PROTESTS AGAINST VICE

PASTOR ROWLAND ON THE "DUTY OF THE MINORITY."

Censures Licensing of Law Violators and Appeals for Improved Conditions.

Rev. B. F. Rowland, in his sermon last Sunday evening on "City Problems; the Privilege and Duty of the Minority..."

"This is one of the most striking instances in the Old Testament where a word, fitly spoken changed public destinies. It was God's word for that time and it has a lesson for us as it had for our fathers before us. It gives courage to the man who dares cry out against the tyranny of public opinion...

"No true man will stand aloof from his fellows simply to attract attention. Neither will he follow the crowd simply to be in the 'swim' nor for fear of its opposition. That man is a coward who dares not stand for the right and lift his voice against the wrong even though he stands alone."

"Now I know in asking you to stand against the majority and advocate a clean, pure city for Astoria, I am asking you to do a seemingly impossible thing, at least an unpopular thing."

"At the very beginning of the Christian era, in the fifth and sixth, the tenth and eleventh centuries, before the days of Luther, before the French revolution, even in England two hundred years ago and in our own country at the beginning of the last century, at each of these times and at others the conflict between right and wrong was fierce and so great were the odds that, humbly speaking, there was no chance for truth to conquer, but it did."

"And so it may seem to many today—perhaps in our own city. We are told that the truth of God has so little opportunity of being heard and accepted, the Gospel has no power to contend against popular prejudice; it is not strong enough to resist the powerful pull of the world, that business and politics attract the attention and absorb the thought of so many; that Christianity can get no foothold. This they claim is true especially in cities, not in heathen cities but in this very city in which we dwell, a little city of only about 10,000 people, but where vice and crime and lawlessness are strongly entrenched."

"When we said it is possible to make

Pears'

Its least virtue is that it lasts so. Soap is for comfort; the clean are comfortable. Pears' soap cleanliness—is perfect cleanliness. All sorts of people use it, all sorts of stores sell it, especially druggists.

am told that two saloons in this city, well located and doing a thriving business, pay into the city treasury for tax on the amount of stock carried, fourteen dollars and thirty cents. A little less than two cents per day. We will need to go deeper than taxes to get at the root of this matter.

"When this city in addition to the very high tax paid by the citizens must license vice and crime in order to meet expenses, it looks as if there is something wrong or else there has been something wrong, and from the effect of which we have not yet recovered. Every community and every citizen should have the courage of conviction and should deal with every form of vice as it deserves to be dealt with and if the multitude will persist in doing evil then let the minority manfully and courageously cease not only the doing but the tolerating of evil."

BRIGANDS COME HERE

American Made Dumping Ground for Italy's Criminals and Paupers.

NEW YORK, April 20.—The Herald says: Italy is making of the United States a dumping ground for her criminals and paupers. This fact has been forcibly called to the attention of the local authorities by the arrival in this port of three Italian brigands whose depredations made them a scourge to the province in which they were reared. Despairing of being relieved in any other manner, the merchants upon whom they had preyed made up a liberal purse, with which these were sent to America, arriving here with money enough in their pockets to enable them to land unquestioned.

SHAMROCK ALMOST READY

Will Be Given a Trial Spin the Last of This Week.

GLASGOW, April 20.—In the opinion of those responsible for sailing Shamrock II in the races for the America's cup, the five weeks available for preparation and trials are considered quite little enough time for the work. Every effort, therefore, will be made to hurry things forward. Within an hour after she was formally handed over by the manager of the Dennis she started for the Solent in tow of the Erin; and there is still hope that she will be ready for her first spin under canvas by Thursday.

If it should be found impossible she will not hoist sail until Saturday. Captain Jameson and Captain Sycamore being agreed that though they are not superstitious there is no sufficient reason for 'tempting providence' by starting her on her career on Friday.

Thomas Batey, the sailmaker, has all the canvas in readiness for her arrival and he has been advised to have all hands waiting for her Monday morning.

As she was towed down the Clyde she was the subject of general comment. Her extraordinarily low freeboard was much criticised, in view of the necessity of making an Atlantic voyage, and her telescopic topmast was condemned by practical yachtsmen, who held that, if at any time it should become desirable to extend or lower the topmast, the mainmast would certainly have bent enough to jam it. Nevertheless, Shamrock II was pronounced the likeliest challenger ever sent across.

CHILEAN CLAIMS

Chile Wants Heavy Damages for Seizure of Steamer Itata by United States.

NEW YORK, April 20.—Only six claims remain to be disposed of by the Chilean claims commission before it can adjourn sine die, says the Herald's Washington correspondent. Twelve claims have been determined. The claimants asked for about \$2,200,000 for damages alleged to have been sustained. An award of only \$2000.

PRESIDENT GETS VACATION

Head of Government of Salvador Is in Bad Health.

NEW YORK, April 20.—The Herald's correspondent in Salvador reports that President Rosado, on account of bad health and the fact that the country is enjoying complete peace, petitioned congress on Saturday for nine months' leave of absence, which undoubtedly will be granted.

The government of Salvador has taken charge of the steamer Itata, recently bought in San Francisco for coast service.

Minnesota Has No Firmer Believer in Paine's Celery Compound.

Paine's celery compound has acquired its tremendous reputation for making people well by direct personal testimony from men and women who have used it. No testimonial has ever been published for this great remedy that could not be easily verified at first hand by any one at all interested. Nothing has ever been claimed for Paine's celery compound that it has not accomplished in hundreds of cases.

ALBERT BERG

There is no help so sure and so immediate as one gets from the use of Paine's celery compound. Detailed information of innumerable cases of rheumatism, neuralgia and dyspepsia, completely cured, has established this great invigorator as the most valuable remedy those run-down in health can make use of.

ST. PAUL, MINN. JAN. 4, 1901.

Dear Sir: One can show no greater faith than by taking a remedy for one's health. No better testimonial of excellence can be offered than the recommendation that comes to one's friends. I have taken Paine's celery compound myself, and as a result heartily commend it to others.
