Porto Rican affairs.

A wedding took place last evening at Casa Bianca, when Captain Latrobe, of the Porto Rican native regiment, was married to Senorita Maria Ponce, daughter of a Spanish captain. The bride was given away by Lieutenant-General Buchanan.

FINE RESIDENCE BURNED.

Loss of \$50,000 Through Crossing of Telephones and Electric Light Wires.

NEW YORK, March 21.—The residence of George B. Raymond, at Morris Plains, N. J., has been destroyed by fire, causing a loss of \$50,000 on the building and its contents. The fire was caused by the crossing of a telephone and electric light wire in the basement. It was with difficulty that Mr. Raymond's son, Charles, who is an invalid, was rescued from the flames. The loss on the property is partly covered by insurance.

REINFORCEMENTS SENT.

PARIS, March 21.—Two thousand soldiers have gone to assist the authorities in the suppression of the troubles incident upon the strike at Marseilles.

PROBABLE SUICIDE.

Accomplished Michigan Young Lady Last Seen on the Lake Front.

CHICAGO, March 21.—A woman's mackintosh, hat and gloves and a letter signed "May Comstock" and addressed to Sarah L. Wright, 740 Park avenue, were found on the lake front at Sixty-third street. The police learned from Sarah Wright that Miss Comstock boarded with Mrs. Freeman, 240 North Union street.

At the latter house it was learned that Miss Comstock was a daughter of John Comstock, of Benton Harbor, Michigan, a wealthy retired fruit grower, formerly of Florida and California, and that she came here to study music. Tuesday afternoon Miss Comstock left her boarding house for the American Conservatory of Music, where she appeared and took her music lesson, but when she went away from there at 4 o'clock she left behind her umbrella and violin.

Park Policeman Richards reports that he saw a woman enveloped in a black mackintosh walk on the lake front late that afternoon, but paid no particular attention to her, as many persons strolled along the beach daily at this point.

The police believe the girl has drowned herself and the lake was dragged between Sixtieth and Fifty-sixth streets, but no body was recovered. A strong current sets out into the lake at this point and if the girl has committed suicide, her body has probably been carried out into deep water.

The father of the girl reached Chicago last night. He is unwilling to accept the suicide theory that the police have formed from the finding of the outer garments of the girl. Mr. Comstock has an idea that his daughter was kidnapped and he will not credit any other theory.

Miss Comstock was taking a special course on the violin. She was an accomplished musician for her years and aspired to perfection in her art. Her father encouraged her ambition. He wanted her to become a great artist. He was impatient to have her advance rapidly and expected to send her to Paris to complete her musical education.

JAMAICANS APPEAL.

Delegates Sent to England to Ask for Restoration of Their Constitutional Rights.

KINGSTON, Jamaica, March 21.—The steamer Port Royal, belonging to Elder Dempster & Company and the second vessel to sail from Jamaica direct to England, left here with a full cargo of fruit yesterday for Bristol.

Among her numerous passengers were two elected members of the legislature who are empowered to make an appeal to Great Britain for a restoration of constitutional rights by Mr. Joseph Chamberlain, secretary of state for the colonies.

The government's projected tax on banana land is receiving considerable attention. The bulk of this tax will fall upon the United Fruit Company. It is feared that they will protest against being called upon to support the opposition company trading with England. Owing to the abrogation of the constitution the measure will probably pass, notwithstanding the popular opposition to it.

ILLICIT DISTILLERY RAIDED.

Big Haul Made by Internal Revenue Officers in New York City.

NEW YORK, March 21.—Internal revenue officers have raided an alleged illicit distillery in the basement of the seven-story tenement at 211 Eldridge street. Hermann Loewenstein, the landlord, and Joseph Levy, the janitor, have been arrested and arraigned before United States Commissioner Shields, who held them in \$2500 bail each for examination.

Two stills were found in operation, each new and capable of turning out 350 gallons of liquor a day. In the basement 2500 gallons of mash were found in various stages of fermentation.

