The Cathelie educators now in session in Chicago are evidently very much stirred up over the school question. They do not believe that the education of the public schools is conducive to morality or is in other respects to the best interests of their young people. For this reason they have established schools support of the public schools which they do not patronize. If so taxcherished principles-the entire separation of church and state. The public schools are the foundation of our democratic spirit. It is true that they are To those to whom it is a mat ter of conscience to educate their children apart from the majority and amid religious surroundings, the way is open and no one will say them nay. Ther are Protestants who feel in the same way and many Protestant institutions are supported at great expense by pridependent upon the public school system. To its support the bachelor and tra burden for conscience' sake should rejoice, according to divine law.
