COAL TAX WILL BENEFIT AMERICA

United States Profits by New British Duty.

CAN NOW SELL IN EUROPE

Export Duty of One Shilling a Ton on British Coal Will Enable America to Undersell It in Almost Any Market.

NEW YORK, April 20.—A special to the Herald from Washington says:

England's new taxes, imposed to meet the heavy charges growing out of the Boer war, may prove beneficial to American exporters. It is not believed that the import duty to be imposed on sugar will affect the trade between the United States and the United Kingdom in any way. Experts of the trade, however, believe that the United States will profit to some degree by the imposition of the export duty of one shilling per ton on coal shipped from the United Kingdom.

The products of American coal mines have been gradually making their way into new markets for several years past and it is believed that in many places the present margin of cost in favor of British coal as against that from the United States is less than one shilling per ton and that the imposition of this tax, with the consequent increase in the cost of British coal, will lead consumers to buy American coal. The largest increases are expected in those markets which are relatively nearer to the United States than to Great Britain but some increase may be expected in exports to continental Europe.

The imposition of an import tax on sugars, with a differential of two shillings and two pence between refined sugars and sugars testing 76 degrees, is looked upon here as a step in the direction of protection, as it is believed that this differential is great enough to afford cosiderable encouragement to the British refiners. This may lead to a reduction in the imports of refined sugar into the United Kingdom but as refined sugar is not an article of export from the United States, American trade will not be affected by this. The United Kingdom took from the United States last year 202,366,855 pounds of glucose, 2,874,605 gallons of molasses, and 8,279,241 gallons of syrup. It is not believed that the trade in these articles will be affected materially by the tax.

Mr. Gage, the secretary of the treasury, is not disposed to believe that the new taxes will affect the American trade with the United Kingdom to any material degree. He doubts whether the export duty on coal is large enough to give American coal any great advantage in competing markets.

NOVA SCOTIA BENEFITED.

HALIFAX, N. S., Apr. 20.—Coal operators anticipate a material advantage from the British export duties on coal. Officials of the Dominion Coal Company expect to market a million tons of Nova Scotia coal in the Mediterranean within a few years.

CHINESE WILL WITHDRAW.

No Probability of Conflict Between General Lu and Franco-German Expedition.

NEW YORK, April 20.—A dispatch to the Herald from Pekin says:

Dr. Mumm Von Schwarzenstein, the German minister to China, in order to allay the excitement reigning here and doubtless abroad, has made a statement in which he declares that the expedition under General Von Lessel now proceeding westward from Pao Ting Fu does not contemplate the invasion of Shan Si.

"The facts," said Dr. Mumm Von Schwarzenstein, "are these: General Lu, with an undetermined number of troops is intrenched in the neutral ground where, by agreement, no troops were to remain. His position commands the Shan Si passes and further menaces ours. We believe that General Lu has been ordered to withdraw by the Chinese authorities and we are only proceeding against him because it is imperative.

"Unless General Lu gives battle and in consequence active operations on our part become a military necessity, there will be no invasion of Shan Si."

Dr. Mumm Von Schwarzenstein referred to the fact that the French troops are now within ten miles of the Chinese position and the Germans are coming up fast. A strong impression prevails here that the Chinese will not await their arrival.

CORDIAL RELATIONS RESUMED.

Mexico Decides to Send a Minister to Austria.

CHICAGO, April 20.—A special to the Record-Herald from the City of Mexico says:

A bill providing for the renewal of diplomatic relations with Austria was submitted to congress today. Official courtesies have not been exchanged between Austria and Mexico since the execution of Emperor Maximilian, June 19, 1867.

An appropriation of $15,000 has been made for the salary of the new Mexican minister to Austria and of $4000 for the salary of the officer of the legation. It is understood that the minister selected is Don Jose de Teresa y Miranda, brother-in-law of President Diaz.

The resumption of diplomatic relations between the republic and the empire is due to the untiring efforts of Prince Khevenhueller, who has been in Mexico for some time.

