

The diseases most feared are those which are inherited—passed down from generation to generation, and family to family. By far the most destructive of these is Cancer, which finds the greatest number of its victims among the children and grand-children of those whose blood was tainted with this dreadful malady.

The Cancer patient naturally grows despondent as one after another the usual remedies fail, and the sore shows no sign of healing. The impurities that have been accumulating in the system, perhaps for generations, cannot be eliminated nor the poisoned blood made pure by salves, washes and plasters.

Mr. J. B. Arnold, of Greenwood, S. C., writes: "A tiny ulcer came, just under the left eye. It began spreading, and grew worse rapidly, destroying the flesh as it went. As Cancer is hereditary in my family I became thoroughly alarmed, consulting the best physicians and taking many blood medicines, none of which did me any good, when one of our leading druggists advised me to try S. S. S., and by the time I had taken the second bottle the Cancer began to show signs of healing, the discharge grew gradually less and finally ceased altogether, the sore dried up and nothing remains but a slight scar. I feel that I owe my life to S. S. S."

wait until the blood is so polluted and the system so thoroughly saturated with the poison that no medicine, however efficacious, can check the progress of the disease. If there is a taint in your blood get it out at once, don't wait for some external evidence of it, the appearance of a tumor or ulcer. We have prepared a special book on Cancer which we will mail free. Our physicians are ready to help you by their advice and such direction as your case requires. Write us fully and freely—no charge for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

GREATEST PERIL IS GAMBLING.

Dr. Hills Declares That It Has Wrought Intellectual Demoralization.

NEW YORK, May 13.—"The Ethics of Gambling and the Perils of Making Haste to Be Rich," was the subject of Rev. Newell Dwight Hillis' sermon last night at Plymouth church, Brooklyn. Dr. Hillis said in part:

"The evils of drink are familiar to you. There are other evils. But the greatest peril is the insane spirit of gambling which seems to have taken hold of the people, irrespective of social standing or religious belief. The insane desire to get rich quickly is at the bottom of it all. There is no difference between the newsboy who flips coins and the man in Wall street who buys stocks on margins on a chance that they will rise or fall. Both wish to get something for nothing, both are gamblers."

"The incessant gambling on all sports has wrought intellectual demoralization to the country. Horse racing is one of the noblest of sports, but it has been degraded and demoralized by gambling. Every Saturday afternoon you see at the race tracks thousands of working girls and men who have families to support, crazy with the intoxication of gambling. As each race is run they stand up, a yelling, cursing, purple-faced, brutalized gang."

"From the tiny lad selling newspapers on the street to men dwelling in a palace the gambling spirit seems to have invaded all. Where is this thing going to end? It is time we called a halt and began to consider what things are really worth while."

Annual services of the church association for the advancement of the interests of labor were held last night in Holy Trinity church. The Rev. Dr. J. P. Peters, rector of St. Michael's Episcopal church, preached.

"The committee of fifteen," he said, "will make a raid and the gambler who is arrested doesn't want his name to get into the papers. But there are gamblers in Wall street who blazon their names proudly over their doors and are glad to tell you of their winnings or losses."

"We have an exhibition of what harm one man with great wealth can do. No man has the right to manipulate such a deal as was executed in Wall street. Each of us owes a duty to our fellow men and the man who so far forgets this duty as to permit himself to become engaged in transactions of such a kind and magnitude is utterly lost to principle."

BANQUET TO AMERICANS.

London Chamber of Commerce Fraternizing With New York Chamber.

NEW YORK, May 13.—A dispatch to the Herald from London says: The banquet to be given by the London chamber of commerce to the New York chamber, on June 5, will mark the friendly union of the principal men of commerce in England and America. It is an endeavor to cement the friendship which has long existed between the two countries.

Most of the greatest commercial houses in England will be represented, while from America come some twenty-five millionaires, headed by J. Pierpont Morgan, Mr. Carnegie and Morris K. Jessup, the president of the New York chamber of commerce.

The entertainment of the American visitors, of which the banquet at Grosvenor hall is the most prominent feature, promises to be on a scale hitherto quite unsurpassed. There will be a reception by the lord mayor in the Egyptian hall of the Mansion House on Friday, while Lord Brassey and others will give garden parties. The details of two other important functions have yet to be decided upon.

Altogether this festival of commerce will last for the greater part of a week. According to Mr. Kenzie B. Murray, the secretary of the London chamber, the kindest feelings have prevailed between the two chambers of commerce for many years and at the time of the Venezuelan difficulty, though political feelings ran high, cables were exchanged between New York and London conveying assurances of commercial friendship.

GOMPERS VERSUS SCHWAB.

Assertions of President of Steel Trust Denied by Labor Leader.

NEW YORK, May 13.—Samuel Gompers, president of the American Federation of Labor, according to the Washington correspondent of the World, made a statement last night in reply to assertions of President Schwab, of the United States Steel Corporation, before the industrial commission, that labor organizations put all men on a level and prevent one from advancing unless all advance. Mr. Gompers said: "It is a misstatement to say that we are endeavoring to fix one price for the wages of workmen of any one class. What we aim at is to establish a minimum of wages, below which a workman will not be obliged to labor. Because a minimum is established it does not follow that a worker cannot receive more than that."

"We are engaged in promoting the general welfare of the working classes and are aiming at their general improvement rather than trying to get one preferred position for some particular individual. It may be true that there are cases where a laboring man advances beyond his co-laborers but it is usually at the expense of others. Better the conditions of the craft generally and all will profit."

RAILROAD BONDS LOST.

Owner Died Without Disclosing Their Whereabouts.