CAUSED BY CROSSED WIRES.

Five-Story Building in Chicago Almost Completely Destroyed.

CHICAGO, March 21.—Crossed electric wires started a fire early today that almost completely destroyed the five-story building at 305 East Randolph street. The building was occupied by R. Williamson & Company, gas fixtures.

The adjoining building, occupied by Albert Pick & Company, fancy crockery and mirrors, was also partially burned. The loss on both buildings and contents will amount to \$150,000.

DOGS FROM SAN FRANCISCO.

Will Be Sent to Portland and Seattle Bench Shows.

SAN FRANCISCO, March 21.—A number of local dog fanciers, including well-known members of the San Francisco Kennel Club, are preparing to send their prize-winning animals to the Seattle and Portland bench shows. It is hoped that in return dogs from the north will be shown at the May exhibition in this city.

CONSERVATORY OF MUSIC.

New England School to Be Removed Into Better Quarters.

BOSTON, March 21.—The property of the New England Conservatory of Music on East Newton street, having been sold to persons who will convert it in-

to a home for working women and girls, the conservatory trustees have announced plans for a removal of the institution, by which it is proposed to make it to Boston and to the whole country what the Mendelssohn Conservatorium at Leipzig is to the German empire and to all Europe.

The new location selected by the trustees is on Huntington avenue, nearly opposite the new Symphony hall. The plans for the new building provide for a three-story structure on the Grecian model. There will be sixty recitation rooms and two auditoriums. It is the intention to make the institution a school of opera, of orchestral playing, of organ and church music, of composition and an artists' piano forte and violin school.

POOL OF TRUNK LINES.

New York Competition in Grain Shipments Is Abolished.

NEW YORK, March 21.—The Journal of Commerce says:

It has been definitely decided by the New York trunk line managers to maintain for another year the so-called pool on ex-lake grain which comes east from Buffalo. It has also been decided to start rates much higher than a year ago, new figures which will go into effect with the opening of navigation before four cents per bushel for wheat, 5 1/2c per bushel for corn and 3c per bushel for oats. It has also been decided that Frank Harriot shall continue chairman of the grain committee. The percentage established by Mr. Harriot for the new season will not, it is understood, be far from the following: New York Central (including West Shore) 55 per cent; Erie 25; Lehigh Valley 16; Lackawanna 4.

The arrangement absolutely abolishes all New York competition, except to the small extent that the Erie canal may be called a competitor and places the New York roads in a position where they only have to consider Philadelphia, Baltimore and Virginia ports in naming their rates. The Pennsylvania road, which brings its grain from Erie on the lakes, will act in perfect harmony with these roads.

MASSACHUSETTS AGROUND.

Battleship Got Out of Channel Near Pensacola.

PENSACOLA, Fla., March 21.—The flagship Kearsarge and the battleship Alabama, of the North Atlantic squadron, crossed the bar here this morning for a cruise in the gulf. The Massachusetts, which followed the other two warships out, took a sheer, left the channel and went aground.

President O'Brien, of the National Bar Pilot Association, tonight says that the Massachusetts is aground with 24 feet of water under her forward turret, while there is plenty of water under all other portions of the ship. It is expected that the battleship will be pulled off tomorrow.

IMPORTS INTO PHILIPPINES.

Enormous Increase Last Year Over Year Before.

WASHINGTON, March 21.—Imports into the Philippine islands from the United States during the first eight months of 1900 show an increase of 72 per cent over the amount for the same period in 1899. The imports from the United States amounted in value for the first eight months of last year to \$1,240,717.

OSIFIED MAN DEAD.

For Thirty-Six Years Living Statue Had Been On Exhibition.

ALBUQUERQUE, N. M., March 21.—W. T. Sapp, the famous ossified man of Lebanon, Ky., is dead in this city. While still a child Sapp's muscular tissue entirely wasted away and every joint in the body except those on the left shoulder and of the hands became solidified. For thirty-six years the helpless statue of a man has been on exhibition.