SAVED LIFE OF KAISER.

Death in Chicago of Ancient Retainer of Imperial House of Hohenzollern.

CHICAGO, April 20.—The Chronicle says:

With the death of August Schneider at the home of his son, Frank Schneider, in this city, there passed away an ancient retainer of the imperial house of Hohenzollern who as a game keeper on one of the royal estates near Berlin on one occasion saved the life of Kaiser Wilhelm der Grosse, the grandfather of the present emperor.

The great German emperor often was attended during the chase by Schneider and it was while hunting wild boars one day that the king was unhorsed within fifty feet of a charging boar. The fierce animal was just about to gore the royal huntsman when Schneider, who was mounted, despatched him with a spear. For this timely intervention he was handsomely rewarded.

Schneider served for many years in the Prussian army and was a veteran of numerous hard-fought battles.

WALL STREET WEEKLY.

Relaxation of Money Market Increased Activity of Speculation in Stocks.

NEW YORK, April 20.—The relaxation of the money market has been the leading motive of the increased activity of the speculation in stocks. The high rate for money in New York has attracted a large supply of funds from the interior and has prevented the outflow of gold to foreign money markets. Bankers have been able to decrease their collecting of loans, although there was considerable speculative liquidation early in the week due to this cause.

The Burlington deal has been the main spring of the speculation and there have been rumors current of other deals looking to ocean to ocean consolidations to offset the Burlington deal. The belief in an extensive Southwestern railroad merger and the measures taken towards a consolidation of copper companies have also been important elements in the speculation which had broadened out and grown as the week progressed.

FOOTBALL FAVORED.

Sport Will Not Be Abolished in Chicago High Schools.

CHICAGO, April 20.—Football will not be abolished in Chicago high schools. This is the result of the conference between Superintendent Cooley and the sub-committee of the board of education. Instead of trying to break up the game and taking from it all stamp of authority, the sport will be looked upon favorably and regulated according to the suggestions of the advisory committee of experts in the game.

The advisory committee of experts comprise such well-known men as Everts Wrenn, of Harvard; A. A. Stagg, athletic coach at the University of Chicago; Walter McCormack, of Dartmouth; Max Buetner, coach of the First Regiment Athletic Club; Dr. Charles Hollister, coach of Northwestern University and Ralph Hoagland, of Princeton.

STRIKE PRACTICALLY SETTLED.

Members of Building Trades' Union at Tacoma Return to Work.

TACOMA, April 20.—The building trades' strike inaugurated Monday is practically settled. The contractors and representatives of the building trades' union agree to submit their difficulties to a board of arbitration and work on between 150 and 200 new buildings was resumed yesterday. The strike threatened at the outset to intimidate hundreds of property owners who are crowding the architects' offices with orders for building designs, but the prompt settlement of the difficulties allayed their fears.

OREGON TO BE REMODELED.

Superimposed Turrets to Be Placed on Three Battleships.

NEW YORK, April 20.—A special to the Herald from Washington says:

With a view to increasing their efficiency, the navy department is considering the advisability of modernizing the battleships Oregon, Indiana and Massachusetts, which may be equipped with superimposed turrets if the recommendations of some of the members of the board of construction are adopted.

In altering these ships it is desired by the board to remove a most serious defect in their design. The vessels are equipped with circular turrets and when their 13-inch guns are pointed in the same direction they rest to such an extent as to expose their unprotected hull below the armor belt.

Under the plan which will be considered by the board of construction it is proposed to remove the four quadrilateral turrets, accommodating two 8-inch guns each with which each ship is equipped and to install two elliptical 8-inch superimposed turrets. Careful determination of the position of the 8-inch turrets will permit a balance which will prevent the heeling now considered so objectionable. The new battery arrangement will permit the addition of a formidable row of six or five inch guns.