NEW YORK, May 13.—Lost somewhere between this city and the Pacific coast are \$38,000 in railroad bonds which David T. Hartshorn, of Brooklyn, is anxious to find.

Mr. Hartshorn is the administrator of the estates of Richard Lauer and Caroline M. E. Lotter. Mr. Lauer and Mrs. Lotter, his daughter, were residents of Brooklyn. The former died on May 1, 1891, in San Francisco. He transferred to his daughter, Mrs. Lotter, thirty-eight railroad bonds of the value of \$1000 each.

Mrs. Lotter was with her father at the time of his death. She died in Brooklyn on November 10th last. The bonds in question formed part of the estate left by her but the administrator, Mr. Hartshorn, has been unable to locate them. It is his belief that some time before her death Mrs. Lotter deposited the bonds in some bank or safe deposit vault, either in this city, Chicago, Cincinnati, St. Louis, Kansas City or California.

Mr. Hartshorn has recovered all the interest coupons belonging to the bonds, but his efforts to trace the bonds themselves have failed.

The missing securities are seven first mortgage bonds of the Texas & Pacific Railroad Company, twenty-six first mortgage bonds of the Chicago, St. Paul & Minneapolis Railroad Company and five first mortgage bonds of the Metropolitan Elevated Railroad Company of this city.

SELF GOVERNMENT FAVORED.

National Liberal Federation of England Believes in Liberal Measures for Boer.

NEW YORK, May 13.—A special to the Tribune from London says: A number of resolutions dealing with various matters of public interest will be considered by the council of the National Liberal Federation at Bradford this week. Three of the motions on the agenda paper refer either directly or indirectly to the South African question. The general committee of the federation adopted a resolution last February favoring such a measure of self government for the Transvaal and Orange River Colony as could be honorably accepted by a brave and high-spirited people and this resolution the council now will be asked to confirm.

Unfortunately for the Liberal party, opinion on the question of the future government of the conquered Boer republics is far from unanimous and it is only too probable that the meeting of the council, instead of giving encouragement to the opposition in the house of commons, will prove material for sarcastic articles in the Unionist press.

TWO PASSENGERS DROWNED.

Mississippi River Steamer Went Down in Twenty-Five Feet of Water.

ST. LOUIS, May 13.—A special to the Post-Dispatch from Grand Tower, Ill., says: "The steamer City of Paducah sank in twenty-five feet of water five minutes before 10 o'clock last night in less than five minutes after striking a snag, while backing out from Brinkburn landing. The bodies of two passengers who were drowned have been recovered and twenty-two members of the crew, most of them negroes, are missing. All of the officers were saved. The first mate says that only about twelve passengers were on board and all were saved except two. The body of Dr. W. J. Bell, of Bell's Landing, Tenn., was taken out of his stateroom. The remains of a young woman, on which was a visiting card reading 'Mrs. Harry L. Allen, 2439 Eads avenue, St. Louis,' was recovered from her stateroom."

TROOPS ORDERED HOME.

Secretary of War Orders Return of Regulars Soon as Volunteers Have Been Sent Off.

WASHINGTON, May 13.—By direction of the secretary of war, instructions today were cabled to General MacArthur to send to San Francisco at his earliest convenience the following organizations of the regular army: Fourteenth, Eighteenth and Twenty-third regiments of infantry; Fourth regiment cavalry; Twenty-ninth, Thirtieth, Thirty-second and Thirty-third companies of coast artillery; First Eighth, Tenth, Twelfth and Thirteenth batteries of field artillery.

MacArthur is instructed to transfer to other commands all the men in the above organizations in their first enlistment having more than one year 19

CASE WAS DISMISSED.

Polygamist Roberts of Congressional Fame Won in Supreme Court.

SALT LAKE, May 13.—The case against Brigham H. Roberts, who was elected to congress three years ago and who was expelled by the national body after investigation of the charges of polygamy brought against him, was today stricken from the docket by the supreme court.

As a result of the congressional action Roberts was indicted for unlawful cohabitation and the case was submitted to the district court on an agreed statement of facts. Conviction followed and the case was appealed to the supreme court which today dismissed it, today the point being raised that the indictment was defective. It is probable that this is the end of the celebrated case.

MAJOR VOSE REPRIMANDED.

Assumed Too Much Authority in the Philippine Province of Batavia.

MANILA, May 13.—The military officials generally are seconding civil settlements of affairs in the provinces with the notable exception of the province of Batavia, where Major William P. Vose, commanding the Sixth artillery, has sought to enforce his own ordinance to collect taxes and has not authorized a civil government in the province. General MacArthur has ordered Major Vose to cease his unauthorized assumption of authority.

URUGUAY EXCITED.

Every Steamship Watched Last Consignations Should Go to Argentina.

NEW YORK, May 13.—A dispatch to the Herald from Montevideo says: The government has adopted measures to prevent any supplies by the consignations. Every steamship going to Buenos Ayres, Argentina, is being watched by secret agents to prevent the departure of suspicious persons because it is feared that they would prepare a coup d'etat from Argentine soil. The troops and police are being mobilized by the government to meet any insurrection. The country is still excited.

MAY BE YELLOW FEVER.

Stranger From Jacksonville, Florida, Ill at Gardner, Ill.

CHICAGO, May 13.—A special to the Tribune from Springfield, Ill., says: A message received by Dr. J. A. Egan, secretary of the state board of health, from Gardner, Grundy county, stated that a stranger recently arrived from Jacksonville, Fla., was ill at that place with symptoms of yellow fever. Dr. Egan answered that it would be well to keep the suspect under surveillance during developments but says he thinks it probable that the case is dengue.
