DRESS GOODS

World trade in beads has been so good that the demand for all kinds of beads has increased. Among those in the market now are seed beads, hemps, and a variety of metal beads. In the dress goods, there is a decided increase in the quantity of goods available, which is due to the fact that many of the new designs are being produced. The demand for these goods is expected to continue for some time, as the demand for them is increasing daily.

They were doing their best, and in the end, they succeeded, and the problem was solved. The question of whether the situation should be continued or not is still under discussion. If the authorities believe that the situation is not serious enough to warrant further action, then it will be allowed to continue. If not, then action will be taken to remedy the situation.

DIDICK, May 26th, to Australia.

New film is being made for the Australian market.

The film is being produced by a company that has a long history in the film industry. The company has produced many successful films in the past, and this one is expected to be just as successful. The plot of the film is centered around a group of people who are trying to escape from a dangerous situation. The film is expected to be a hit with the audience, and it is hoped that it will be successful enough to make a profit for the company.

The film is being directed by a very experienced director who has directed many successful films in the past. He is known for his ability to bring out the best in his actors, and it is expected that he will do the same in this film. The film is being shot in the most modern and advanced equipment, and it is expected that the quality of the film will be top-notch.