The Oregon has arrived at Shanghai en route to Bremerton, Wash., where she will be placed out of commission. The Indiana will be commissioned for the cruise of the naval cadets and the Massachusetts in with the North Atlantic squadron.

PORTO RICAN DUTIES.

Governor Allen Urges That Receipts Be Paid to Porto Rico and Not to United States Treasury.

SAN JUAN, Porto Rico, April 20.—The correspondent of the Associated Press learns upon good authority that Governor Allen now in Washington will urge President McKinley so to construct the Foraker bill that if the Porto Rican tariff is removed next July, as reported, the import duties upon goods from foreign countries into Porto Rico shall be paid to Porto Rico and not to the treasury of the United States as is at present the case with most of the duties collected here from foreign imports. It is argued that the local merchants are not benefited if the United States receive the custom receipts.

According to the figures of G. W. Whitehead, the collector of customs for Porto Rico, the total import duties for March were $87,758, of which only $18,-850 were for American goods. March can be taken as a fair average.

The chamber of commerce of San Juan has resolved to send a cable to Washington asking for a duty on foreign coffee, thus favoring the Porto Rico product.

NEW MINISTER OF JUSTICE.

Well-Known Mexican Lawyer Takes Oath of Office.

CHICAGO, April 20.—A special to the Record-Herald from the City of Mexico says:

Justino Fernandez, director of the National College of Jurisprudence and vice-president of the Bar Association of Mexico, took oath today as minister of justice and public instruction, in succession to Joaquin Baranda, resigned. Senor Fernandez was born in the City of Mexico in 1828 and has had an eventful political career.

CHILE VERSUS ARGENTINE.

Chilean Pickets Continually Trespassing on Argentine Territory.

NEW YORK, April 20.—A dispatch to the Herald from Buenos Ayres says:

Dispatches received here announce that Chilean pickets are making explorations near Lake Nahuelhuspi. Newspapers demand that the government proceed energetically against the continual trespassing on Argentine territory.

As for the movements of Argentine President Roca's organ, says that this troops near the frontier, the Tribuna, is due to frequent incursions by Chilean bandits. The Tribuna adds that there is nothing which would change the relations between the two countries, that Chile every day is more and more convinced of settling the pending questions without going to war and that she will await the award of the English arbitration tribunal.

CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestage of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows:

A small pimple came on my jaw about an inch below the ear on the left side of my face. It gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time, when my jaw began to swell, becoming very painful. The Cancer began to eat and spread, until it was as large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good.—MRS. E. SHIRER, La Plata, Mo.

SSS is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

MADE BUSTS OF INDIANS.

Valuable Collection Gathered in Mexico by a Chicago Professor.

CHICAGO, April 20.—Professor Frederick W. Starr, of the anthropological department of the University of Chicago, has returned from a visit of four months to the barbarous tribes of the Mexican Indians. Besides bringing back hundreds of Indian relics he has procured statistics which will be valuable to the study of anthropology.

He brought back over 1600 photographs and with the aid of a sculptor who accompanied him he procured 100 busts of typical members of the tribes which he visited. Prof. Starr considers the busts as the most valuable result of his trip, inasmuch as they are all made accurately by his system of measuring. He plans to send a number of them to the Pan-American exposition for an Indian exhibit which he is arranging.

CIGARMAKERS QUIT WORK.

Eight Hundred Men at Montreal Demand Uniformity of Price for Same Kind of Work.

MONTREAL, April 20.—Eight hundred cigarmakers, every factory in the city being represented, have quit work. The men do not ask for an increase in wages but for uniformity of price in the different factories for the same kind of work.

T. F. Tracy, of Boston, vice-president of the International Cigarmakers' Union, is here in charge of affairs. The men have a good organization and say they intend staying out until their demands are granted. The manufacturers say these demands are impossible and meeting them would mean ruin to the trade.

REWARD FOR KIDNAPPERS.

Total of $16,000 Now Offered for Arrest of Abductors of Willie McCormick.

NEW YORK, April 20.—The Rev. Jas. A. Mullin, pastor of the Roman Catholic church of the Sacred Heart, in High Bridge, where the McCormick family attended, has offered an additional reward of $10,000 for the return of the missing Willie McCormick and the arrest of his kidnappers.

Father Mullin's offer brings the total reward up to $16,000, of which $5000 is offered by an uncle of Willie McCormick and $1000 by the boy's father, who is comparatively in poor circumstances.

SCHLEY AT RIO JANEIRO.

Entertainment Given in His Honor by Minister Bryan.

RIO JANEIRO, April 20.—Rear-Admiral Schley of the United States navy has arrived here. Minister Bryan gave an entertainment in his honor.

The commission appointed to examine into the physical conditions of Admiral Mello announced that the naval officer cannot go to Ceara without further impairing his health.

INSPECTING SOLDIERS' HOMES.

National Board of Managers Now Touring Pacific Coast.

LOS ANGELES, Cal., April 20.—The board of managers of the National Soldiers' Homes have reached Santa Monica. They will thoroughly inspect the Santa Monica home, after which they will proceed north. The party includes Generals McMahon, Franklin, Peterson, Anderson, Henderson, Brown and Patrick; Colonels Mitchell, Steel and Cooke and Major Bondall.

IMPORTER DROPPED DEAD.

New York Millionaire Leaves Bulk of His Wealth to Charity.

NEW YORK, April 20.—Joel G. Goldenburg, head of Goldenburg Brothers & Company, lace importers of this city, dropped dead from heart failure last night while waiting for a Grant street car. Mr. Goldenburg lived at the Hotel Netherland and was worth over $2,000,000. He had no immediate relatives and it is understood that he left a will giving the bulk of his estate to charity.

SALE OF REGISTERED CATTLE.

Thirty Head Bought at Syracuse for a San Francisco Breeder.

SYRACUSE, N. Y., April 20.—At the sale of registered cattle here 136 head of Holstein-Friesians brought $15,000. The highest price, $500, was paid by H. D. Crossman, of Cayuga county, for a cow and calf, Lady Netherland Paladin and Netherland Paladin Spafford, J. A. Yoakum, of San Francisco, bought 30 head for R. M. Hotaling, a breeder of that city for $2900.

FAMOUS DETECTIVE DEAD.

Honest Tom Sampson Had Sixteen Medals for Meritorious Service.

NEW YORK, Apr. 20.—"Honest Tom" Sampson, detective, army veteran and life saver, died last night at Mount Vernon, N. Y.

Captain Sampson had sixteen medals for meritorious service, a number of them for saving life, one being awarded him by congress. He aided in the arrest of Mrs. Surratt, Miss Fitzpatrick, Edward Payne and Dr. Samuel Cox, who were charged with being implicated in the plot to assassinate President Lincoln.

Captain Sampson was born in England in 1827 and came to this country at an early age. He joined the police force of New York in 1851. At the time of the famous $64,000 forgery on the Union Trust Company, Captain Sampson was detailed to run down the culprits and he succeeded in arresting Chadwick, Brown and Feltner for complicity in the affair. The Wells Fargo Express Company and the National Park Bank also gave Captain Sampson a magnificent gold medal of recognition of his services in bringing Louis M. Van Eaton to justice.

ANARCHIST CONSPIRACY.

German Consul at Rosario Has Proceeded Against the Society.

NEW YORK, April 20.—The Herald's correspondent at Rosario sends a dispatch that he has seen the German consul there in regard to the anarchist conspiracy to kill the emperor of Germany, the czar of Russia, the king of Italy, and Count Turin of Italy. The consul said he had not been informed of the arrest of Anarchist Romagnoli in Germany, to prevent an attempt at the assassination of the emperor.

Regarding the conspiracy, the German consul said that he had proceeded against the anarchist society in Rosario, according to instructions he had received from Berlin. He explained that he had not been convinced of the existence of a conspiracy against the lives of European monarchs.

Newspapers in Rosario state that a certain Caceres told of the conspiracy to the Argentine police with the object of obtaining money and also an appointment.

DO NOT LIKE AMERICANS.

People of Santo Domingo Resent Mere Suggestion of Annexation.

NEW YORK, April 20.—Senator William P. Frye, who has just returned from a month's cruise in Santo Domingo waters, said last night:

"The people of Santo Domingo do not look kindly on Americans. They resent the mere suggestion of annexation. We do not want them. They labor one day a week and wonder why they do not get on. They have a dislike for commerce and discourage it. The removal of the export duty on sugar last week seems to be a step in the direction of progress. That tax yielded the government $600,000 yearly. I was amazed at the number of deserted farms where good soil is common and yellow fever unknown."

Senator Frye, after seeing his relatives off for Maine, went to the Fifth Avenue Hotel. He will go to Philadelphia today.

J. F. BARRETT DEAD.

Commercial Agent of Chicago, Peoria & Northwestern Railway.

DAVENPORT, Ia., April 20.—J. F. Barrett, ex-assistant general freight agent of the Missouri Pacific, dropped dead from heart disease while waiting at the depot to help a sick friend aboard. He was the commercial agent of the Chicago, Peoria & Northwestern Railway at the time of his death.

WORLD'S RECORD LOWERED.

Five Miles Covered in 7:40 2-5 by a Motor Cycle at Sacramento.

SACRAMENTO, Cal., April 20.—In the second heat of the five-mile professional motor-cycle race at the Velodrome last night, Clem and Charley Turville lowered the world's record for an eight-lap track to 7:40 2-5, their competitors being Judge and Stone.

MILITARY CONSPIRACY.

Several Uruguayan Army Officers Being Watched by Police.

NEW YORK, April 20.—A dispatch to the Herald from Montevideo says:

There are new rumors of a military conspiracy. Several army officers are being watched by the police. General Carambula and Colonel Tezanos have been arrested.

An Omaha man says he doesn't like to go to church because it is so long between acts.

Made Her Beautiful

Every Lady in the Land Can Now Have a Beautiful Skin.

A TRIAL BOX FREE.

Every lady who sends her name and address will receive by mail free a trial package of a celebrated beauty's remedies for beautifying the complexion. It is not a face powder, cream, cosmetic or bleach, contains no oil, grease, paste or chemicals and is absolutely the only successful beauty maker known.

Fannie B. Ralston, 628 Lexington Ave., Newport, Ky., sister of the famous Kentucky Beauty Helen Ralston, who also used these beautifiers, says:—"When I began using Mme. Ribault's complexion beautifiers I did not think it possible to

FANNIE B. RALSTON,
(Showing her wonderful improvement.)

clear my skin, my face was in a horrible condition literally covered with red spots, pimples, blackheads, moth patches and freckles. And whenever the weather changed eczema, chap and salt rheum added to my misery. I suffered a thousand deaths, and when I sent for a trial of Mme. Ribault's beautifiers just as I had done before time and again with other advertised remedies, I did not expect any results, imagine my surprise when the next day all redness and soreness were gone. At the end of a week my skin began to clear, the freckles and moth patches disappeared and the eczema and salt rheum were completely cured. I improved so wonderfully that my friends did not recognize me, so quickly had the change taken place. My skin is now perfectly lovely, and there is not a blemish or wrinkle anywhere.

I hope all ladies will at least try these marvelous beautifiers."

Do not delay but write immediately. The treatment is harmless, a natural beauty maker and will permanently remove all tan, freckles, moth patches, pimples, blackheads, flesh worms, sunburn, chaps, roughness and sallowness and all skin imperfections no matter what they may be.

Write to-day without fail and the free treatment will be mailed prepaid with full directions and all particulars absolutely free. Address, MME. M. RIBAULT, 2439 Elm Building, Cincinnati, Ohio.
